(57) **CLAIM**

The ornamental design for a computing device display screen with graphical user interface for a food service review system, as shown and described.

DESCRIPTION

The sole FIGURE is a front view of the computing device display screen with graphical user interface for a food service review system showing the new design. The broken lines showing an electronic device illustrate environmental subject matter and form no part of the claimed design. The broken lines showing a display screen and elements of the graphical user interface illustrate portions of the article that form no part of the claimed design.

1 Claim, 1 Drawing Sheet
