A portion of the disclosure of this patent document contains material which is subject to copyright protection. The copyright owner has no objection to the facsimile reproduction by anyone of the patent document or patent disclosure, as it appears in the Patent and Trademark Office patent file or records, but otherwise reserves all copyright rights whatsoever.

FIG. 1 is a front view of a display screen or portion thereof, showing our new design in a first embodiment; and, FIG. 2 is a front view of a second embodiment thereof.

The broken lines in the drawings are for illustrating environmental structure only and form no part of the claimed design.

The outermost broken lines in the figures show a display screen or portion thereof and form no part of the claimed design. The other broken lines in the figures show portions of the graphical user interface that form no part of the claimed design.
