

-Outline-

Animal Bioscience Forum 2024

Theme: Challenges and constraints to the sustainability of Asian poultry farming

When: 2 PM (KST), August 28 (Wed), 2024

Mode: Virtual

Organized by: Animal Bioscience

Sponsored by: Pathway Intermediates

Facilitator: Cheol-Heui Yun [Co-Editor-in-Chief, AB]

Organizing Committee: Cheol-Heui Yun [Co-Editor-in-Chief, AB], Sung Woo Kim [Prof., NCSU], Beob Gyun Kim [Konkuk Univ.], Dong-Yong Kil [Chung-Ang Univ.]

Contents: Each topic will address "Issues and challenges in poultry production in its respective region." The presentation may cover current status and prospects, main difficulties, and obstacles, environmental load from the chicken business, the influence of climate change, disease outbreaks, and so on.

Speakers: A speaker from Korea, China, Japan, Thailand, and Indonesia will be chosen to represent their respective regions. One more speaker from industry will provide a comprehensive overview of Asian poultry production.

Program (2:00 – 5:30 pm, August 28)

Time	Speaker	Title
2:00 pm	Cheol-Heui Yun	Welcome
	Edward Youngman	Congratulatory remark
2:10 pm	Uaichai Puthongsiriporn	Challenges and constraints to the sustainability of Asian poultry farming: Overview
2:40 pm	Si-Dong Kim	Challenges and constraints to the sustainability of poultry farming in Korea
3:10 pm	Xiaojun Yang	Challenges and constraints to the sustainability of poultry farming in China
3:40 pm	Ohtsu Haruhiko	Challenges and constraints to the sustainability of poultry farming in Japan
4:10 pm	Sawitree Wongtangintharn	Challenges and constraints to the sustainability of poultry farming in Thailand
4:40 pm	Sumiati	Challenges and constraints to the sustainability of poultry farming in Indonesia
5:10 pm	Dong-Yong Kil	Discussion and closing
