Honolulu, HI

MEET THE HIPHI TEAM

Makamae Namahoe,
Program Manager, Trainings and
Workforce Development Initiatives

Gendalin Amram,
Climate Change and
Environmental Justice Specialist

Hawai'i Public Health Institute

Mission

To advance health and wellness of the people and islands of Hawai'i.

UNDERSTANDING

What creates health of people and place?

Upstream social, cultural and environmental factors.

PARTNERSHIPS

Public health
Health care
Other diverse sectors

Improve health and wellness

PROGRAMS

Education, advocacy, research, capacity building and training

Improve policies, systems, and the environments.

HOW WE CAN HELP

1. CONNECT YOU TO RESOURCES & EXPERTS

3. LISTEN & CREATE SOLUTIONS TO EJ CHALLENGES

2. HOST COMMUNITY EVENTS IN YOUR REGION

MAHALO!

Western Environmental Science Technical Assistance Center for Environmental Justice

An Environmental Justice Thriving Communities

Technical Assistance Center

**WEST ENVIRONMENTAL
JUSTICE CENTER**
AZ, CA, HI, NV & USAPI

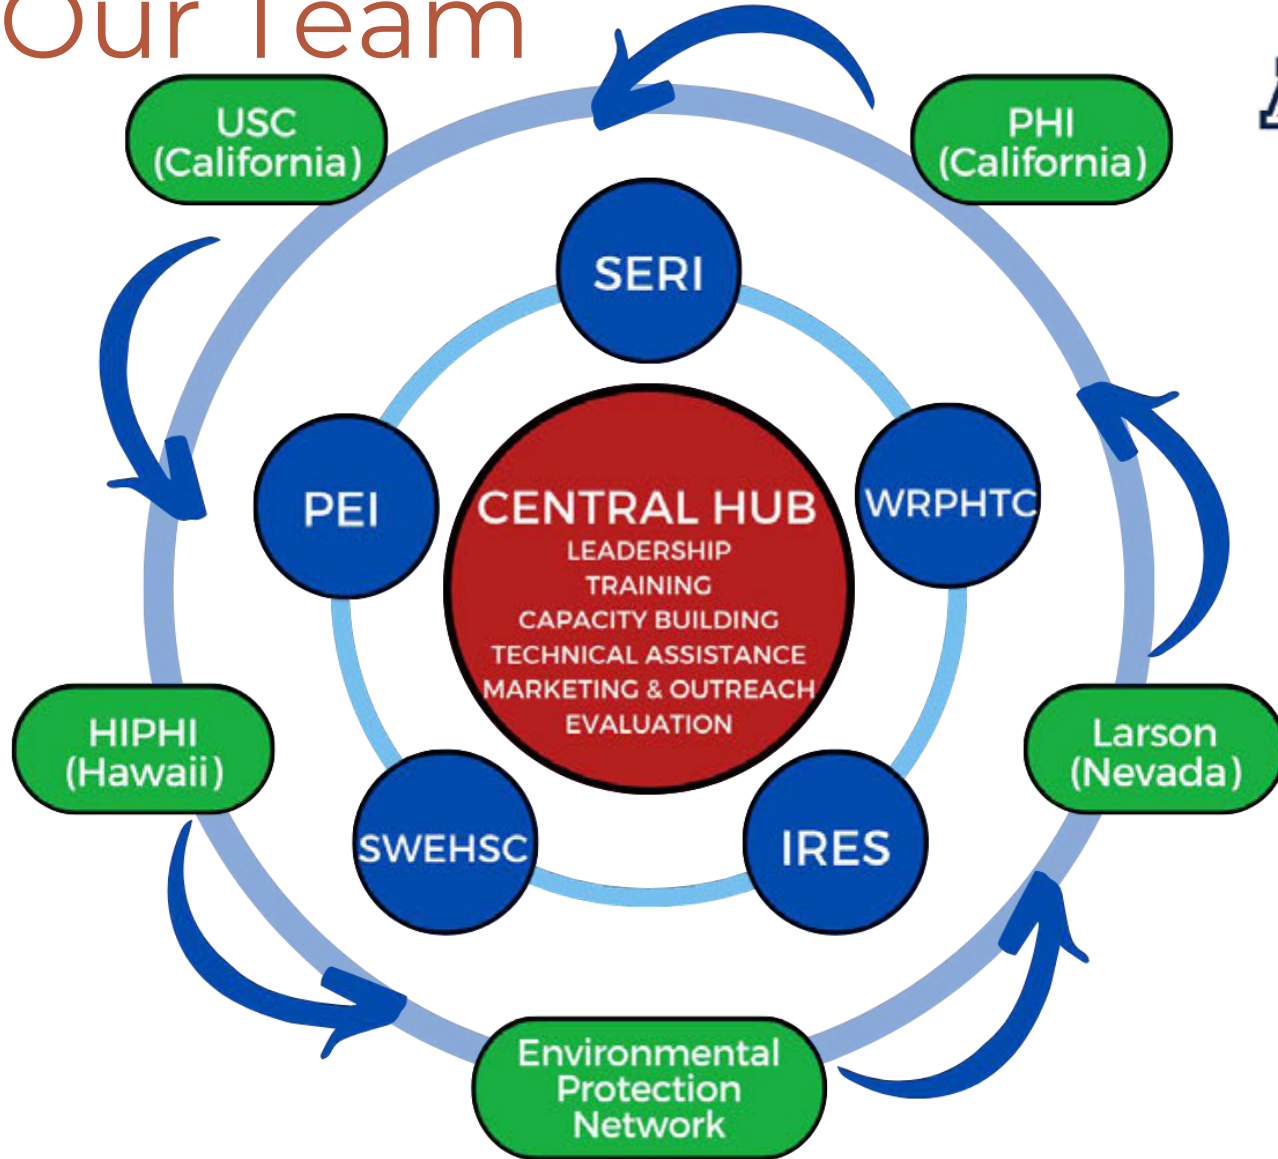

OUR MISSION

To work as authentic partners with communities towards environmental and energy justice by being a one-stop shop for hands-on technical assistance, multi-faceted training, and other eligible forms of assistance, resources, and support to program participants.

Our Team

Our Free Services

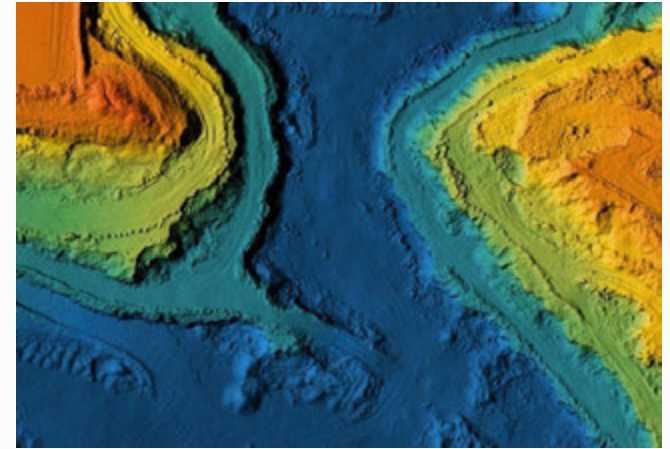

Grants Navigation

- Online Trainings
- Funding Database
- Applying for and Managing Funding*

Community Leadership

- Community Resource Fairs
- Community Champions
- Student Internships
- Advocacy Training and Resources

Technical Expertise

- Hands-on Consultation
- Research Energy Justice Opportunities
- Statistical Consultation
- Conducting EJ Analyses

*The Center is not allowed to write or complete funding applications but can provide guidance in development, application, and management phases.

Locations We Serve

- Arizona
- California
- Hawai'i
- Nevada
- U.S. Affiliated Pacific Islands
 - Guam, Commonwealth of Mariana Islands, American Samoa
 - Republic of Palau
 - Republic of the Marshall Islands
 - The Federated States of Micronesia

**WEST ENVIRONMENTAL
JUSTICE CENTER**
AZ, CA, HI, NV & USAPI

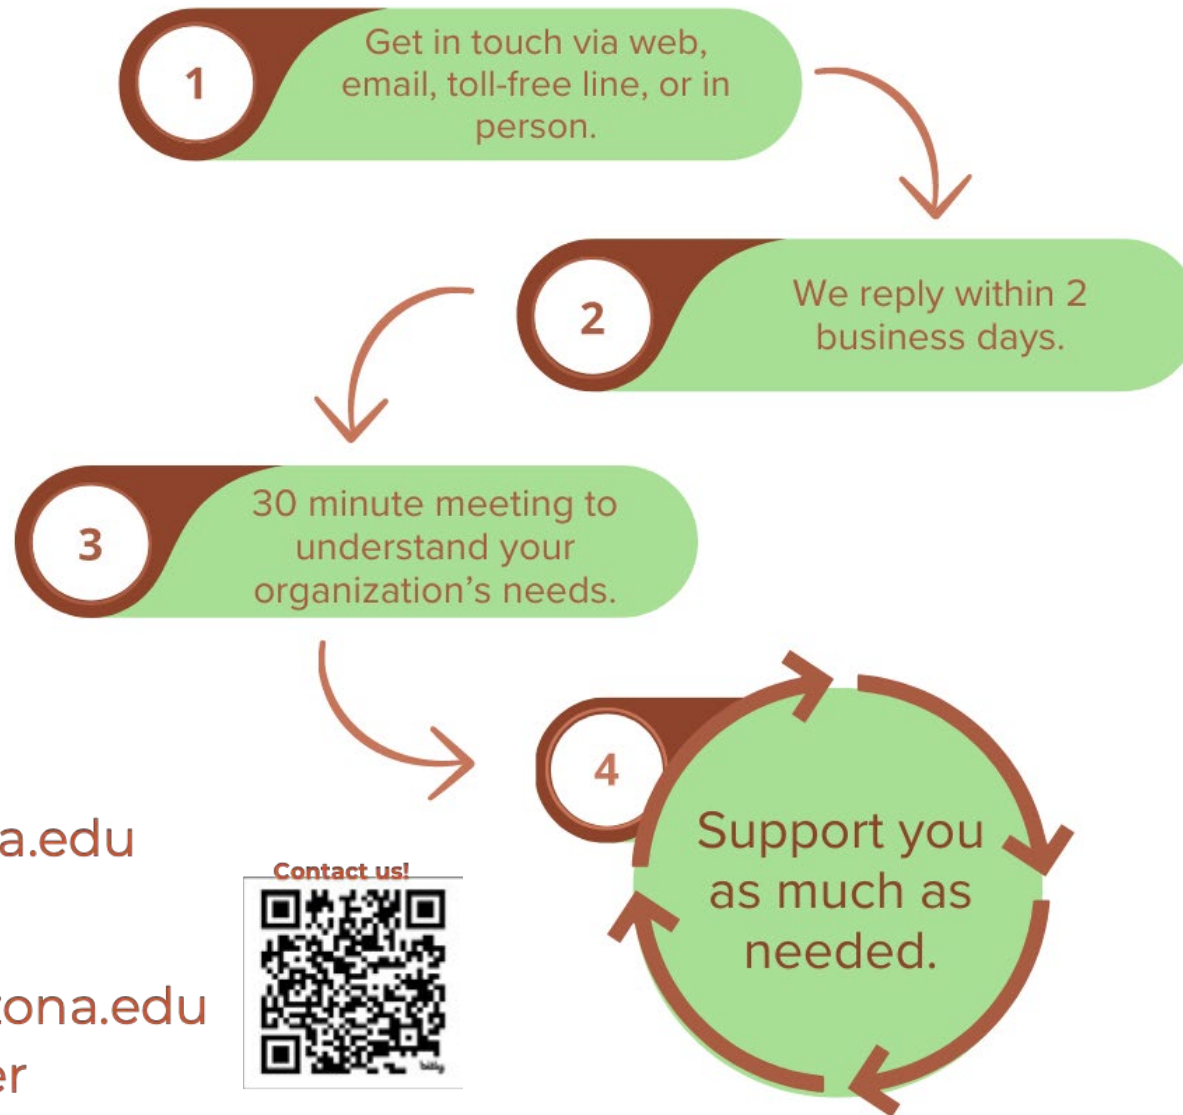

Who is Eligible?

- Individuals.
- Non-profit organizations.
- Community-based and grassroots organizations.
- Underserved communities and organizations.
- Rural and remote communities and organizations.
- Local Governments
- State governments.
- Educational institutions (e.g., schools, colleges, and universities).
- Disadvantaged businesses.
- Philanthropic and civic organizations.
- Faith-based organizations and churches.
- Utility and healthcare providers and clinics.

**WEST ENVIRONMENTAL
JUSTICE CENTER**
AZ, CA, HI, NV & USAPI

Steps to Get Support

 WESTEJCenter.arizona.edu

 1 (877) 518-4634

 WESTEJ-Center@arizona.edu

 @WestEJCenter

Examples of Our Services

- A community clinic wants support finding and applying for grants to upgrade a building into a cooling center.
 - Tailor a list of recommended grant opportunities, confirm their grant is complete, and support while they submit the grant.
- County public health staff get questions about wildfire smoke in homes and heat and kidney function. Staff ask for resources on building box fan filters, as well as to speak with experts on the relationship between heat and kidney disease.
 - Find, review, and compile useful resources on making box fan filters, and connect public health staff with an experts on heat and kidney disease to answer questions.

Student Internships

Invest in Your Future: Paid Internships in Environmental & Energy Justice

Are you passionate about making a positive impact in your community?

Eligibility:

- ✓ Age 18+, high school diploma/GED
- ✓ Enrolled in U.S. accredited institution
- ✓ Remote work possible with supervisor approval
- ✓ US citizens, US nationals, or foreign nationals with a visa permitting permanent residence in the US
- ✓ Serve communities in Arizona, California, Hawai'i, Nevada, or US Affiliated Pacific Islands, including Native American tribes and Indigenous communities in these areas

Financial Support

Students will receive **\$5,000** for completion of the internship, reflection, feedback survey, and digital story.

APPLY NOW!

Go to our website and discover additional details on eligibility and project information.

Coming Soon!

2024 COMMUNITY CHAMPIONS COHORT

The program will provide curated capacity building, leadership training, peer learning and support through a cohort approach, drawing participants from Arizona, California, Hawai'i, Nevada, and the US Affiliated Pacific Islands, including Native American tribes and Indigenous communities in these areas. Through this program, cohort members will be provided the tools to: lead on environmental justice challenges, energy, and environmental movements; advocate and develop policy for their communities; and develop technical skills to address environmental justice issues in their communities.

FEMA Hazard Mitigation Assistance (HMA) Funding Opportunities

FEMA

Session Objectives

- Briefly describe FEMA's Hazard Mitigation Assistance (HMA) funding programs:
 - Hazard Mitigation Grant Program (HMGP) Program
 - Flood Mitigation Assistance (FMA) Program
 - Building Resilient Infrastructure and Communities (BRIC) Program

- Describe BRIC Direct Technical Assistance (DTA) program

Hazard Mitigation Grant Program (HMGP)

	HMA Grant Programs				Public Assistance
Funding Cycle	Annual Grants Cycle		Disaster Grants Cycle		
Mitigation Funding	 <p>Flood Mitigation Assistance (FMA)</p>	 <p>Building Resilient Infrastructure and Communities (BRIC)</p>	 <p>Hazard Mitigation Grant Program (HMGP)</p>	 <p>HMPG Post Fire</p>	 <p>Public Assistance (PA) Mitigation</p>
When is the Notice of Funding Opportunity (NOFO) released?	Annually in August or September	Annually in August or September	N/A	N/A	N/A
When can applicants apply?	Annually: September – January	Annually: September – January	Following the presidential declaration of a major disaster for 12 months	Following the declaration of a Fire Management Assistance Grant (FMAG) up to six months after the following fiscal year	Funding is part of the recovery for each major disaster.

Hazard Mitigation Grant Program (HMGP)

Eligibility Overview

- Funding for eligible mitigation planning and projects is available following a Presidential Major Disaster Declaration
- Are you a Jurisdiction, Federally-recognized Tribe, or Private Non-Profit?
- To be eligible for Hazard Mitigation Grant Program (HMGP), Jurisdictions and Tribes must have a **FEMA-approved Hazard Mitigation Plan at the time of project obligation**

FEMA

Hazard Mitigation Grant Program (HMGP)

Program Information

- Hazard Mitigation Grant Program (HMGP) awards **typically** have at least a 25% non-federal cost share
- The period of performance for the Hazard Mitigation Grant Program (HMGP) begins with the opening of the application period and ends no later than 48 months from the close of the application period
- For additional program information refer to the [Hazard Mitigation Assistance Guidance](#)

Type Cost-Share	Requirement
Federal share	Up to 75%
Non-Federal share	At least 25%
In-kind contribution	No cash requirement
Other Federal funds	In some cases

FEMA

Hazard Mitigation Grant Program (HMGP)

Eligible Activities

1. Capability and Capacity Building

- New Plan Creation and Updates
- Planning-Related Activities
- Codes and Standards
- Innovative Capability and Capacity Building

2. Mitigation Projects

- Property Acquisition
- Structure Elevation
- Mitigation Reconstruction
- Localized Flood Risk Reduction
- Non-Localized Flood Risk Reduction Stabilization

FEMA

Hazard Mitigation Grant Program (HMGP)

Eligible Activities *Continued*

2. Mitigation Projects

- Dry Floodproofing Non-Residential Building
- Tsunami Vertical Evacuation
- Safe Room
- Wildfire Mitigation
- Retrofit
- Secondary Power Source
- Warning System (excluding earthquake early warning system)
- Earthquake Early Warning System
- Aquifer Recharge, Storage and Recovery
- Innovative Mitigation Project

FEMA

An aerial photograph of a coastal town, likely in New England, featuring a large marina filled with sailboats and a dense forest of green trees. The town includes several buildings, including a prominent white church with a tall steeple. The entire image is overlaid with a semi-transparent blue filter.

Flood Mitigation Assistance (FMA)

	HMA Grant Programs			Public Assistance	
Funding Cycle	Annual Grants Cycle	Disaster Grants Cycle			
Mitigation Funding	 Flood Mitigation Assistance (FMA)	 Building Resilient Infrastructure and Communities (BRIC)	 Hazard Mitigation Grant Program (HMGP)	 HMPG Post Fire	 Public Assistance (PA) Mitigation
When is the Notice of Funding Opportunity (NOFO) released?	Annually in August or September	Annually in August or September	N/A	N/A	N/A
When can applicants apply?	Annually: September — January	Annually: September — January	Following the presidential declaration of a major disaster for 12 months	Following the declaration of a Fire Management Assistance Grant (FMAG) up to six months after the following fiscal year	Funding is part of the recovery for each major disaster.

FEMA

Available Funding from FY23 (TBD for FY24)

**\$800
MILLION**

**TOTAL AVAILABLE
FMA FUNDING
IN FISCAL YEAR
2023**

Allocated up to **\$60 MILLION**

1 Capability and Capacity-Building (C&CB) Activities

- › Mitigation Plans
- › Technical Assistance by States to Communities
- › Project Scoping
- › Additional C&CB Activities

Allocated up to **\$520 MILLION**

2 Localized Flood Risk Reduction Projects

At least **\$220 MILLION**

3 Individual Flood Mitigation Projects

Note: Allocated funding amounts may be reduced by up to 10 percent due to the funding of state, tribal, and local management costs.

FEMA

FY24 Funding Opportunities

- The Notice of Funding Opportunity (NOFO) for FMA in FY24 is expected in either August or September. The application period will remain open for approximately 3-4 months (to be defined in NOFO).
- Funding amounts may differ slightly from FY23, however, the three categories of activities will remain the same (allocations may shift).

Note: Allocated funding amounts may be reduced by up to 10 percent due to the funding of state, tribal, and local management costs.

An aerial photograph of a coastal town, likely in New England, featuring a large marina filled with numerous sailboats. The town is built on a hillside, surrounded by dense green forest. A prominent white steeple is visible on the right side of the town. The entire image is overlaid with a semi-transparent blue filter.

Building Resilient Infrastructure and Communities (BRIC)

	HMA Grant Programs				Public Assistance
Funding Cycle	Annual Grants Cycle		Disaster Grants Cycle		
Mitigation Funding	 Flood Mitigation Assistance (FMA)	 Building Resilient Infrastructure and Communities (BRIC)	 Hazard Mitigation Grant Program (HMGP)	 HMPG Post Fire	 Public Assistance (PA) Mitigation
When is the Notice of Funding Opportunity (NOFO) released?	Annually in August or September	Annually in August or September	N/A	N/A	N/A
When can applicants apply?	Annually: September — January	Annually: September — January	Following the presidential declaration of a major disaster for 12 months	Following the declaration of a Fire Management Assistance Grant (FMAG) up to six months after the following fiscal year	Funding is part of the recovery for each major disaster.

Building Resilient Infrastructure and Communities (BRIC) Priorities

Enhance climate resilience and adaptation.

Incentivize natural hazard risk reduction activities that mitigate risk to public infrastructure and disadvantaged communities.

Incorporate nature-based solution.

Increase funding to applicants that facilitate the adoption and enforcement of the newest editions of building codes.

Available Funding

Federal Emergency Management Agency

\$1 billion is available for the BRIC program in FY 2023.

- State/Territory Allocation: \$112 million (up to \$2 million per applicant).
 - A total of \$1.5 million must be used for capability- and capacity-building activities per applicant.
 - A minimum of \$400,000 must be used on any combination of capability- and capacity-building activities and projects primarily benefiting Community Disaster Resilience Zones.
- Building Code Plus-Ups Added
 - State/Territory Building Code Plus-Up: \$112 million (up to \$2 million per applicant).
 - Tribal Building Code Plus-Up: \$25 million
- Tribal Set-Aside: \$50 million
 - The combined cost of the applicant's capability- and capacity-building activities under the Tribal Set-Aside must not exceed \$2 million per applicant.
 - Up to \$1 million may be used for hazard mitigation planning and planning-related activities per applicant.
- National Competition for Hazard Mitigation Projects: \$701 million (\$50 million per subapplication)

Capability- and Capacity-Building Activities

An aerial photograph of a coastal town, likely in New England, featuring a harbor filled with numerous sailboats and a dense residential area with a prominent church steeple. The image is overlaid with a semi-transparent blue gradient. The text "BRIC (Direct Technical Assistance)" is centered in white, bold font.

Mission Statement

The Environmental Justice Team strives to meaningfully involve and advocate for communities that are overburdened to reduce environmental and public health impacts.

Through innovation and collaboration, together we can strengthen communities' ability to DREAM, FLOURISH and THRIVE.

RA Guzman and staff meet with EJ groups working to address community impacts from freight activity from the Ports of LA and Long Beach in December 2022.

CHANGE GRANTS**

Environmental and Climate Justice

U.S. Environmental Protection Agency

Program Overview

OPEN
NOW!

Environmental and Climate Justice Community Change Grant Program

Program Status

- Program is receiving the largest slice of Inflation Reduction Act funding, roughly \$2B
- Accepting applications on a rolling basis through November 21, 2024
 - Eligible applicants may resubmit

Eligibility

- Eligible entities:
 - a partnership of at least two community-based nonprofit organizations
 - *a partnership between*— a federally recognized Tribal government and a community-based nonprofit organization
 - *a partnership between*— an institution of higher education and a community-based nonprofit organization.

Funding Opportunity

- \$1 to \$20 million per grant depending on the track
- Technical Assistance available through the Community Change Technical Assistance (CCTA) program – Available through August 16, 2024

Goals

Designed with meaningful community, Tribal and other stakeholder input, the investments EPA makes through the CCGP are intended to achieve the following goals:

Fund community-driven pollution and climate resiliency solutions.

Invest in strong cross-sectoral collaborations with partners working with and for communities.

Unlock access to more significant resources.

Deliver technical assistance and capacity-building support.

Strengthen communities' decision-making power.

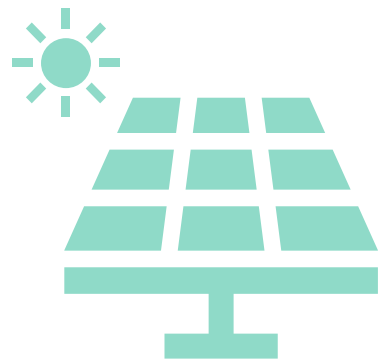

Expected Eligible Activities

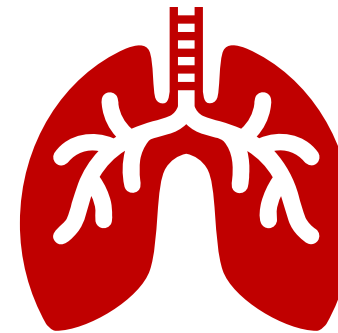

Projects encompassing climate resiliency and adaptation

Community-led air and other (including water and waste) monitoring, and prevention

Reducing indoor toxics and indoor air pollution

Mitigating health risks from heat islands, extreme heat, wood heater emissions, and wildfire events

Engagement of disadvantaged communities in advisory groups, rulemakings, and public processes

Community Change Grants

Support for applicants

SDSU

Center for
Community
Energy and
Environmental
Justice

The **Inflation Reduction Act Community Change Grants (CCG)** will fund community-driven projects that address climate challenges and reduce pollution while strengthening communities through thoughtful implementation.

Is My Community Eligible for a CCG?

Communities working on the following areas **are eligible** to apply:

- Community-driven efforts for pollution monitoring, prevention, and remediation
- Infrastructure development for low-emission technologies
- Workforce training to reduce greenhouse gas emissions and air pollutants
- Mitigating climate and health risks from urban heat islands, extreme heat, wood heater emissions, and wildfire events
- Climate resilience and adaptation
- Reducing indoor toxics and indoor air pollution
- Involving disadvantaged communities in state and federal advisory groups, workshops, and other decision-making processes

The following activities are **NOT ELIGIBLE**:

- Assessment, removal, or remediation of Superfund sites
- Scientific research
- Tribal or community relocation activities

Community Change Grant Tracks

Track I

Community-Driven Investments for Change

Track I is for **\$10-20 million projects** aimed at achieving sustainable impacts related to climate resilience, pollution reduction, community health, economic prosperity, and community strength

Applicants for Track I will be required to submit:

- Climate Action Strategy
- Pollution Reduction Strategy
- Community Engagement and Collaborative Governance Plan
- Community Strength Plan
- Readiness Approach
- Compliance Plan

Track II

Meaningful Engagement for Equitable Governance

Track II is for **\$1 - 3 million projects** that intend to support direct participation of disadvantaged communities in the development and implementation of solutions, policies and programs.

Track II Objectives

- To build the capacity of communities to redress environmental and climate injustices
- To give disadvantaged communities a meaningful voice in government decision-making process

Project Examples

- Educational and Training Programs
- Environmental Advisory Boards
- Collaborative Governance Activities
- Participation in Governmental Funding and Budgeting Processes

How to Apply for Community Change Grants?

The screenshot displays the Grants.gov interface for a specific grant opportunity. At the top, the Grants.gov logo is visible, along with navigation links for Home, Learn Grants, Search Grants, Applicants, Grantors, System-To-System, Forms, Connect, and Support. A search bar is located in the top right corner. The main heading is 'VIEW GRANT OPPORTUNITY' for the grant ID 'EPA-R-OEJECR-OCS-23-04'. Below this, the grant title 'Environmental and Climate Justice Community Change Grants Program' is shown, followed by the grantor 'Environmental Protection Agency'. Two red buttons, 'Apply' and 'Subscribe', are positioned to the right. A horizontal menu contains four blue buttons: 'SYNOPSIS', 'VERSION HISTORY', 'RELATED DOCUMENTS', and 'PACKAGE'. The 'General Information' section is expanded, showing a list of key details in two columns.

Document Type:	Grants Notice	Version:	Synopsis 1
Funding Opportunity Number:	EPA-R-OEJECR-OCS-23-04	Posted Date:	Nov 21, 2023

CFDA Number(s):	66.616 -- Environmental and Climate Justice Block Grant Program		
Cost Sharing or Matching Requirement:	No		

Environmental Justice Thriving Communities Grantmaking Program (EJ TCGM)

Coming
soon!

Environmental Justice Thriving Communities Grantmaker (Pass-Through) Program

Program Status

- Agency will fund ~11 entities to manage the programs (\$50m per grant, \$600m total)
- The EPA PO team will communicate primarily with funders, not necessarily communities

Communities / Subgrantees

- Communities will be subgrantees and receive the funds through the Grantmaker instead of directly through EPA. **Funders will design and accept applications/selection processes**
- Funder will provide subgrants to community-based nonprofits and similar entities for assessment (\$150k), planning (\$250k), and project development work (\$350k)
- Communities will submit reports and project updates to the funder **not EPA**
