(54) Title: METHOD AND SYSTEM FOR SELECTING ACTIONS TO BE TAKEN BY A SERVER WHEN UPLOADING IMAGES

(57) Abstract: A method and system (10) for allowing a user to select actions to be taken by a server (18) when uploading images from a hand-held image capture device (12) is disclosed. The method and system include storing action list on the image capture device (12) that includes one or more items representing actions that the server should take with respect to upload images. After the user initiates an image upload process, the action list is displayed to the user on the image capture device (12) for user selection. After the user selects at least one of the items in the action list, the images and the selects action list item are sent to the server, and the server performs the specified action on the uploaded images.
