

Rural Water Infrastructure Committee

The Arizona Rural Water Infrastructure Committee (RWIC) is a partnership of various federal and state agencies who provide loans, grants and technical assistance to Arizona's rural communities. RWIC serves as a one-stop shop providing resources to small drinking water and wastewater systems with a community population of less than 10,000.

Reliable infrastructure and systems are essential to ensuring the environmental and economic sustainability of communities throughout Arizona.

GET CONNECTED:

- Visit the RWIC website at <https://azdeq.gov/RWIC>
- Fill out the [Project Information Form](#)
- Contact RWIC Coordinator
