[57] CLAIM

The ornamental design for a three-dimensional formed and perforated film having a geo-flower design therein, as shown and described.

DESCRIPTION

FIG. 1 is a top perspective view of a three-dimensional formed and perforated film having a geo-flower design therein showing my design;

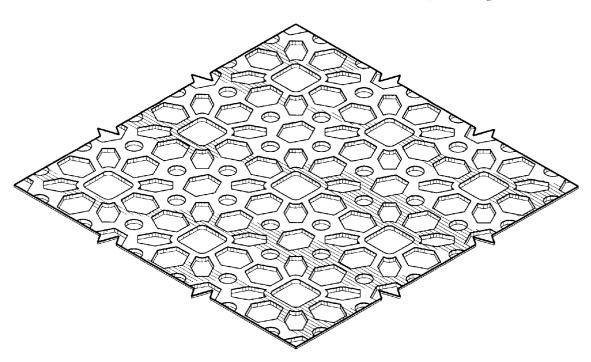

FIG. 2 is a top plan view thereof;

FIG. 3 is a front elevational view thereof, which is a mirror image of the rear side elevational view thereof;

FIG. 4 is a right side elevational view thereof, which is a mirror image of the left side elevational view thereof; and, FIG. 5 is an enlarged cross-sectional view taken about the sectional lines 5—5 from FIG. 2.

The sides of the three-dimensional formed and perforated film having a geo-flower design therein have been shown broken away in FIGS. 1–5 to indicate indeterminate length.
