

PRIVACY IMPACT ASSESSMENT (PIA)

PRESCRIBING AUTHORITY: DoD Instruction 5400.16, "DoD Privacy Impact Assessment (PIA) Guidance". Complete this form for Department of Defense (DoD) information systems or electronic collections of information (referred to as an "electronic collection" for the purpose of this form) that collect, maintain, use, and/or disseminate personally identifiable information (PII) about members of the public, Federal employees, contractors, or foreign nationals employed at U.S. military facilities internationally. In the case where no PII is collected, the PIA will serve as a conclusive determination that privacy requirements do not apply to system.

c. Describe the purpose of this DoD information system or electronic collection and describe the types of personal information about individuals collected in the system.

The DoD OIG SIPRNET is an IT infrastructure that provides end-to-end command visibility and control of integrated augmentation processes and automated workflow. This includes: initial operational planning, requesting manpower requirements, approving and sourcing of requirements, centralized distribution and tracking and accountability, data collection and coordination during activation and recall processing of deployed DoD OIG personnel.

The personally identifiable information (PII), collected from various systems within DoD OIG, is populated via a system-to-system connection to DoD OIG applications, Share Point, Share Drives, etc. The system has been used to maintain data containing details for accessing sensitive law enforcement documents; drafting and finalizing reports; and communicating and transmitting classified reports. The access level to PII is limited to the details necessary to determine which employee requires system access and confirm their need-to-know.

d. Why is the PII collected and/or what is the intended use of the PII? (e.g., verification, identification, authentication, data matching, mission-related use, administrative use)

PII is populated through a system-to-system sharing interface. PII is used for verification, identification, authentication, data matching, and mission-related and administrative use.

e. Do individuals have the opportunity to object to the collection of their PII? Yes No

(1) If "Yes," describe the method by which individuals can object to the collection of PII.

(2) If "No," state the reason why individuals cannot object to the collection of PII.

The data retained in SIPRNet is provided via a system-to-system interface. OIG employees are added to the SIPRNet when a SIPRNet Personal User Network Security Agreement is submitted and their clearance level is verified by the Office of Security, via System Authorization Access Request form (DD Form 2875).

f. Do individuals have the opportunity to consent to the specific uses of their PII? Yes No

(1) If "Yes," describe the method by which individuals can give or withhold their consent.

(2) If "No," state the reason why individuals cannot give or withhold their consent.

The accredited system is an enclave, not a specific program. Information is not collected from the individual and entered into the system. The information is processed through a secure system-to-system interface within the course of the employee's duties. In order to be granted access to SIPRNet, a DD D Form 2875 must be submitted and approved.

g. When an individual is asked to provide PII, a Privacy Act Statement (PAS) and/or a Privacy Advisory must be provided. (Check as appropriate and provide the actual wording.)

Privacy Act Statement Privacy Advisory Not Applicable

The SIPRNet does not collect this information directly from the individual; however the Privacy Act Statement applies when collection happens.

PRIVACY ACT STATEMENT AUTHORITY: Executive Order (EO) 10450, Security Requirements for Government Employment; EO 9397, Federal Agency Use of Social Security Numbers; and Public Law 99-474, the Computer Fraud and Abuse Act of 1986.

PURPOSE(S): To record names, signatures, and other identifiers for the purpose of validating the trustworthiness of individuals requesting access to DoD systems and information. NOTE: Records may be maintained in both electronic and/or paper form.

ROUTINE USE(S): None.

DISCLOSURE: Voluntary; however, failure to provide the requested information may impede, delay, or result in denial of access to information technology systems.

h. With whom will the PII be shared through data exchange, both within your DoD Component and outside your Component? (Check all that apply)

k. Does this DoD Information system or electronic collection require a Privacy Act System of Records Notice (SORN)?

A Privacy Act SORN is required if the information system or electronic collection contains information about U.S. citizens or lawful permanent U.S. residents that is retrieved by name or other unique identifier. PIA and Privacy Act SORN information must be consistent.

Yes No

If "Yes," enter SORN System Identifier

SORN Identifier, not the Federal Register (FR) Citation. Consult the DoD Component Privacy Office for additional information or <http://dpcl.d.defense.gov/Privacy/SORNs/>
or

If a SORN has not yet been published in the Federal Register, enter date of submission for approval to Defense Privacy, Civil Liberties, and Transparency Division (DPCLTD). Consult the DoD Component Privacy Office for this date

If "No," explain why the SORN is not required in accordance with DoD Regulation 5400.11-R: Department of Defense Privacy Program.

A SORN is not required to retrieve information on SIPRNet by using PII.

I. What is the National Archives and Records Administration (NARA) approved, pending or general records schedule (GRS) disposition authority for the system or for the records maintained in the system?

(1) NARA Job Number or General Records Schedule Authority.

N/A

(2) If pending, provide the date the SF-115 was submitted to NARA.

(3) Retention Instructions.

SIPRNet is not a system of records. It is an enclave and not a specific program.

m. What is the authority to collect information? A Federal law or Executive Order must authorize the collection and maintenance of a system of records. For PII not collected or maintained in a system of records, the collection or maintenance of the PII must be necessary to discharge the requirements of a statute or Executive Order.

- (1) If this system has a Privacy Act SORN, the authorities in this PIA and the existing Privacy Act SORN should be similar.
- (2) If a SORN does not apply, cite the authority for this DoD information system or electronic collection to collect, use, maintain and/or disseminate PII. (If multiple authorities are cited, provide all that apply).
 - (a) Cite the specific provisions of the statute and/or EO that authorizes the operation of the system and the collection of PII.
 - (b) If direct statutory authority or an Executive Order does not exist, indirect statutory authority may be cited if the authority requires the operation or administration of a program, the execution of which will require the collection and maintenance of a system of records.
 - (c) If direct or indirect authority does not exist, DoD Components can use their general statutory grants of authority ("internal housekeeping") as the primary authority. The requirement, directive, or instruction implementing the statute within the DoD Component must be identified.

The authority to collect information in this system derives from:

Executive Order 10450, "Security requirements for Government Employees", April 27, 1953
DoD 5200.2-R, "Personnel Security Program", January 1, 1987

U.S. Code:

5 U.S.C. § 301, Regulations for the Government of the Department;
44 U.S.C. 3101 Records Management by Federal Agencies.

DoD Directives:

DoD Directive 5015.2, "DOD Records Management Program," March 6, 2000.

DoD IG Instructions:

IGDINST 5015.2, "Records Management Program," November 7, 2007.

n. Does this DoD information system or electronic collection have an active and approved Office of Management and Budget (OMB) Control Number?

Contact the Component Information Management Control Officer or DoD Clearance Officer for this information. This number indicates OMB approval to collect data from 10 or more members of the public in a 12-month period regardless of form or format.

Yes No Pending

- (1) If "Yes," list all applicable OMB Control Numbers, collection titles, and expiration dates.
- (2) If "No," explain why OMB approval is not required in accordance with DoD Manual 8910.01, Volume 2, "DoD Information Collections Manual: Procedures for DoD Public Information Collections."
- (3) If "Pending," provide the date for the 60 and/or 30 day notice and the Federal Register citation.

OMB control number is not required. SIPRNet does not collect records from 10 or more members of the public in a 12-month period.
