

Standardized Parent Company Names for TRI Reporting

This alphabetized list of TRI Reporting Year (RY) 2009 Parent Company names is provided here as a reference for facilities filing their RY 2010 reports using paper forms. For RY2010, the Agency is emphasizing the importance of accurate names for Parent Companies. Your facility may or may not have a Parent Company. Also, if you do have a Parent Company, please note that it is not necessarily listed here.

Instructions

Search for your standardized company name by pressing the CTRL+F keys. If your Parent Company is on this list, please write the name exactly as spelled and abbreviated here in Section 5.1 of the appropriate TRI Reporting Form. If your Parent Company is not on this list, please clearly write out the name of your parent company. In either case, please use ALL CAPITAL letters and DO NOT use periods.

Please consult the most recent TRI Reporting Forms and Instructions (http://www.epa.gov/tri/report/rfi/ry2010rfi_010511.pdf) if you need additional information on reporting for reporting Parent Company names.

**Find your standardized company name on the alphabetical list below,
or search for a name by pressing the CTRL+F keys**

Standardized Parent Company Names for TRI Reporting

This TRI Parent Company file was developed to provide a consistent list of US parent companies for TRI reporting. To facilitate the aggregation of TRI facility-level information to the associated parent company, each company needs to be referenced consistently by the same name. Filers often submit names with small variations that make aggregation at the company level challenging. The “Standardized Parent Co Names” file was developed by standardizing the self-submitted parent company names through a series of global changes:

- Eliminate all periods and commas
- Replace commonly used acronyms and abbreviations according to the table below

Standardization Rules	
Replace AND with &	Replace LIMITED with LTD
Replace CORPORATION with CORP	Replace LP with LP
Replace ASSOCIATION with ASSOC	Replace LIMITED LIABILITY COMPANY with LLC
Replace COMPANY with CO	Replace LIMITED LIABILITY CO. with LLC
Replace COMPANIES with COS	Replace NA with NORTH AMERICA
Replace DIVISION with DIV	Replace PARTNERSHIP with PTNR
Replace INCORP with INC	Replace U.S.A. with USA
Replace INCORP. with INC	Replace U.S.A with USA
Replace INCORPORATED with INC	Replace U S A with USA
Replace INCORPERATED with INC	Replace UNITED STATES OF AMERICA with USA
Replace LIMITED PARTNERSHIP with LP	Replace UNITED STATES with US

After the global changes were made, manual edits were made, focusing on improving the consistency of several items:

- Corporate initials (Zurn Industries PLC vs Zurn Industries)
- Misspellings (Taiheiyo Cement vs Taihieyo Cement)
- Hyphenation (Trans-Matic vs TransMatic)
- Spacing (JR Simplot vs J R Simplot)
- Acronyms (GE vs General Electric)

Most often, inconsistencies were corrected by using the most common formal name in the TRI dataset. When the formal name was in question, internet research on the company was conducted to find the name.

Finally, companies involved in mergers and acquisitions, such as the acquisition of Rohm and Haas Company by The Dow Chemical Company, have been updated so that this list only includes the US domestic parent company.
