USD(P&R)

SUBJECT: Data Submission Requirements for DoD Civilian Personnel: Nonappropriated Fund (NAF) Civilians

References: See Enclosure 1

1. PURPOSE

a. Instruction. This instruction is composed of several volumes, each containing its own purpose. In accordance with the authority in DoD Directive (DoDD) 5124.02 (Reference (a)), the purpose of the overall instruction is to establish and implement policy, assign responsibilities, prescribe procedures, and establish requirements for submitting DoD civilian personnel records to the Defense Manpower Data Center (DMDC), a component of the Department of Defense Human Resources Activity.

b. Volume. This volume:

(1) Incorporates and cancels subchapter 1411 of DoD Instruction (DoDI) 1400.25 (Reference (b)).

(2) Establishes policy, assigns responsibilities, and prescribes procedures and requirements for submitting personnel records of NAF direct hire civilians paid partly or wholly from DoD NAFs, (collectively referred to in this volume as “NAF personnel”), both U.S. citizens and non-U.S. citizens (legal resident aliens of the United States), whether duty stationed within or outside the United States, without regard to pay status; as well as active duty Military Service members working at non-appropriated fund instrumentalities (NAFIs) during off-duty hours.

2. APPLICABILITY. This volume:

a. Applies to OSD, the Military Departments, the Office of the Chairman of the Joint Chiefs of Staff and the Joint Staff, the Combatant Commands, the Office of the Inspector General of the Department of Defense, the Defense Agencies except as noted in paragraph 2b, the DoD Field Activities, and all other organizational entities within the DoD (referred to collectively in this volume as “the DoD Components”).

b. Does not apply to intelligence and counterintelligence agencies, including the National Reconnaissance Office, the National Security Agency, the National Geospatial-Intelligence Agency, and the Defense Intelligence Agency.

c. The Army and Air Force Exchange Service may be considered a DoD Component for the purpose of this volume if delegated authority to submit NAF personnel data requirements by the Secretaries of the Army and the Air Force, as applicable.

d. The United States Marine Corps, the Navy Exchange Service Command, and the Commander, Navy Installations Command, may be considered DoD Components for the purpose of this volume if delegated authority to submit NAF personnel data requirements by the Secretary of the Navy.

3. POLICY. It is DoD policy that:

a. A comprehensive centralized repository of current and historical DoD civilian personnel data will be used for research, actuarial, and ad hoc analysis.

(1) In accordance with DoDI 3001.02, DoDI 6490.03, and Directive-type Memorandum 17-004 (References (c) through (e)), extracts from the repository may be used to provide specialized reporting on the civilian workforce.

(2) In accordance with DoDI 1000.25, Homeland Security Presidential Directive 12, and Under Secretary of Defense for Personnel and Readiness (USD(P&R)) Memorandum (References (f) through (h)), extracts from the repository may be used in the Defense Enrollment Eligibility Reporting System to create and modify elements relevant to identity management and issuance of common access cards.

b. Personally identifiable information (PII) in the repository will be safeguarded following the requirements and procedures prescribed by DoD 5400.11-R (Reference (i)) and DoDI 5015.02 (Reference (j)). Individuals having access to PII may be held personally responsible and subject to criminal penalties, administrative disciplinary action, or both for making unauthorized disclosures.

c. NAF personnel records will be submitted using social security numbers (SSN).

(1) Civilians who do not have SSNs must be submitted using a reliably generated and consistently used pseudo identifier. This identifier is to be centrally managed and not reused or simultaneously used across or within personnel databases.

(2) Civilians who are concurrently employed in more than one position must use the same identifier across every position. Person identifier data will support the capability to correct and update a person's identity.

d. Computer matching programs will be used as prescribed by Reference (i). Computer matching is conducted with other federal and non-federal agencies to:

(1) Verify eligibility for benefit programs and determine continued compliance with benefit program requirements.

(2) Recover improper payments made to or delinquent debts owed by federal personnel, including current and former employees.

4. RESPONSIBILITIES

a. USD(P&R). The USD(P&R) provides overall policy guidance for submitting civilian personnel records within the DoD.

b. Director, Department of Defense Human Resources Activity (DoDHRA). Under the authority, direction, and control of the USD(P&R) as identified in DoDD 5100.87 (Reference (k)), the Director, DoDHRA:

(1) Ensures proper custody of automated extracts of civilian personnel records and provides data quality control analysis and reporting, inquiry capabilities, and administrative and computer support.

(2) Ensures civilian submissions are accomplished through secure electronic data transfer.

(3) Ensures establishment of account numbers and passwords for all electronic submissions and provides additional system specifications.

(4) Ensures provision of record-level data, programming, reports, and analytical support, as requested, to the USD(P&R) for special studies requiring use of civilian personnel.

(5) Reviews the DMDC submission requirements and instructions provided in Enclosure 2 at least annually and develops changes, as required.

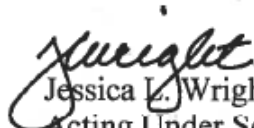

c. DoD Components Heads. The DoD Components heads ensure that their respective Components implement this volume.

5. PROCEDURES. See Enclosure 2.

6. RELEASABILITY. **Cleared for public release.** This volume is available on the Directives Division Website at <https://www.esd.whs.mil/DD/>.

7. SUMMARY OF CHANGE 1. The change to this issuance updates references and removes expiration language in accordance with current Chief Management Officer of the Department of Defense direction.

8. EFFECTIVE DATE. Full compliance with the submission requirements established by this volume is effective on September 30, 2014. All other provisions of this volume are effective November 5, 2013.

2. DMDC SUBMISSION INSTRUCTIONS

a. Data Media. Data must be submitted to the DMDC via secure electronic data transfer in compliance with the data submission requirements of this volume.

b. Submission Requirements

(1) Monthly Status (Master) File Submission Requirements. Five working days after the end of each month the DCPAS, or designated submitting site, must submit a status file for the NAF civilian population. The status file must reflect the status of the civilians as of the last day of the month. It must cover all workers less those no longer employed. Enclosure 3 contains the layout to be used.

(2) Daily Dynamic (Transaction) File Submission Requirements. The DCPAS, or designated submitting, site must submit dynamic files for the NAF civilian population using the file layout identified in Enclosure 3 that covers all transactions executed each day. Daily transactions should be submitted within 1 working day of the transaction's effective date. All dynamic file submissions should include personnel records processed and effective during or before the submission period (late transactions). Information contained within the dynamic file will reflect the status of a civilian after each transaction has taken effect.

c. Data Specifications

- (1) Order each file in ascending order by SSN.
- (2) Submit hourly dollar amounts with implied decimal.
- (3) Right justify all other dollar amounts with leading zeroes and without decimals.
- (4) Right justify numeric data that are not dollar amounts with leading zeroes.

d. Secure Electronic Data Transfer. The DCPAS, or designated submitting site, will contact the DMDC Civilian Personnel File Manager to establish an account number and password and provide additional system specifications. These specifications include file naming conventions and security protocols appropriate to protect the data from compromise. DMDC supports secure file transfer protocol software. The file submitter is responsible for the accuracy and completeness of each electronic data transfer.
