415 ILCS 5/7.5 from Ch. 111 1/2, par. 1007.5

Amends the Environmental Protection Act. Provides that the filing fees for specified petitions shall be \$250 (rather than \$75).

Fiscal Note (IL Pollution Control Board)

House Bill 4651 will have no impact on state expenditures but does have the potential to increase revenue. Since the per filing fee will increase from \$75 to \$250 each, this will increase the revenue collected per filing. Based on the current trend of ten(10) filings per year, the increase in the per filing fee would collect an additional \$1,750 in state revenue per fiscal year.

House Committee Amendment No. 2

Adds reference to:

215 ILCS 5/356z.4a

Provides that all outpatient coverage required under a provision concerning coverage for pregnancy, postpartum, and newborn care must be provided without cost sharing, except to the extent that such coverage would disqualify a high-deductible health plan from eligibility for a health savings account and except that, for treatment of substance use disorders, the prohibition on cost-sharing applies to the levels of treatment below and not including 3.1 (Clinically Managed Low-Intensity Residential) established by the American Society of Addiction Medicine. Makes a conforming change. Further amends the Illinois Insurance Code. Fiscal Note (Dept. on Insurance)

HB 05142 (CONTINUED)

To ensure the expanded pregnancy, postpartum, and newborn care benefits are included and ensure the expanded providers able to deliver these services are included in policy forms, would require personnel to review the additional form filing review requirements. The potential for increased complaints received by DOI resulting from this legislation would require personnel to field such calls

(complaints). Two additional employees under the title of Insurance Analyst will be needed. Fiscal Impact: \$260,000

Defines "perinatal doula" and "lactation consultant". Provides that coverage for postpartum services shall apply for all covered services rendered within the first 12 months after the end of pregnancy (rather than the coverage shall apply for at least one year after the end of pregnancy), except that a policy is not required to cover more than \$8,000 for doula visits for each pregnancy and subsequent postpartum period. Provides that notice for a hearing shall include an enclosure written in several specified languages which notifies the recipient of the ability for a party or their agent to request interpretive assistance to participate in or understand the hearing and to receive language access services for translating the contents of the notice (rather than which notifies the recipient of the ability to request interpretive assistance for the hearing and to receive language assistance in translating the contents of the notice). Defines "language access services" and "limited English proficient person". Removes a provision that any self-represented litigant, witness, or indigent person has the right to request interpretive assistance. Provides that a self-represented litigant, a witness, or a litigant who is an indigent person has the right to request interpretive assistance to participate in or understand a hearing at any time during the course of the hearing. Effective July 1, 2025.

In provisions regarding contested cases, notice requirements, and administrative hearings, provides that language access services and interpretive assistance shall be, at a minimum, in accordance with the Illinois Administrative Procedure Act, and as otherwise provided for in any law or rule governing an agency's contested hearings.

House Committee Amendment No. 1

Replaces everything after the enacting clause. Amends the Juvenile Court Act of 1987 and the Code of Criminal Procedure of 1963. Provides that unreliable statements to law enforcement made during a custodial interrogation conducted at a police station or other place of detention by a defendant are inadmissible at trial in any criminal court proceeding or juvenile court proceeding for the prosecution of a homicide or Class X felony. Provides that in any proceeding under this provision, the prosecution shall timely disclose at least 30 days prior to any relevant evidentiary hearing or trial its intent to introduce a statement made during a custodial interrogation conducted at a police station or other place of detention by a defendant. Provides that before trial, a defendant may move to exclude a statement that is unreliable. Provides that the reliability of a statement is to be considered separately from the voluntariness of a statement, although the 2 issues may be considered during the same proceeding in court. Provides that nothing in this provision shall be construed to relieve the State of its burden to demonstrate voluntariness of a custodial statement by a preponderance of the evidence. Provides that when deciding a statement's reliability, a court should consider: (1) whether the details in the statement fit with the evidence known before the interrogation, especially details that describe unusual or not easily guessed facts of the crime that had not been made public; (2) whether the statement provides any new details or any new evidence not known before the interrogation that can be independently corroborated after the interrogation; (3) whether facts of the crime were disclosed to the defendant rather than originated with the defendant; (4) whether the defendant recanted the defendant's statement at any time and the circumstances of that recantation; (5) whether the statement was electronically recorded; and (6) any other information relevant to the reliability of the statement. Provides that the question of the statement's admissibility is solely for the trial court.

Balanced Budget Note (Office of Management and Budget)

Please be advised that the Balanced Budget Note Act does not apply to House Bill 5395, as amended by House Amendment 1, as it is not a supplemental appropriation that increases or decreases appropriations. Under the Act, a balanced budget note must be prepared only for bills that change a general funds appropriation for the fiscal year in which the new bill is enacted.

Fiscal Note (Dept. of Healthcare & Family Services)

Expected expenditures for the Illinois Department of Healthcare and Family Services, based on the provisions in HB 5395, are estimated at approximately \$30 million per year, beginning January 1, 2026 (the anticipated effective date of the provisions regarding prior approval for inpatient treatment). This estimate assumes a static number of inpatient mental health admissions and does not account for any fluctuations in admissions that may result from changes in provider behavior or from the implementation of other, less-intensive interventions.

New Act

Creates the Powering Up Illinois Act. Provides that an electrical corporation which operates in the State shall upgrade the State's electrical distribution systems in order to achieve the State's decarbonization standards. Provides that an electrical corporation shall be adequately staffed and recruit, train, and retain further staff as needed. Provides that an electrical corporation may recover costs. Effective immediately.

House Committee Amendment No. 1

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. Changes all instances of "electric corporation" to "electric utility". Provides that an electric utility that operates within the State shall allow customers seeking energization to elect an optional flexible connection agreement, meaning a tariffed, voluntary utility offering that requires customers to agree to specified service levels as a requirement of energization or interconnection, through the use of load management technology that limits the net import and export of electricity at the point of common coupling to remain within the rated capacity limits of a customer's existing service connection or distribution circuit, either on a permanent basis or to allow for immediate project operations before service or distribution system upgrades are completed. Describes considerations the Illinois Commerce Commission shall require an electric utility to include in its internal distribution planning process and in the development of the Multi-Year Integrated Grid Plans required under the Public Utilities Act (rather than considerations the electric utility shall be required to include in its distribution planning process only). Requires the load and electrification forecasts of electric utilities to include scenarios that are consistent with achieving the various laws, standards, plans, and regulations referenced in the Act. Provides that, if the solutions set forth in the Act cannot defer or mitigate an upgrade, then the electric utility shall evaluate traditional system upgrades (rather than may evaluate traditional system upgrades). Sets forth requirements to ensure the safety and reliability of electrical infrastructure associated with charging electric vehicles. Effective immediately.

New Act

Creates the Electric Vehicle Charging Act. Provides that the Act applies to new single-family homes and newly constructed or renovated multi-unit residential buildings that have parking spaces and are constructed or renovated after the effective date of the Act. Defines terms. Provides that a new single-family residence or a small multifamily residence shall have at least one electric vehicle capable parking space for each residential unit that has dedicated parking, unless any subsequently adopted building code requires additional electric vehicle capable parking spaces or installed electric vehicle supply equipment. Includes electric vehicle parking space requirements for a new, large multifamily residential building or a large multifamily residential building being renovated by a developer converting the property to an association. Includes electric vehicle parking space requirements for affordable housing and for an existing multi-unit residential building subject to an association that undertakes renovation. Includes electric vehicle charging station policies for unit owners and for renters.

Senate Committee Amendment No. 1

Replaces everything after the enacting clause with the provisions of the introduced bill, and makes the following changes. Provides that the Act applies to newly constructed single-family homes and multi-unit residential buildings (rather than new single-family homes and newly constructed or renovated multi-unit residential buildings). Removes the definitions of "electric vehicle charging station", "electric vehicle system", and "renovated". Changes the definitions of "EV-capable", "EV-ready", "level 1", and "level 2". Provides that the residential requirements for electric vehicle parking spaces apply to all building permits issued 90 days after the effective date of the Act. Provides that all building permits issued 90 days after the effective date of the Act shall require a new, large multifamily residential building or a large multifamily residential building being renovated by a developer converting the property to an association to have 100% of its total parking spaces EV-capable (rather than a specified percentage of EV-capable spaces based on the total amount of parking spaces available). Changes the residential requirements for electric vehicle parking spaces for permits issued 24 months after the effective date. Provides that all building permits issued 24 months after the effective date of the Act to be as follows: (1) for permits issued 24 months after the effective date of this Act, a minimum of 40% EV-capable parking spaces; (2) for permits issued 5 years after the effective date of this Act, a minimum of 50% EV-capable parking spaces; and (3) for permits issued 10 years after the effective date of this Act, a minimum of 70% EV-capable parking spaces. Removes language providing that an existing multi-unit residential building subject to an association that undertakes a capital maintenance, repair, replacement, or improvement project related to electrical power infrastructure shall be required to upgrade or install electrical panel capacity for dedicated branch circuits sufficient to ensure that the residential building has the power capacity to become electric vehicle capable as it relates to the space requirements. Changes the definitions of "level 1" and "level 2". Provides that a tenant may install, at the tenant's own expense for the tenant's own use, a level 1 or level 2 receptacle or outlet or a level 2 electric vehicle charging system (rather than a level 1 or level 2 electric vehicle charging system) on or in the leased premises.

Provides that nothing in the Act shall be construed to require that in the case of a developer converting the property to an association, no EV-capable or EV-ready mandate shall apply if it would necessitate the developer having to excavate an existing surface lot or other parking facility in order to retrofit the parking lot or facility with the necessary conduit and wiring. Establishes that an association that willfully violates the provisions shall be liable to the unit owner for actual damages and shall pay a civil penalty to the unit owner for actual damages and shall pay a civil penalty to the unit owner not to exceed \$500 (rather than \$1,000). Provides that in any action by a unit owner requesting to have an electric vehicle installed and seeking to enforce compliance with the provisions, the court shall award reasonable attorney's fees to a prevailing party (rather than a prevailing plaintiff). Provides that a landlord shall not assess or charge a tenant any fees for the placement or use of an electric vehicles charging system, except that a landlord may charge a security deposit to cover costs to restore the property to its original condition if the tenant removes the electric vehicle charging system.

Amends the Highway Advertising Control Act of 1971. Defines "sign" as any outdoor sign, display, device, notice, figure painting, drawing, message, placard, poster, billboard, or other thing, which is operated or owned by a person or entity where any person or entity is paying or earning remuneration directly or indirectly for (i) the existence or placement of the outdoor sign or (ii) the placement of the message on the outdoor sign (rather than any outdoor sign which is designated, intended, or used to advertise or inform, and of which any part of the existing or intended advertising or informative content) is capable of being visible from any place on the main-traveled way of any portion of any Interstate or primary highway and which is within 660 feet of the nearest edge of the right-of-way of such highway. Provides that for purposes of the definition of "erect", attaching a vinyl substrate medium to a sign structure or wall surface shall constitute normal maintenance or repair of a sign or sign structure. Defines "remuneration". Removes the definitions of "on premise sign", "off premise sign", and "real estate sign". Removes language providing that registration must be made of each sign and shall be accompanied by a registration fee of \$5. Adds reference to:

225 ILCS 440/6.04 rep.

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes:

Provides that the definition of "sign" means any outdoor sign, display, device, notice, figure painting, drawing, message, placard, poster, billboard, or other thing, which is designed (rather than designated), intended, or used to advertise or inform, and of which any part of the existing or intended advertising or informative contents is or will be visible from any place on the main-traveled way of a controlled portion (rather than any portion) of an Interstate or primary highway and which is adjacent to and within 660 feet (rather than within 660 feet) of the nearest edge of the right-of-way of such highway, and where the sign is operated or owned by a person or entity earning remuneration directly or indirectly for (i) the existence or placement of the outdoor sign or (ii) the placement of the message on the outdoor sign. Provides that the definition of "erect" does not include the attachment of a vinyl substrate to a sign that was permitted or registered to display, in another medium, advertising or other information and that does not cause a substantial change or modification that would terminate nonconforming rights. Provides that the Department of Transportation shall accord lawful status to the registered sign at issue in the decision of the Illinois Appellate Court captioned as Image Media Advertising, Inc., v. Illinois Department of Transportation, No. 1-20-0830. Provides that the Department shall also allow for the continued usage of that sign by the owner of the building or its authorized agent without requiring a new permit or registration. Makes other changes. Effective immediately.

Senate Floor Amendment No. 2

SB 00064 (CONTINUED)

Provides that the Department of Transportation shall accord lawful status to a previously permitted or registered sign that was a painted display on a wall or wall surface (but not a separate wall structure) of a building and that lost its lawful status because a court of competent jurisdiction through a final and non-appealable order determined that the attachment of a vinyl substrate to the wall or wall surface constituted the erection of a new sign and not normal maintenance. Provides that the Department shall also allow for the continued usage of that sign by the owner of the building or its authorized agent without requiring a new permit or registration.

House Committee Amendment No. 1

Adds reference to:

225 ILCS 440/14.2 new

Provides that the definition of "erect" does not include the attachment of a vinyl substrate to a sign that was permitted or registered to display, in another medium, advertising or other information and such attachment does not cause a substantial change or modification that would terminate nonconforming rights. Provides that the changes to the definition of "erect" are intended to be retroactive and apply to any permitted or registered sign in operation on or after January 1, 1999, and in operation as of the effective date of the amendatory Act that attached a vinyl substrate to a sign that was permitted or registered to display, in another medium, advertising or other information. Further amends the Highway Advertising Control Act of 1971. Provides that a previously registered sign that was a painted display on a wall or wall surface (but not a separate wall structure) of a building and that lost its lawful status because an Illinois court of competent jurisdiction determined through a final and non-appealable order that the attachment of a vinyl substrate to the wall or wall surface constituted the erection of a new sign and not normal maintenance and repair is validated as a lawful registered sign under the Act, including all rights regarding size, spacing, illumination, and alienability. Provides that the Department of Transportation must accord lawful status to the registered sign and must allow for the continued operation of that sign by the owner of the sign or its successor in interest without requiring a new registration or permit.
