# MONEY

**PENNY**

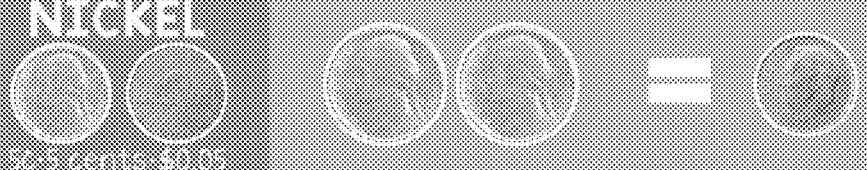

1¢ - 1 cent - \$0.01

A diagram illustrating the equivalence of 10 pennies to 1 dime. On the left, the word "PENNY" is written above two small circles representing pennies. Below them is the text "1¢ - 1 cent - \$0.01". To the right, there are ten small circles arranged in two rows of five, representing ten pennies. An equals sign follows, and then a single larger circle representing a dime.

**NICKEL**

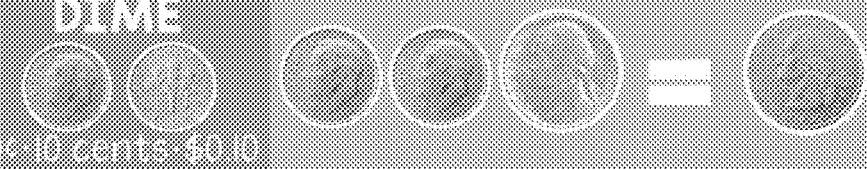

5¢ - 5 cents - \$0.05

A diagram illustrating the equivalence of 2 nickels to 1 dime. On the left, the word "NICKEL" is written above two small circles representing nickels. Below them is the text "5¢ - 5 cents - \$0.05". To the right, there are two larger circles representing two nickels. An equals sign follows, and then a single larger circle representing a dime.

**DIME**

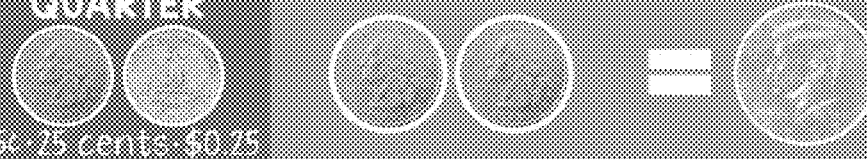

10¢ - 10 cents - \$0.10

A diagram illustrating the equivalence of 3 dimes to 1 quarter. On the left, the word "DIME" is written above two small circles representing dimes. Below them is the text "10¢ - 10 cents - \$0.10". To the right, there are three larger circles representing three dimes. An equals sign follows, and then a single larger circle representing a quarter.

**QUARTER**

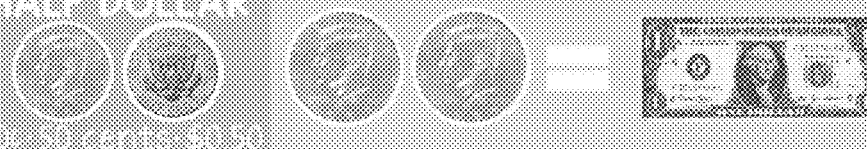

25¢ - 25 cents - \$0.25

A diagram illustrating the equivalence of 2 quarters to 1 half dollar. On the left, the word "QUARTER" is written above two small circles representing quarters. Below them is the text "25¢ - 25 cents - \$0.25". To the right, there are two larger circles representing two quarters. An equals sign follows, and then a single larger circle representing a half dollar.

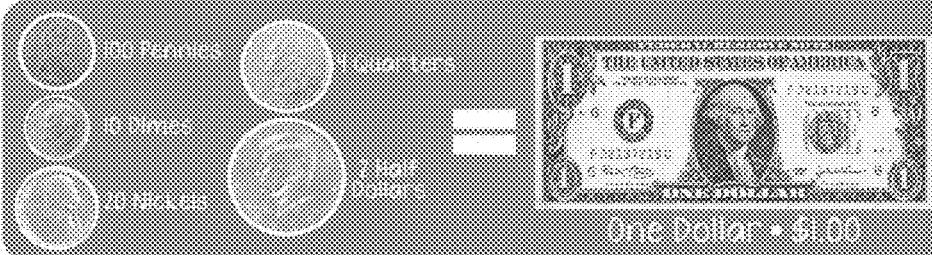

**HALF DOLLAR**

50¢ - 50 cents - \$0.50

A diagram illustrating the equivalence of 2 half dollars to 1 dollar bill. On the left, the word "HALF DOLLAR" is written above two small circles representing half dollars. Below them is the text "50¢ - 50 cents - \$0.50". To the right, there are two larger circles representing two half dollars. An equals sign follows, and then a rectangular image of a one-dollar bill.

## HOW MANY MAKE ONE DOLLAR?

100 Pennies = 10 Dimes = 10 Nickels = 1000 Halves = 4 Quarters = 2 Half Dollars = One Dollar = \$1.00

A diagram showing various combinations of coins that equal one dollar. On the left, there are four rows of coin icons: a row of 100 small circles (pennies), a row of 10 larger circles (dimes), a row of 10 larger circles (nickels), and a row of 10 larger circles (half dollars). To the right of these is an equals sign, followed by a row of four larger circles (quarters), another equals sign, and a row of two larger circles (half dollars). To the right of these is another equals sign, followed by a rectangular image of a one-dollar bill. Below the bill is the text "One Dollar = \$1.00".
