Instructions

What is Consumer's Use Tax? - Use tax is imposed on the storage, use, or consumption of tangible personal property in this state. You must pay consumer's use tax on tangible personal property stored, used, or consumed in Missouri unless you paid tax to the seller or the property is exempt from tax. If an out-of-state seller does not collect use tax from the purchaser, the purchaser is responsible for remitting the use tax to Missouri. A purchaser is required to file a use tax return if the cumulative purchases subject to use tax exceed \$2,000 in a calendar year. Use tax is computed on the purchase price of the goods. Please refer to the Department's website for additional information: dor.mo.gov/taxation/individual/tax-types/consumers-use.html.

Taxable Purchases - Compile a list of all purchases you made during the calendar year and didn't previously pay Missouri sales or use tax. You can find this information from invoices, bills, credit card statements, and canceled checks. Examples are purchases you made from the Internet, catalogs, food purchases, TV, or telephone marketing, goods from foreign countries, and aircraft. The total of all purchases during the year that were not previously taxed must be used in computing the amount of use tax due.

Due Date - The due date each year is April 15. When the due date falls on a Saturday, Sunday, or a legal holiday, the return and payment are considered timely if made on the next business day.
