

# Luxembourg

*Women, Business and the Law 2024* (WBL2024) presents an index covering 190 economies and structured around the life cycle of a working woman. In total, 35 questions are scored across eight indicators. Overall scores are then calculated by taking the average of each indicator, with 100 representing the highest possible score. Data refer to the laws and regulations that are applicable to the main business city (Luxembourg). Different rules may apply in other jurisdictions so local legislation should be reviewed. Based on this approach, **Luxembourg scores 100.0 out of 100.0**. The overall score for Luxembourg is higher than the regional average observed across OECD high-income economies (95.4). Within the OECD high-income region, there are 14 economies that score 100 out of 100.
