

The banner features a dark blue background with five spotlights at the top. A white banner is suspended across the center, displaying logos of the Department of Science & Technology, DST NIDHI, and IIHMF Prayagraj. The main text on the banner reads 'IIHMF Prayagraj' followed by 'INTERNSHIP ANNOUNCEMENT' in large, bold, black letters. Below this, it states 'We are Looking for the best talents to join us as:' and lists two internships: 'Biomedical Intern' and 'Design Intern'. It also provides details on the number of internships, application process, benefits, and the application deadline.

JD for Internship at IIHMF Prayagraj

About IIHMF:

Innovation and Incubation Hub MNNIT Foundation (IIHMF) is a dynamic platform within Motilal Nehru National Institute of Technology Allahabad, dedicated to fostering innovation, research, and entrepreneurship. With a focus on supporting startup ecosystems, IIHMF provides an inspiring environment for individuals to transform ideas into impactful solutions.

Position: Intern - Biomedical Engineering

No. of Position for Biomedical Intern: 01

Position Overview:

IIHMF is seeking a highly motivated and talented intern in the field of Biomedical Engineering to contribute to our research and innovation initiatives. The ideal candidate should possess a strong research background, an innovative mindset, and a keen interest in working within the startup ecosystem.

Responsibilities:

- Conduct research in the field of Biomedical Engineering, with a focus on innovative solutions.
- Collaborate with mentors and industry experts to contribute to ongoing projects.
- Engage in ideation, prototyping, and testing of biomedical devices and technologies.
- Stays updated on the latest advancements in the field and propose innovative ideas.
- Participate in workshops, seminars, and networking events within the startup community.

Qualifications:

- PhD in Biomedical Engineering (Completed or Pursuing).
- Strong research background with a track record of publications and projects.
- Innovative mindset and a passion for contributing to the startup ecosystem.
- Excellent communication and collaboration skills.
- Ability to work independently and as part of a team.

Job Title: Intern - Content, Multimedia, and Web Design

No. of Position for Design Intern: 01

Education Qualification:

- Candidate must be well-versed in content designing, multimedia designing, and web designing.
- Pursuing or recently graduated with a degree in a relevant field (e.g., Graphic Design, Multimedia Arts, Web Development, etc.).

Responsibilities:

- Collaborate with the IIHMF team to conceptualize and create engaging and innovative content for various platforms.
- Design multimedia elements, including but not limited to videos, animations, and interactive presentations.
- Develop and maintain the visual identity of IIHMF across web platforms.
- Assist in the creation and updating of website content, ensuring a seamless and user-friendly experience.
- Work closely with team members to understand project requirements and deliver high-quality design solutions.
- Stay updated on industry trends and incorporates best practices into design projects.

Internship Details:

- Tenure: 2.5 months
- Expected Completion Date: 31st March 2024

Perks and Incentives:

- Certificate of Completion from IIHMF, MNNIT Foundation.
- Appreciation Letter highlighting key contributions during the internship.
- Incentives based on performance.

How to Apply:

Interested candidates are invited to submit their CVs by the deadline of 17th January 2024. Please send your CV along with a brief cover letter highlighting your research experience, innovation mindset, and interest in the startup ecosystem to iihmf2022@gmail.com and cc to krs.vivek88@gmail.com

Note: Both completed and pursuing PhD candidates in Biomedical Engineering are eligible to apply for Biomedical Intern and any degree is eligible for Design intern. Only shortlisted candidates will be contacted for further interviews. Tentative date for internship interview will be on 19th January 2024.

Join IIHMF and be a part of a vibrant community dedicated to transforming groundbreaking ideas into reality!
