Dear José:

Gregory Rabassa just sent me a warm letter praising you in fulsome terms. After apologizing for not responding earlier, he asked me for your address because he wants to contact you directly. I have taken the liberty of supplying it. You should know that Greg is particularly impressed by your adherence to your principles, and mentions specifically your prescience in the matter of Nicanor Parra.

Fond regards to you and Phyllis. Hope your summer is going well.

Yours sincerely,

Peter B. Goldman
