

**Anju Peters, MD MSCI FAAAAI**

Speaker Biography

Anju T. Peters, MD, MS is a Professor in the Department of Medicine. She graduated from University of Michigan Medical School and completed an internal medicine residency followed by a fellowship in Allergy-Immunology at Northwestern University Feinberg School of Medicine. She currently serves as the Director of Clinical Research in the Division of Allergy-Immunology, the Medical Director of the Northwestern Medicine Clinical Research Unit, and the Director of the Center for Clinical Research at the Northwestern University Clinical and Translational Sciences Institute.

Anju Peters has focused her research on the field of chronic rhinosinusitis and its associated comorbidities including allergic rhinitis, asthma and immunodeficiencies. She has published extensively in these areas and is currently involved in translational research and clinical trials in asthma and chronic rhinosinusitis.

Dr. Peters practices as an allergist in the Division of Allergy-Immunology and in the Sinus and Allergy Center of Northwestern University.

In her spare time, she enjoys exploring Chicago neighborhoods with her husband and three daughters in search of good restaurants and cafes.
