The regulations governing imports of hazardous waste into the United States from non-OECD countries are found at 40 CFR Part 262, Subpart F (40 CFR Part 262, Subpart H, for OECD countries). Would shipments of hazardous waste from the island of Midway to the contiguous United States require compliance with the import requirements?

Shipments of hazardous waste from the island of Midway to the contiguous United States are not subject to the import regulations at Part 262, Subpart F. These regulations apply to any person who imports hazardous waste from a foreign country into the United States. The island of Midway is a territory of the United States and is not a foreign country.
