Message to Selection/Hiring Committee: Please review the UA Employment Reference Guiding Principles before conducting reference checks. Reference checks should be conducted by the direct supervisor whenever possible. References should only be collected for applicants who have been selected as finalists, and the same reference form should be utilized for all finalists. Additional questions may be added to the skills and abilities table (below), and those questions should be uniformly asked of the references for all finalists in the recruitment. Record all responses and save this and other documents pertaining to the recruitment for 3 years from the date of hire for the chosen finalist. If contacting the 3 provided professional references for a finalist is not possible, HR recommends asking the finalist to provide alternate contacts or updated contact information for references. If you receive information regarding a finalist that creates concern and need guidance on how to move forward, please immediately reach out to the HR Recruitment & Outreach team.
