

Strategic Directions 2022-2026

OUR MISSION:

Shaping Health, Advancing Nursing

INTRODUCING OUR SIX PILLARS:

We will work to achieve our mission through our six pillars. They will be our foundation for years to come and enable innovation and stability. They are:

ADVOCACY	We will advocate for the issues that matter to our profession and the health of all Australians to make real and lasting change for today and generations to come.
COMMUNITY	We will support an engaged and contributing community of nurses – at all stages and levels of their career – inclusive of a strong band of supporters, volunteers, health professionals, media and government.
EDUCATION	We will train, educate, inspire and mentor nurses, with constant access to world-class information, research and evidence, and foster the intellectual rigour required of professionals making health-care decisions.
LEADERSHIP	We will prepare nurses to lead. We will facilitate opportunities for nurses to make a difference and grow, to expand career options and horizons to reach their utmost potential.
POLICY	We will demonstrate how health and professional care can be enhanced through the expertise and experience of nurses via developing, debating, responding, publishing, promoting and commissioning good policy.
SOCIAL IMPACT	We are inclusive and here for all nurses and their place in society. We will actively strive to develop respect and appreciation for nurses and improve the beneficial impact nurses have on our society and to protect the environment we all share.
