**Drug Facts (continued)**

**Directions**

- Do not crush, chew, or break tablet.
- Take with a full glass of water.
- Swallow the tablet whole. Do not administer without regard for timing of meals.
- adults and children 12 years of age and over: 1 or 2 tablets every 12 hours. Do not exceed 4 tablets in 24 hours.
- children under 12 years of age: do not use.

**Other information**

- Store at 20° to 25°C (68° to 77°F).

**Warnings**

- for children under 12 years of age.

**Ask a doctor before use if you have**

- asthma, emphysema, chronic bronchitis, or emphysema
- cough accompanied by too much phlegm (mucus)
- cough lasts more than 7 days, comes back, or occurs in fever, red, or painful throat.
- These could be signs of a serious illness.

**Stop use and ask a doctor if**

- you are pregnant or breast-feeding, ask a health care provider about risks of use.
- Keep out of reach of children. In case of overdose, get medical help or contact a Poison Control Center right away.

**Active ingredient (in each extended-release bi-layer tablet):** Guaifenesin 600 mg

**Purpose:** Expectorant

**Uses:** helps loosen phlegm (mucus) and thin bronchial secretions to help you breathe easier and get rid of bothersome mucus and make coughs more productive

**Warnings:**

- for children under 12 years of age
- asthma, emphysema, chronic bronchitis, or emphysema
- cough accompanied by too much phlegm (mucus)
- cough lasts more than 7 days, comes back, or occurs in fever, red, or painful throat.
- These could be signs of a serious illness.

**Stop use and ask a doctor if**

- you are pregnant or breast-feeding, ask a health care provider about risks of use.
- Keep out of reach of children. In case of overdose, get medical help or contact a Poison Control Center right away.

**Ingredients:** guaifenesin base, hydroxypropyl methylcellulose, USP magnesium stearate, NF; microcrystalline cellulose, NF; sodium starch glycolate, NF

**Questions? Ask Mucinex!** (1-800-468-4688)

**Drug Facts**

**Active ingredients**  
(in each extended-release bi-layer tablet)

Dextromethorphan HBr, 30 mg..... Cough suppressant  
Guaifenesin 600 mg.....Expectorant

**Purposes**

- helps loosen phlegm (mucus) and thin bronchial secretions to rid the bronchial passageways of bothersome mucus and make coughs more productive
- temporarily relieves:
  - cough due to minor throat and bronchial irritation as may occur with the common cold or inhaled irritants
  - the intensity of coughing
  - the impulse to cough to help you get to sleep

**Warnings**

**Do not use**

- for children under 12 years of age
- if you are now taking a prescription monoamine oxidase inhibitor (MAOI) (certain drugs for depression, psychiatric or emotional conditions, or Parkinson's disease), or for 2 weeks after stopping the MAOI drug. If you do not know if your prescription drug contains an MAOI, ask a doctor or pharmacist before taking this product.

**Ask a doctor before use if you have**

- persistent or chronic cough such as occurs with smoking, asthma, chronic bronchitis, or emphysema
- cough accompanied by too much phlegm (mucus)

**When using this product**

- do not use more than directed

**Tamper Evident: do not use if carton is open or if pouch is broken or torn**
