Form MO-1041

Filing Information

General Information

This information is for guidance only and does not state the complete law.

Who Must File Form MO-1041

A return must be filed by the following:

1. Every resident estate or trust that is required to file a Federal Form 1041.
2. Every nonresident estate or trust that has any taxable income from sources within Missouri or gross income of \$600 or more from sources within Missouri.

Definition of Resident Estate or Trust

A Resident Estate or Trust is: 1) The estate of a decedent who at his or her death was domiciled in this state; or 2) A trust that was created by a will of a decedent who at his or her death was domiciled in this state, and has at least one income beneficiary who, on the last day of the taxable year, was a resident of this state; or 3) A trust that was created by, or consisting of property of, a person domiciled in this state on the date the trust or portion of the trust became irrevocable, and has at least one income beneficiary who, on the last day of the taxable year, was a resident of this state.

When and Where to File

Calendar year taxpayers must file no later than April 18, 2023. Late filing will subject taxpayers to charges for interest and additions to tax. Fiscal year filers must file no later than the 15th day of the fourth month following the close of their taxable year. When the due date falls on a Saturday, Sunday, or legal holiday, the return and payment will be considered timely if filed on the next business day. Please mail the return to: Department of Revenue, P.O. Box 3815, Jefferson City, MO 65105-3815.

Rounding on Missouri Returns

Rounding is required on your tax return. Zeros have been placed in the cents columns on your return. For 1 cent through 49 cents, round down to the previous whole dollar amount. For 50 cents through 99 cents, round up to the next whole dollar amount.

Example: Round \$32.49 down to \$32.00. Round \$32.50 up to \$33.00.

Tax Payments

Currently the State of Missouri does not accept electronic payments for the MO-1041. Please mail your check or money order to the address provided on the return.

Extension of Time to File

You are not required to file an extension if you do not expect to owe additional Missouri fiduciary tax or if you anticipate receiving a refund. If you wish to file a Missouri extension, and do not expect to owe Missouri fiduciary tax, you may file an extension by filing Form MO-60, Application for Extension of Time to File.

If you receive an extension of time to file your federal fiduciary tax return, you will automatically be granted an extension of time to file your Missouri fiduciary tax return, provided you do not expect to owe any additional Missouri fiduciary tax. Attach a copy of your federal extension (Federal Form 7004) with your Missouri fiduciary tax return when you file.

If you expect to owe Missouri fiduciary tax, file [Form MO-60](#) with your payment by the original due date of the return.

Remember: An extension of time to file does not extend the time to pay. A 5 percent addition to tax will apply if the tax is not paid by the return's original due date.

Report of Changes in Federal Taxable Income

If the taxpayer's federal taxable income for any taxable year is changed, the taxpayer must report the change to Missouri by filing an amended Missouri return within 90 days after the final determination of such change. When filing an amended federal return you must file an amended Missouri return within 90 days of the federal change. The taxpayer will be subject to interest and additions to tax charges if additional tax is owed to Missouri.

Amended Return

To file an amended Missouri return, use Form MO-1041 and check the box at the top right of the form. Complete the entire return using the corrected figures. Attach a statement giving the reason for the amended return and enclose a copy of the federal change(s) and the federal amended return.

Missouri Tax Treatment of Qualified Funeral Trusts

The calculation of the Missouri tax liability for a qualified funeral trust is the same as the federal computation. If the composite return box on Federal Form 1041 QFT is marked, the tax of each funeral trust is determined on a separate basis, disclosed on an attached schedule and then combined on the Missouri return resulting in a composite filing. The schedule used to calculate the Missouri income tax must be attached to the return when it is filed.

Electing Small Business Trust (ESBT)

The income earned by an ESBT must be reported on the Missouri return and tax paid accordingly. ESBT income is reported on the return as if it was regular income; however, the deductions are limited to only offset ESBT income and cannot be used to reduce other income. A separate schedule must be attached to the return to show the ESBT income and deductions. The Missouri taxable income, Form MO-1041, Line 10, must include the ESBT income, including subtractions and additions. The ESBT income is taxed at the same rate as all other income for a trust.

If during 2022 the taxpayer sold a federally subsidized (HUD) low income housing project to a nonprofit or governmental organization, and at least 40 percent of the units are occupied by persons of families having income of 60 percent or less of the median income, the taxpayer may exclude from Missouri tax 25 percent of the capital gain that is taxable at the fiduciary level. However, the buyer of the property must agree to preserve or increase the low-income occupancy of the project. To use this exclusion, enter on Line 3 for residents or on Form MO-NRF, Page 2, Part 5, Line 7 for nonresidents, 25 percent of the capital gain reported on your Federal Form 1041. Example 1: From Federal Form 1041, Line 17 equals \$1,000, Line 18 equals \$1,000 and Line 21 equals \$100. On Form MO-1041, Line 1 equals \$0 and Line 8 equals \$200. The allowable exemption would be \$100.

Example 2: From Federal Form 1041, Line 17 equals \$1,000, Line 18 equals \$950 and Line 21 equals \$100. On Form MO-1041, Line 1 equals \$0 and Line 8 equals \$200. The allowable exemption would be \$50.

To determine the allowable tax credit, complete Form MO-CR, Credit for Income Taxes Paid to Other States or Political Subdivisions.

Note: Please attach Form MO-CR and a copy of the other state's tax return with your Missouri return. The credit for income taxes paid to other state, will not be allowed if the other state's tax return is not enclosed.

Instructions for Completing Form MO-CR

The taxpayer must complete the Missouri return, Lines 1 through 11 before beginning [Form MO-CR](#)

Line 1 — Enter amount from Line 10 of Form MO-1041

Line 2 — Enter amount from Line 11 of Form MO-1041

Line 7 — Enter the Taxable Income or Net Income on which you were required to pay a state income tax to another state and which is also subject to Missouri income tax.

Line 8 — Divide Line 7 by Line 1. If greater than 100%, enter 100%. (Round to whole percent such as 91% instead of 90.5% and 90% instead of 90.4%. However, if percentage is less than 0.5%, use the exact percentage.) Enter percentage on Line 8.

Line 9 — Multiply Line 2 by percentage on Line 8 and enter amount on Line 9.

Line 10 — Enter your income tax liability as reported on the other state(s) income tax return. This is not income tax withheld. Your income tax liability must be reduced by all credits, except withholding and estimated tax. If the other state allows Missouri residents to take a credit against that state's income tax for the amount of Missouri income tax prior to the application of all tax credits, then you do not need to reduce your tax liability by all credits for that state. Also add on this line the following item:

- The pro rata share of pass-through entity level income tax actually paid to another state of the United States or the District of Columbia through a program substantially similar to the Missouri SALT Parity Act.

Line 11 — Enter the smaller amount from Form MO-CR, Line 9 and Line 10. This is your

Missouri resident credit. Enter this amount on Form MO-1041, Line 12. (If you have multiple credits, add the amounts on Line 11 from each Form MO-CR.) Your total credit cannot exceed the tax paid to the other state(s) or the percent of tax due to Missouri on that part of your income.

The cumulative amount of credit reported on MO-1040, Line 31Y and 31S cannot exceed the Missouri tax liability.

Line 13 — Balance

Tax on Lump Sum Distribution: If during 2022 the taxpayer received a lump sum, not otherwise included in the federal taxable income, the taxpayer may be required to file Federal Form 4972. The estate or trust is subject to the tax if it was a resident estate or trust of Missouri. To calculate the Missouri tax on a lump sum distribution, multiply the amount on Federal Form 1041, Schedule G, Line 1b by 10 percent (.10) and enter the result

The fiduciary **must sign** the Form MO-1041, Missouri Fiduciary Income Tax Return. The return is not considered valid unless signed.

What to Attach to the Missouri Return Before Mailing

Please attach a list of all beneficiaries, including their home address (required to verify residency), a copy of the federal return and supporting schedules, a copy of Form MO-60 (if filed) or federal extension, any information requested in the instructions for verification of line amounts and a payment for amount due on Line 23, (if applicable).

Part 1: Missouri Fiduciary Adjustment

Line 1 — Enter the amount of state and local income taxes deducted on Federal Form 1041, Line 11. The line numbers for taxes used as a deduction will differ on other federal forms.

Line 2 — Enter the amount of any Kansas City or St. Louis earnings taxes included in Line 1.

Line 3 — Enter total of Line 1 less Line 2.

Line 4 — If the estate or trust received income from an obligation of a state or political subdivision of a state other than Missouri, enter the amount of that income.

Line 5 — Enter the amount of related expenses incurred on Line 4 if the expenses are over \$500 or more. If expenses exceed amount on Line 4, then enter figure from Line 4.

Line 6 — Enter the total of Line 4 less Line 5. This line cannot be less than zero.

Line 7 — Enter positive adjustments (additions) reported from partnerships, fiduciaries, and S corporations. The partnership, fiduciary, or S corporation must notify you of the amount of any such adjustment (addition) to which you are entitled. Check the appropriate box. If other box is checked, enter the description on the line provided. Attach a copy of the information for verification of the addition.

Line 8 — Food Pantry Contributions — If the estate or trust is claiming the Food Pantry Tax Credit, (**Form MO-FPT**) and the donations are included as an itemized deduction on the Federal Schedule A, report the amount of the donations, as noted on Line 8a of Form MO-FPT.

Line 9 — Nonresident Property Tax — If the estate or trust is a nonresident and includes property tax paid to another state or political subdivision on its federal return, enter the total nonresident property taxes included on Federal Form 1041, Line 11.

Line 10 — Enter the sum of Lines 3, 6, 7, 8, and 9.

Line 11 — Interest from direct obligations of the U.S. Government, such as U.S. savings bonds, U.S. treasury bills, bonds and notes are exempt from state taxation under

the laws of the United States. Attach a detailed list or all Federal Form 1099(s). Fiduciaries who claim exclusion for interest for direct U.S. obligations must identify the specific securities owned, (e.g., U.S. savings bond.) A general description such as "interest on U.S. obligation or "U.S. Government securities" is not acceptable. (See 12 CSR 10-2.150 for the taxability of various U.S. Government-related obligations.) Failure to identify the security will result in the disallowance of the deduction.

A federally taxed distribution received from a mutual fund investing exclusively in direct U.S. Government obligations is exempt. If the mutual fund invests in both exempt (direct) and nonexempt (indirect) federal obligations, the deduction allowed is the distribution received from the mutual fund attributable to the direct U.S. Government obligations, as determined by the mutual fund. Attach a copy of the year-end statement received from the mutual fund showing either the amount of monies received or the percentage of funds received from direct U.S. Government obligations, or a summary statement received from the mutual fund which clearly identifies the exempt and non-exempt portions of the U.S. Government obligation interest. The statement does not need to list each obligation separately. Failure to attach the requested document will result in the disallowance of the deduction.

Line 12 — To determine the amount of related expenses for Line 11, the taxpayer may use actual expenses or a reasonable estimate. In general, the taxpayer should use the same or similar method used to compute related expenses for federal income tax purposes, provided that the method reasonably reflects related expenses for Missouri-exempt income.

If a fiduciary fails to compute reasonable related expenses, the Director of Revenue will make an adjustment based on the information available. If sufficient information is not made available, the Director of Revenue will use the following formula to compute related expenses.

The principal expense item in this formula is interest expense; however, the Director of Revenue may include other expense items because of their direct relationship to the production of exempt income. The fiduciary may propose an alternative method provided that it properly reflects the amount of related expenses.

$$\frac{\text{Exempt Income}}{\text{Total Income}} \times \text{Expense Items} = \text{Reduction to Exempt Income}$$

Line 13 — Enter the total of Line 11 less Line 12.

Line 14 — Enter the amount of any state income tax refund included in your federal taxable income on Form MO-1041, Line 1.

Line 15 — Enter negative adjustments (subtractions), reported from partnerships, fiduciaries, and S corporations. The partnership, fiduciary, and S corporation must notify you of the amount of any such adjustment (subtraction) to which you are entitled. Check the boxes applicable on Line 15 and enclose a copy of the notification received. Failure to attach a copy of the notification furnished to you will result in the disallowance of the modification.

Federal Broadband Grant Income Tax Subtraction. If you received grant money disbursed from a federal, state, or local Missouri program, for the express purpose of providing or expanding broadband internet to areas of Missouri that are deemed to be lacking such access, you may qualify to

subtract 100 percent of the grant money received. The grant money must have been included in your federal taxable income and received on or after January 1, 2022. Attach the Form 1099-G issued to you validating the grant money received, grant documents that indicate the area of Missouri was deemed to be lacking broadband internet access, a copy of federal Form 1041, and applicable schedule(s). The amount reported cannot exceed your federal taxable income. To claim the subtraction for a tax year beginning in 2022, you may file an amended return.

Marijuana Business Deduction. Enter the amount of any expenditure that is eligible to be claimed as a federal income tax deduction but is disallowed by section 280E of the Internal Revenue Code.

Calculating this deduction, you must provide a financial statement/federal schedule(s) for business profit or loss that the federal government was unable to allow as a deduction for marijuana business, as marijuana is a controlled substance under federal law.

The Missouri deduction will be the difference between the profit/loss as calculated on the schedule(s) filed with the federal return and the pro forma schedule(s) described above.

You must submit the financial statement, schedule(s), the medical license number (MED) and all federal schedule(s) with your Missouri Form MO-1041 to claim the deduction.

Line 16 — Depreciation Adjustment: If the taxpayer purchased an asset between July 1, 2002, and June 30, 2003, and they elected to use the 30 percent depreciation on their federal return; the taxpayer may be able to subtract a portion of the depreciation. Enter the additional depreciation created by the Job Creation and Worker Assistance Act previously added back in prior years to the extent allowable by Missouri Law ([143.121, RSMo](#)). This amount is computed by figuring the allowable depreciation expense prior to the Job Creation and Worker Assistance Act less the depreciation taken on the federal return. More information and examples can be found on the Department of Revenue's website at [dor.mo.gov/pdf/depreciation_examples.pdf](#).

Line 17 – Agriculture Disaster Relief: Enter the amount of payment received from a program that provides compensation to agricultural producers that have suffered a loss as a result of a disaster or emergency. This amount must be included in your Federal Taxable Income. Attach a copy of the Form 1099, Federal Schedule F, and Federal Schedule K-1 if applicable, indicating the payment amount. Failure to do so will result in the disallowance of the subtraction.

Line 18 — Enter the sum of Lines 13, 14, 15, 16, and 17.

Lines 19 and 20 — Subtract Line 18 from Line 10. If a positive figure, enter the total on Line 19 (net addition). If a negative figure, enter the total on Line 20 (net subtraction). Enter the total from either Line 19 or Line 20 in Part 2, Column 6, Totals Row.

Column 1 — Enter the name of each beneficiary, if a distribution was made.

Column 2 — Mark the box if the beneficiary is a nonresident of Missouri.

Column 3 — Enter the beneficiary's social security number.

Column 4 — Enter the beneficiary, charitable beneficiary, estate or trust's percentage of the distributable net income.

Column 5 — Enter the beneficiary, charitable beneficiary, estate or trust's share of the distributable net income. Share of distributable net income is determined by multiplying the amount from the Total Row by the percentage in Column 4 for each row.

Column 6 — Enter the beneficiary, charitable beneficiary, estate or trust's share of the Missouri fiduciary adjustment. Share of Missouri fiduciary adjustment is determined by multiplying the amount from the total row by the percentage in Column 4 for each row.

Enter the amount on the Estate or Trust Row on Form MO-1041, Line 5 (subtraction) or Line 7 (addition).

The amount after each name is to be reported as an adjustment, either as an addition or subtraction, from the federal adjusted gross income. A copy of this part (or its information) must be provided to each beneficiary.
