 - a. **"Public records"** means "all writings made, maintained, or kept by the state or any agency, institution, ... or political subdivision ... for use in the exercise of functions required or authorized by law or administrative rule or involving the receipt or expenditure of public funds." C.R.S. § 24-72-202(6). Criminal justice records are not included in this definition.

Policies and Procedures

- A. **Request:** Unless otherwise named by the Board of County Commissioners, the Communications Department Executive Director, hereinafter referred to as the ("Director"), or his/her designee, is the official custodian of all records that the County maintains, unless otherwise prescribed by law. Department heads are the actual, physical custodians of all records maintained within their departments. It is the responsibility of each department head to become familiar with and to educate his/her affected employees about the standards and requirements of this policy.

The Director's designee may be reached at: (719) 520-6403 during normal business hours.

If such request relates to producing a media story, it should be referred to the Director to determine if the documents requested can be provided outside of a CORA request.

All CORA requests must be formally submitted before processing. Requests can be filed through e-mail to the Director or his/her designee, or through other common communication methods as outlined on the County's website.

The County will respond to requests made pursuant to CORA within three (3) working days after the date of receipt unless extenuating circumstances apply. If extenuating circumstances apply, then the custodian of the records will notify the requester, in writing, that access for inspection or delivery may be delayed pursuant to C.R.S. §24-72-203(3)(b).

- B. **Inspection of public records:**
 1. In order to safeguard the integrity of the County's records, the custodian of the

2. Please note the County may require that members of the public be allowed to inspect only copies of documents when the custodian of records determines that allowing access to originals could interfere with the regular discharge of duties of the County or its staff or production of original records could jeopardize the condition of the requested records.

3. Requestors who have not come in to view the requested information within ten (10) working days of being notified that the records are available for review will be required to submit a new public records request.

4. If fees are charged pursuant to Section D of this policy, then transmittal of the requested records shall occur only after payment, or an acceptable payment arrangement, is made.
