

# ANGELS

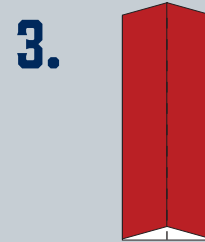

# ORIGAMI POLO SHIRT

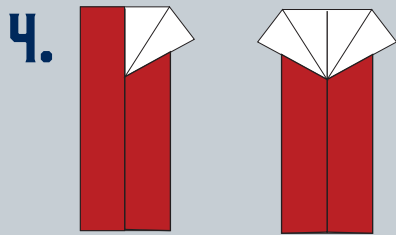

Start with a rectangular sheet of paper (8.5" x 11"). You can print out the next page for a A Logo polo.

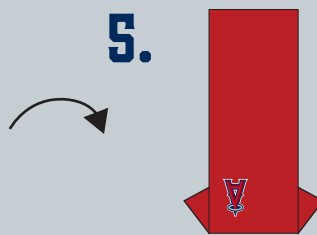

Fold it in half lengthwise and unfold. This gives you a central crease down the middle of the sheet.

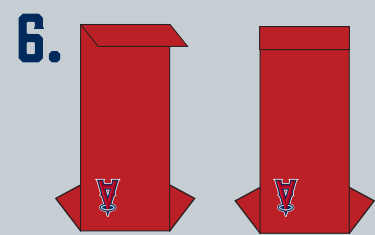

Fold the left and right edges of the sheet towards the middle line. Be sure not to overlap the edges.

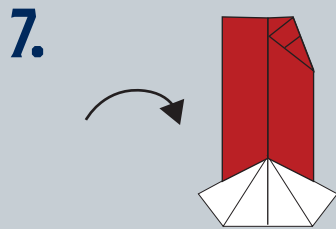

Fold the right flap out towards the right side.  
Repeat of the left side. This forms a "V" shape.

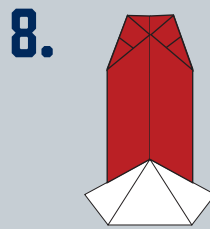

Flip over and turn upside down so the V shape is closest to you.

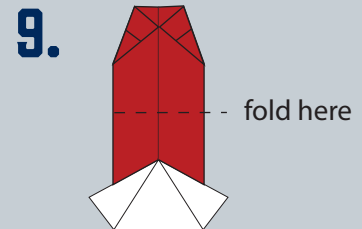

Fold horizontally (about one inch) of the top edge down towards you.

Flip the paper again so the "V" is now facing up. Fold the right corner of the paper towards the middle crease.

Repeat with the left side: fold the top left corner towards the center allowing the two corners to meet in the middle.

Bring the bottom of the paper up, fold along the dotted line, and slide it under the collar.

Enjoy your Angels Polo!
