To: Interested Parties

From: SCS Global Services

Consultation period: 18 April 2023 - 31 May 2023

Re: Notification of intent to audit **Global Woodchip Trading Co., Ltd** against FSC Chain of Custody Controlled Wood standard FSC-STD-40-005 V3-1

---

The Forest Stewardship Council® (FSC) requires that a certification body conducting an audit of a certified organization or applicant must consult stakeholders whenever the audit includes intent to source and use uncertified material in an FSC Chain of Custody (CoC) program according to the requirements in FSC-STD-40-005 V3-1 “Requirements for Sourcing FSC Controlled Wood”. Therefore, SCS Global Services (SCS) is seeking input from interested and directly affected stakeholders regarding the relevance, effectiveness, and/or adequacy of **Global Woodchip Trading Co., Ltd** Due Diligence System (DDS).

An explanation of ‘FSC Controlled Wood’, as well as a copy of FSC-STD-40-005 V3-1, is available here: <https://ic.fsc.org/en/certification/types-of-certification/controlled-wood-02> ; a copy of this standard is also available from SCS upon request.

Due Diligence Systems are required for certified organizations in order to avoid the sourcing and use of material originating from unacceptable sources in their FSC CoC program.

Directly affected stakeholders include any person, group of persons, or entity that is, with high probability, subject to the effects of the activities related to an organization’s controlled wood sourcing program, including the activities of their suppliers and sub-suppliers, as well as those who influence risk identified through the organization’s Due Diligence System.

***This letter serves as SCS’ invitation to directly affected stakeholders to participate in our consultation process. This letter also serves as SCS’ public notification for any interested stakeholders, who are also invited to participate in the consultation process. Participation in this stakeholder consultation process is voluntary; stakeholders are not required to submit comments.***

#### **Scope of audit and audit details:**

The audit will assess the conformity of the organization’s controlled wood program – including Risk Assessment(s) and DDS – according to the certification requirements as per FSC-STD-40-005 V3-1.

The company’s DDS Public Summary and Risk Assessment (excluding confidential information), as well as any other information or documents deemed relevant for the purpose of this stakeholder consultation, are included as appendices to this letter—see below. For a list of the information that is required to be publically available for stakeholder consultation by SCS, see FSC-STD-40-005 V3-1, Section 6.

**Additional certificate holder information:**

Global Woodchip trading Co., Ltd. has 3 distinctive business units; nursery, woodchip and biomass. The scope of the FSC Controlled Wood certificate scope is only for the woodchip unit. The organization produces Eucalyptus woodchip and fiberboard from many farmers who cultivate Eucalyptus trees on their own land. The organization have used a centralized national risk assessment covering Thailand as the district of origin. Global Woodchip Trading Co., Ltd. has a warehouse and storage, and acting as a sales point for all mills. Within 16 mills, 15 mills are woodchip manufacturers and only one mill produce fiberboard while another site is a sales & marketing office named Shaiyo AA as the other selling arms. All facilities use the same software systems and have quality systems that have been developed at the regional level. They are holding a multi-site certificate covers the production and trade of woodchips and fiberboard using the transfer system. It also covers a DDS for the control of wood sourced from East and Northeast regions of Thailand; and the sale of FSC Controlled Wood.

Currently they have purchase in Northeastern region and Eastern region of Thailand. In this 2023 surveillance audit would like to increase the area in the purchase of wood chips to add in the Central Region and the Northern Region of Thailand.
