Dear Professor Ferrater-Mora:

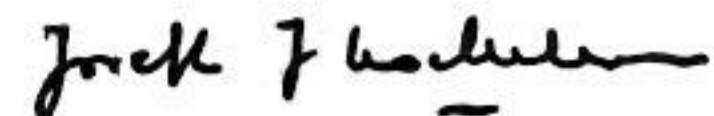

Thank you very much for your letter of November 17 and Montero's essay on phenomenology. I have forwarded the article to Reidel; it will appear in the first or second issue of Volume II, depending upon the distribution of space by the editor.

I am very much looking forward to the Deaño's article which in my opinion deals with an extremely interesting subject. We hope to publish it at the first possible date after the Montero essay appears which, by the way, is very good, too.

We have had several compliments on our Spanish articles to date. The credit for their excellence (as choices) must go to you for your highly reliable evaluations of the works submitted. Thank you for all the work you are doing for the journal.

Until later. Best wishes for continued success in your work.

Cordially,

Joseph J. Kockelmans
