Amends the County Department of Corrections Law. In provisions about pregnant prisoners, modifies the definitions of "post-partum" and "correctional institution", including that "correctional institution" includes institutions in all counties (rather than only in counties more than 3,000,000 inhabitants). Modifies and removes provisions relating to security restraints on a prisoner who is pregnant or in postpartum recovery. Adds provisions relating to annual reports by sheriffs documenting the number of pregnant prisoners in custody each year and the number of people who deliver or miscarry while in custody, relating to county department of corrections providing informational materials concerning the laws pertaining to pregnant prisoners to any pregnant or postpartum prisoner, and relating to supplemental nutrition for prisoners who are pregnant or lactating. Amends the Unified Code of Corrections and the County Jail Act making similar changes. In the Unified Code of Corrections, also adds language relating to restraints of committed persons who are pregnant. Amends the Health Care Violence Prevention Act. In provisions relating to pregnant prisoners, removes a limitation on the provisions to pregnant prisoners in the custody of the Cook County. Provides that restraint of a pregnant prisoner shall comply with specified provisions of the Counties Code, the Unified Code of Corrections, and the County Jail Act (rather than only the Counties Code provisions).

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. Further amends the County Department of Corrections Law, the Health Care Violence Prevention Act, and the County Jail Act to replace use of "prisoner" with "committed person". In the County Department of Corrections Law, the Unified Code of Corrections, and the County Jail Law, requires the Department of Public Health to provide the flyers that must be provided to pregnant committed persons, and provides that, when a person with a uterus is committed to a county jail or State correctional facility, the person shall take a pregnancy test. In the County Department of Corrections Law and the Unified Code of Corrections: (i) provides that reports a sheriff, the Department of Corrections, and the Department of Juvenile Justice must submit under the provisions must be provided to the Jail and Detention Standards Unit of the Department of Corrections (removing the requirement to submit the report to the General Assembly and the Office of the Governor in the County Department of Corrections Law); (ii) modifies the reporting requirements; (iii) and provides that other qualified medical professionals (in addition to a physician, advanced practice registered nurse, or physician assistant) may determine that the postpartum period is longer than 6 weeks. In the County Department of Corrections Law, defines "participant" as an individual placed into an electronic monitoring program and makes conforming changes. Makes other changes.

House Floor Amendment No. 3

In provisions relating to informational materials that must be provided to pregnant committed persons, provides that the information must also include the procedure for obtaining information about guardianship or adoption resources, if so desired. Provides that, when a person with a uterus is committed to a facility, the person shall within 14 days be given a medical screening and offered a pregnancy test (rather than the person shall take a pregnancy test).

HR 00247

Urges fire departments and other public safety agencies to analyze the culture of their respective department and to ensure a culture is in place that promotes training, communication, and accountability in order to help mitigate the NIOSH 5 from occurring. Urges fire departments to continue to critique their response after fires, to learn from past experiences, and to include in their culture and procedures open discussions about the NIOSH 5, studying NIOSH reports as a crew, and utilization of the Firefighter Near Miss Reporting System. Pledges to support the State's firefighters, fire departments, and public safety agencies in this endeavor. Recognizes that the continued deaths and injuries of our brave firefighters and first responders are a stark reminder of the importance of reiterating the basic concepts of firefighting and that the top five occupational factors distinctly show that a fire department's culture can lead to line-of-duty deaths (LODDs).

415 ILCS 5/21

from Ch. 111 1/2, par. 1021

Amends the Environmental Protection Act. Provides that incidental sales of finished compost do not need to be applied to agronomic rates in determining whether a person needs a permit to conduct a landscape waste composting operation at specified sites. Removes a provision requiring that no fee is charged for the acceptance of materials to be composted in order for a site having 10 or more occupied non-farm residences within 1/2 mile of its boundaries to be excepted from permit requirements.

House Floor Amendment No. 1

Replaces everything after the enacting clause with the provisions of the introduced bill, and makes the following changes:
Restores language that prohibits a landscape waste composting facility that is located within one-half mile of 10 or more occupied non-farm residences from obtaining a waste permitting exemption unless, among other things, no fee is charged for the acceptance of materials to be composted at the facility. Provides that "incidental sale of finished compost" means the sale of finished compost that meets general use construction standards and is no more than 20% or 300 cubic yards, whichever is less, of the total compost created annually by a private landowner for the landowner's own use.

Provides that the amendatory Act may be referred to as the Residential Facility Safety and Support Act. Amends the Department of Human Services Act. In provisions concerning investigative reports issued by the Department of Human Services' Inspector General that pertain to allegations of resident abuse or neglect at State-operated mental health facilities, expands the list of reportable conduct to include material obstruction of an investigation by a facility employee. Requires the Inspector General to report to the Department of Public Health's Health Care Worker Registry, the identity and finding of each employee of a facility or agency against whom there is a final investigative report prepared by the Office of the Inspector General containing a substantiated allegation of material obstruction of an investigation. Defines "material obstruction of an investigation" and "presenting untruthful information". Amends the Mental Health and Developmental Disabilities Administrative Act. Prohibits mental health facilities or agencies that are licensed, certified, operated, or funded by the Department of Human Services from employing any person identified by the Health Care Worker Registry as having been the subject of a substantiated finding of physical abuse, sexual abuse, financial exploitation, egregious neglect, or material obstruction of an investigation (rather than abuse or neglect of a service recipient). Amends the Health Care Worker Background Check Act. Prohibits health care employers from hiring or retaining any individual in a position with duties involving direct care of clients, patients, or residents who has a finding by the Department of Human Services denoted on the Health Care Worker Registry of material obstruction of an investigation. Amends the Rescue Squad Districts Act, which is becoming the Emergency Services District Act on January 1, 2024. Increases the amount of the levy that a district may initially levy upon formation of the district from .20% to .40%. Provides that districts organized before January 1, 2024 may, by ordinance or resolution, increase the tax rate authorized by their organizational proposition by up to .20% (but no more than a .40% tax rate in the aggregate, including the amount levied under the organization proposition). Provides that the aggregate amount of all district tax levies may not exceed .80% (with no more than .40% authorized by the organizational referendum and .40% authorized by an ambulance service tax referendum). Provides that the board of trustees of a district may fix, charge, and collect fees not exceeding the reasonable cost of the service for ambulance services rendered by the district within or outside of the district (rather than fix, charge, and collect fees against persons who are not residents of the district and against businesses and other entities that are not located within the district). Removes a provision setting fee amounts at a rate not to exceed \$250 per hour and not to exceed \$70 per hour per ambulance worker responding to a call for assistance. Provides that the fee that may be charged to reimburse the district for extraordinary expenses of materials used in rendering ambulance services may be up to the reasonable cost of the materials. Effective immediately.

House Committee Amendment No. 1

Provides that a rescue squad district organized before January 1, 2024 may increase, by referendum (rather than by ordinance or resolution), the tax rate authorized by its organizational proposition by up to an additional .20%.

Senate Committee Amendment No. 1

Replaces everything after the enacting clause. Reinserts the provisions of the engrossed bill with the following changes. Updates the text of the underlying bill. In provisions about charges for ambulance service, restores language requiring a fee charged to be computed at a rate not to exceed \$250 per hour and not to exceed \$70 per hour per ambulance worker responding to a call for assistance, but limits the provisions to apply to an individual patient and not to a third-party payer. Provides that a third-party payer shall pay the reasonable cost of the services rendered by the district. Defines "third-party payer". Provides that an additional fee may be charged to reimburse the district for documented extraordinary expenses (rather than for extraordinary expenses of materials used) in rendering ambulance services up to the reasonable cost of the materials, personnel, and operating costs. Limits some of the changes to apply only to counties outside of Cook County, DuPage County, Kane County, Lake County, McHenry County, and Will County. Effective immediately.

New Act

Representative Adam M. Niemerg
HB 02177 (CONTINUED)

Creates the Infant Born Alive Protection Act. Provides that any physician who intentionally performs an abortion when there is a reasonable likelihood or possibility of sustained survival of the fetus outside the womb shall utilize the method most likely to preserve the life and health of the fetus, and that failure to do so is a Class 3 felony. Prohibits the performance or inducement of an abortion when the fetus is viable unless there is in attendance a physician other than the physician performing or inducing the abortion who shall take control of and provide immediate medical care for any child born alive as a result of the abortion. Provides that any living individual organism of the species homo sapiens who has been born alive is legally an individual under the Criminal Code of 2012. Provides that a Class 3 felony is committed when a physician under specified circumstances intentionally, knowingly, or recklessly fails to exercise the same conduct to preserve the life and health of a child as would be required for a child born alive at the same gestational age. Provides that nothing in the Act requires a physician to employ a method of abortion which, in the medical judgment of the physician, would increase medical risk to the mother. Except in specified circumstances, requires specified persons to inform a woman upon whom an abortion is to be performed when an anesthetic or analgesic is available for use to abolish or alleviate organic pain caused to the fetus by the particular method of abortion to be employed and provides that failure to do so is a Class B misdemeanor.

New Act

Representative Adam M. Niemerg
HB 04182 (CONTINUED)

Creates the Construction Zone Safe Detour Act. Establishes that a company that provides GPS travel services in the State is required to ensure that at least one person is available to receive official requests 24 hours per day, 7 days per week from emergency services, Illinois State Police, or the Department of Transportation for the purpose of implementing proper detours in the event of construction or emergency. Requires a GPS service provider to upload the detour and routing information provided by emergency services, Illinois State Police, or the Department of Transportation into its navigation system to properly route users of the GPS service provider's systems. Provides that a GPS service provider that fails to implement proper detour routing on an ongoing and emergency basis may be liable for treble damages. Allows an affirmative defense for GPS service providers if emergency services, including the Department of Transportation and Illinois State Police, fail to notify the GPS service provider with routing information. Prohibits the Department from conducting construction on a secondary route or parallel primary highway at the same time, except in an emergency. Requires the Department to reimburse local governments for damages caused to roads within the local government's jurisdiction that arise from any detour around or near a construction zone authorized by the Department. Provides that the Department shall adopt emergency rules for the administration of the Act. Defines terms.

Amends the Biometric Information Privacy Act. Changes the term "written release" to "written consent". Provides that the written policy that is developed by a private entity in possession of biometric identifiers shall be made available to the person from whom biometric information is to be collected or was collected (rather than to the public). Provides that an action brought under the Act shall be commenced within one year after the cause of action accrued if, prior to initiating any action against a private entity, the aggrieved person provides a private entity 30 days' written notice identifying the specific provisions the aggrieved person alleges have been or are being violated. Provides that if within the 30 days the private entity actually cures the noticed violation and provides the aggrieved person an express written statement that the violation has been cured and that no further violations shall occur, no action for individual statutory damages or class-wide statutory damages may be initiated against the private entity. Provides that if a private entity continues to violate the Act in breach of the express written statement, the aggrieved person may initiate an action against the private entity to enforce the written statement and may pursue statutory damages for each breach of the express written statement and any other violation that postdates the written statement. Provides that a prevailing party may recover: against a private entity that negligently violates the Act, actual damages (rather than liquidated damages of \$1,000 or actual damages, whichever is greater); or against a private entity that willfully (rather than intentionally or recklessly) violates the Act, actual damages plus liquidated damages up to the amount of actual damages (rather than liquidated damages of \$5,000 or actual damages, whichever is greater). Provides that the Act does not apply to a private entity if the private entity's employees are covered by a collective bargaining agreement that provides for different policies regarding the retention, collection, disclosure, and destruction of biometric information. Makes other changes.

Sets forth monthly benefits amounts based on monthly household income. Requires beneficiaries to comply with TANF and SNAP work requirements. Provides that, subject to appropriation, the Department shall implement, by July 1, 2025, a program to allow recipients to receive transitional child care benefits without the requirement that such recipients first be eligible for full child care benefits. HB 04896 (CONTINUED)

Replaces everything after the enacting clause. In provisions concerning sexual misconduct in schools, provides that guidelines established for certain situations and all available methods for how to report staff-student boundary violations within a school and to external agencies must be posted on the website, if any, of each school district, charter school, or nonpublic school and must be included in any staff, student, and (instead of or) parent handbook provided by the school district, charter school, or nonpublic school (instead of nonpublic, nonsectarian elementary or secondary school). In provisions concerning an employment history review, requires a job applicant to provide the name, address, telephone number, and other relevant contact information of the applicant's current employer only if the applicant has direct contact with children or students at the applicant's current employer. Provides that for a licensed substitute teacher who is seeking employment in more than one school district, a school district's regional office of education or intermediate service center may collect and share specified information and records. Provides that a regional office of education's or intermediate service center's participation in the employment history review shall be limited to collecting such information and records and sharing the information and records with the school district or school districts. Sets forth other provisions concerning a regional office of education's or intermediate service center's participation in the employment history review and how long the review remains valid. Provides that if, at any time, a school district has information or records that the school district would have immunity from liability to share as part of an employment history review, then the school district and its employees are immune from liability on specified terms if sharing such information or records with the regional office of education or intermediate service center that maintains the applicable approved substitute list. Replaces everything after the enacting clause. Amends the Higher Education Student Assistance Act with respect to the AIM HIGH Grant Pilot Program. Removes language referring to the program as a pilot program. Requires each participating public university to indicate that grants under the program come from AIM HIGH and to use the words "AIM HIGH" in the name of any grant under the program and in any published or posted materials about the program. Provides that each public university campus shall allow qualified full-time undergraduate students to apply for a grant, but may choose to allow qualified part-time undergraduate students who are enrolling in their final semester at the public university campus to also apply. Provides that a public university in which an average of at least 49% of the students seeking a bachelor's degree or certificate received a Pell Grant over the prior 3 academic years shall match 35% (instead of 20%) of the amount of funds awarded in a given academic year with non-loan financial aid for eligible students. Provides that a public university in which an average of less than 49% of the students seeking a bachelor's degree or certificate received a Pell Grant over the prior 3 academic years shall match 70% (instead of 60%) of the amount of funds awarded in a given academic year with non-loan financial aid for eligible students. Provides that each public university campus must report to the Illinois Student Assistance Commission the total non-loan financial aid amount given by the public university campus to undergraduate students in the 2017-2018 academic year or the 2021-2022 academic year (instead of just the 2017-2018 academic year), not including the summer terms. Provides that, to be eligible to receive funds under the program, a public university campus may not decrease the total amount of non-loan financial aid it gives to undergraduate students, not including any funds received from the Commission or any funds used to match grant awards, to an amount lower than the amount reported for the 2017-2018 academic year or the 2021-2022 academic year, whichever is less (instead of just the 2017-2018 academic year), not including the summer terms. Representative Wayne A Rosenthal
HB 05304 (CONTINUED)

Creates the Highway Work Zone Safety Act. Establishes the Highway Work Zone Speed Control Pilot Program. Provides that the Program's purpose is to enforce the speed limits established for construction or maintenance speed zones. Requires the Department of Transportation to install and operate an automated traffic control system only when highway construction and maintenance is occurring and when workers are present. Requires the Department to conduct a public safety campaign and post signage to inform drivers about the use of an automated traffic control system that detects speeds in excess of a work zone speed limit. Requires an automated traffic control system used in the Program to undergo an annual calibration check performed by an independent calibration laboratory. Provides that the Department shall employ automated traffic control system operators to operate an automated traffic control system at a construction or maintenance speed zone. Enumerates the duties and training requirements of an automated traffic control system operator. Limits the use of a photograph or recorded image captured by an automated traffic control system. Creates a presumption that the owner of a motor vehicle that is the subject of a photograph or recorded image was operating the motor vehicle when the photograph or recorded image was obtained through an automated traffic control system. Allows the presumption to be rebutted if specified conditions are met. Grants rulemaking authority to the Department. Defines terms. Repeals the Automated Traffic Control Systems in Highway Construction or Maintenance Zones Act. Makes conforming changes.

House Committee Amendment No. 1

Replaces everything after the enacting clause with the provisions of the introduced bill with the following changes. Provides that the Illinois State Police (rather than the Department of Transportation) shall establish and administer the Highway Work Zone Speed Control Pilot Program. Provides that the Illinois State Police (rather than the Department of Transportation) shall install and operate automated traffic control systems in highway construction and maintenance speed zones to detect violations of posted work zone speed limits (rather than when highway construction or maintenance is occurring and when workers are present). Provides that the Illinois State Police (rather than the Department of Transportation) shall conduct a public information campaign for the Program. Removes provisions regarding maintenance of automated traffic control systems. Provides that the Illinois State Police (rather than the Department of Transportation) shall employ automated traffic control system operators. Removes provisions regarding specified requirements, duties, and restrictions for automated traffic control system operators. Provides that the Illinois State Police may adopt rules to establish requirements, duties, or restrictions for automated traffic control system operators. Removes provisions regarding liability, defenses, and civil penalties for violations. Provides that a person who owns a motor vehicle that is identified by an automated traffic control system as operating in a construction or maintenance speed zone at a speed in excess of the posted speed limit is guilty of a civil law violation, with a fine of \$100 to \$200, with specifications regarding the fine. Provides that a person found to have committed a third or subsequent violation, and found to have failed to pay all fines and costs within 30 days, is guilty of a separate civil law violation. Removes provisions regarding administrative reporting requirements. Provides that the Illinois State Police may conduct procurement and adopt rules to implement and administer the Act (rather than the Department of Transportation shall adopt rules including rules establishing procedures for notices, hearings, and appeals). Removes the definitions of "Authority" and "Department". Makes technical and other changes. Effective January 1, 2027, except that provisions regarding procurement and rulemaking are effective immediately.

House Floor Amendment No. 2

Replaces everything after the enacting clause with the provisions of House Amendment No. 1 with the following changes. Creates the Highway Work Zone Speed Control Program (rather than Highway Work Zone Speed Control Pilot Program). Provides that the Illinois Department of Transportation, in coordination with the Illinois State Police (rather than only the Illinois State Police), shall establish the Highway Work Zone Speed Control Program. Provides that the Illinois Department of Transportation, in coordination with the Illinois State Police and Illinois State Toll Highway Authority (rather than the Illinois State Police in coordination with the Department of Transportation and Illinois State Toll Highway Authority), shall administer the Program. Provides that the Illinois Department of Transportation (rather than the Illinois State Police) may enter into an agreement with a third-party vendor to assist in the administration of the program. Provides that the Illinois State Police in conjunction with the Illinois Department of Transportation and the Illinois Tollway Authority shall install, set up, and operate automated traffic control systems in certain areas (rather than the Illinois State Police shall install and operate automated traffic control systems in certain areas). Provides that the Illinois State Police and the Illinois Department of Transportation may (rather than the Illinois State Police shall) conduct a public information campaign. Provides that signs indicating that work zone speeds are enforced by automated traffic control systems must be clearly posted in the areas where the systems are in use (rather than the Department of Transportation, in coordination with the Illinois State Police, shall post before the entrance to a construction or maintenance speed zone in which an automated traffic control system is in use signage indicating that the work zone speed limit is being monitored by an automated traffic control system). Provides that the Illinois Department of Transportation (rather than the Illinois State Police) shall employ automated traffic control system operators and may adopt rules necessary to establish requirements, duties, or restrictions concerning automated traffic control system operators. In a provision regarding a civil law violation and subsequent fine, provides that moneys designated for the Illinois Department of Transportation shall be remitted by the circuit court clerk within one month after receipt for deposit into the Transportation Safety Highway Hire-back Fund. Provides that a civil law violation under this Act to a motor vehicle rental or leasing company shall be dismissed if the company responds to the civil law violation within 30 days of the mailing with an affidavit of non-liability and a copy of the driver's license number, name, and address of the renter or lessee.

House Floor Amendment No. 3

In a provision in House Amendment No. 2, provides that the Illinois State Police, in conjunction with the Illinois Department of Transportation and the Illinois State Toll Highway Authority, shall set up and operate (rather than install, set up, and operate) automated traffic control systems in highway construction and maintenance speed zones. Provides that certain tasks may or shall be completed before setting up (rather than installing) an automated traffic control system. Provides that the Illinois Department of Transportation or the Illinois State Police may (rather than the Illinois Department of Transportation shall) employ automated traffic control system operators.

Provides that the Act may be cited as the U.S. Military Highways Designations Act (rather than the United States Marine Corps Semper Fidelis Memorial Highway Act). Designates the portion of Interstate 80 in Illinois from mile marker 26 to 51 (rather than the entirety of Interstate 80 in Illinois) as the U.S. Marine Corps Highway "Semper Fidelis" (rather than the United States Marine Corps Semper Fidelis Memorial Highway) to honor and mark the 250th anniversary of the United States Marine Corps. Provides that appropriate plaques may be erected by the Department of Transportation along Interstate 80 and in rest areas along this route (rather than only in rest areas).

New Act

Creates the Child Abuse Notice Act. Requires certain businesses and establishments, including, but not limited to, day care centers, elementary and secondary schools, bus stations, and general acute care hospital emergency rooms, to post in a conspicuous place a notice developed by the Department of Children and Family Services that is aimed toward children under 18 and provides information on what constitutes physical and sexual abuse and how to report such abuse. Requires the notice to be at least 8 1/2 inches by 11 inches in size, written in a 16-point font, unless the notice is provided by electronic means. Requires the Department, in consultation with an accredited Children's Advocacy Center, to develop a model notice no later than 6 months after the effective date of the Act. Requires the Department to make the model notice available for download on the Department's Internet website and provide the notice upon request to eligible business, schools, and other establishments. Provides that the notice shall be printed in English, Spanish, and in one other language that is the most widely spoken language in the county where the establishment is located and for which translation is mandated by the federal Voting Rights Act, as applicable. Imposes certain penalties on those businesses and other establishments that are subject to the Act that fail to comply with the Act's requirements. Exempts school districts and personnel from the penalty provision.

House Committee Amendment No. 2

Removes day care centers and public and private schools that contain students under the age of 18 from the list of businesses and establishments that must post a child abuse notice in their public restrooms. Adds hotels, motels, and tattoo and body piercing establishments to the list. Removes a provision that requires the administrator of a public or private elementary school or public or private secondary school to post a printout of the downloadable notice provided by the Department of Children and Family Services in a conspicuous and accessible place chosen by the administrator in the administrative office or another location in view of school employees. Removes a provision that exempts school districts and personnel from the Act's penalties provisions.

Senate Floor Amendment No. 1

Replaces everything after the enacting clause. Reinserts the provisions of the engrossed bill with the following changes. In a provision listing the types of businesses and other establishments that must post the child abuse notice as required under the Act, requires compliance from entertainment facilities or sporting facilities that are indoor structures with a legal occupancy of at least 5,000 persons (rather than entertainment facilities or sporting facilities providing services or opportunities to those under the age of 18). Removes a provision that requires the Department of Children and Family Services to, upon request, furnish copies of the model notice without charge to businesses, establishments, or schools. Removes an incorrect cross-reference from the provisions of the engrossed bill.

HB 04934 (CONTINUED)

Replaces everything after the enacting clause. Amends the Cemetery Protection Act. Defines "veteran" and "veterans' organization". Provides that if a veterans' organization has identified human remains of a veteran that are more than 100 years old and wishes to have a marker placed to designate the grave as that of a veteran, a cemetery authority may allow such memorialization without permission of the decedent's heirs. Provides that all costs for memorialization including the marker, its installation, and any removal of or repair to a previous marker that is damaged shall be entirely borne by the veterans' organization. Prohibits human remains from being disturbed in this process. Requires permission from the cemetery authority and compliance with the rules and regulations and any collective bargaining agreement of the involved cemetery. Requires the veterans' organization to first make a good faith effort to contact the decedent's next of kin, and if there is no response within 120 days, the process may proceed. Provides that if any heir of a decedent later objects to memorialization, the sole remedy is the removal of the involved marker at the expense of the involved veterans' organization unless the veterans' organization no longer exists or is without funds, in which case removal shall be at the expense of the heir. Prohibits any monetary damages or any other equitable relief or penalties against the cemetery authority, cemetery, or veterans' association.

Senate Floor Amendment No. 1

Defines "not-for-profit corporation" as that term is used in the General Not For Profit Corporation Act of 1986. Provides that a not-for-profit corporation may identify human remains of a veteran under the Cemetery Protection Act.

New Act

Creates the Home Modification Program Act. Provides that the purpose of the Act is to establish a home modification funding system that is streamlined, effective, and administered by experts within the disability community. Provides that, subject to appropriation, the Department of Human Services shall establish a Home Modification Program to provide financial assistance to persons with disabilities for home modification projects. Requires the Department to designate a statewide association that represents centers for independent living to serve as the lead agency to administer the Program. Requires the Department to provide funding for the Program. Requires the lead agency to distribute any moneys it receives from the Department to the State's 22 centers for independent living, covering all 102 counties. Provides that the lead agency shall ensure that each center for independent living has access to at least \$105,000 to use for home modification projects, with the excess funds subject to reallocation during the 4th fiscal quarter of each year. Contains provisions concerning eligibility requirements for applicants under the Program; standards and qualifications for home modification projects; the lead agency's establishment of a Home Modification Subcommittee to provide additional oversight of the home modification projects; and an administrative fee to the lead agency.

House Committee Amendment No. 1

Expands the list of findings to include the following: nearly 3,900,000 veterans receive disability compensation payments; these veterans have sacrificed in service to their country and defense of our freedoms; and home modifications will help Illinois veterans to regain and maintain their own freedom to utilize their homes and access the world around them. Provides that older adults and veterans who have a disability, as defined in the Act, qualify for financial assistance under the Home Modification Program. Requires program applicants to have proof of disability from an agency other than a center for independent living when a disability is not obvious or readily apparent. Provides that, in addition to other local, State, and federal requirements, all contractors must follow the requirements under the Illinois Accessibility Code. Expands the definition of "home modification" to include any change to the structure of a residential home or property to create universal design. Defines "universal design" to mean any dwelling unit designed and constructed that is safe and accessible for everyone, regardless of age, physical ability, or stature. Makes technical changes.

from Ch. 111 1/2, par. 1021

Amends the Environmental Protection Act. Provides that incidental sales of finished compost do not need to be applied to agronomic rates in determining whether a person needs a permit to conduct a landscape waste composting operation at specified sites. Removes a provision requiring that no fee is charged for the acceptance of materials to be composted in order for a site having 10 or more occupied non-farm residences within 1/2 mile of its boundaries to be excepted from permit requirements.

House Floor Amendment No. 1

Replaces everything after the enacting clause with the provisions of the introduced bill, and makes the following changes:
Restores language that prohibits a landscape waste composting facility that is located within one-half mile of 10 or more occupied non-farm residences from obtaining a waste permitting exemption unless, among other things, no fee is charged for the acceptance of materials to be composted at the facility. Provides that "incidental sale of finished compost" means the sale of finished compost that meets general use construction standards and is no more than 20% or 300 cubic yards, whichever is less, of the total compost created annually by a private landowner for the landowner's own use.

Replaces everything after the enacting clause. Amends the Illinois Pension Code. In the State Employee Article of the Code, provides that, with regard to persons subject to the Tier 2 provisions, an investigator for the Department of the Lottery is entitled to an annuity calculated under the alternative retirement annuity provisions, in lieu of the regular or minimum retirement annuity, only if the person has withdrawn from service with not less than 20 years of eligible creditable service and has attained age 55, regardless of whether the attainment of age 55 occurs while the person is still in service. Establishes a deferred retirement option plan for certain police officers, firefighters, sheriff's law enforcement employees, and deputy sheriffs in the Cook County Police Department who are otherwise eligible to retire under which a participant may continue in active service for up to 5 years while having his or her retirement pension paid into a special account. 625 ILCS 5/11-612

625 ILCS 7/Act rep.

Creates the Highway Work Zone Safety Act. Establishes the Highway Work Zone Speed Control Pilot Program. Provides that the Program's purpose is to enforce the speed limits established for construction or maintenance speed zones. Requires the Department of Transportation to install and operate an automated traffic control system only when highway construction and maintenance is occurring and when workers are present. Requires the Department to conduct a public safety campaign and post signage to inform drivers about the use of an automated traffic control system that detects speeds in excess of a work zone speed limit. Requires an automated traffic control system used in the Program to undergo an annual calibration check performed by an independent calibration laboratory. Provides that the Department shall employ automated traffic control system operators to operate an automated traffic control system at a construction or maintenance speed zone. Enumerates the duties and training requirements of an automated traffic control system operator. Limits the use of a photograph or recorded image captured by an automated traffic control system. Creates a presumption that the owner of a motor vehicle that is the subject of a photograph or recorded image was operating the motor vehicle when the photograph or recorded image was obtained through an automated traffic control system. Allows the presumption to be rebutted if specified conditions are met. Grants rulemaking authority to the Department. Defines terms. Repeals the Automated Traffic Control Systems in Highway Construction or Maintenance Zones Act. Makes conforming changes.

Provides that a person found to have committed a third or subsequent violation, and found to have failed to pay all fines and costs within 30 days, is guilty of a separate civil law violation. Removes provisions regarding administrative reporting requirements. Provides that the Illinois State Police may conduct procurement and adopt rules to implement and administer the Act (rather than the Department of Transportation shall adopt rules including rules establishing procedures for notices, hearings, and appeals). Removes the definitions of "Authority" and "Department". Makes technical and other changes. Provides that the Illinois Department of Transportation (rather than the Illinois State Police) shall employ automated traffic control system operators and may adopt rules necessary to establish requirements, duties, or restrictions concerning automated traffic control system operators. In a provision regarding a civil law violation and subsequent fine, provides that moneys designated for the Illinois Department of Transportation shall be remitted by the circuit court clerk within one month after receipt for deposit into the Transportation Safety Highway Hire-back Fund. Provides that a civil law violation under this Act to a motor vehicle rental or leasing company shall be dismissed if the company responds to the civil law violation within 30 days of the mailing with an affidavit of non-liability and a copy of the driver's license number, name, and address of the renter or lessee.

Amends the Illinois Insurance Code. Provides that an individual or group policy of accident and health insurance amended, delivered, issued, or renewed in the State after January 1, 2026 (instead of January 1, 2025) shall provide coverage for home test kits for sexually transmitted infections, including any laboratory costs of processing the kit, that are deemed medically necessary or appropriate and ordered directly by a clinician (instead of a clinician or furnished through a standing order) for patient use. Makes other changes. Amends the County Jail Act. Removes a provision that required a report by the Department of Corrections to include whether the warden of the jail had sought certain information from the Department of Public Health or community-based organizations certified to provide HIV/AIDS testing.

105 ILCS 302/1

Amends the College and Career Success for All Students Act. Makes a technical change in a Section concerning the short title.

House Floor Amendment No. 1

Deletes reference to:

105 ILCS 302/1

Adds reference to:

105 ILCS 5/34-18.87 new

Replaces everything after the enacting clause. Amends the Chicago School District Article of the School Code. Prohibits, until February 1, 2027, the Chicago Board of Education from closing any attendance center within the school district that has selective admission requirements that apply to the entire student body. Prohibits, until February 1, 2027, the Board from changing the standards for admission to any attendance center within the school district that has selective admission requirements that apply to the entire student body. Provides that the Board shall not take any action, until February 1, 2027, that results in a disproportionate decrease in either the total amount or percentage of funds allocated to an attendance center within the school district that has selective admission requirements that apply to the entire student body compared to other attendance centers of comparable size. Effective immediately.

House Floor Amendment No. 3

Adds reference to:

105 ILCS 5/34-18.69

Prohibits the Chicago Board of Education from approving any school closings, consolidations, or phase-outs until February 1, 2027 (instead of until January 15, 2025). Removes a provision prohibiting, until February 1, 2027, the Chicago Board of Education from closing any attendance center within the school district that has selective admission requirements that apply to the entire student body.

Racial Impact Note (Illinois State Board of Education)

Pursuant to 25 ILCS 83/110-10 the State Board of Education does not believe HB 303 as amended would pose a racial impact as it would not change the existing procedures or operations of any attendance center within the district.

Fiscal Note (Illinois State Board of Education)

H.B. 303, as amended by House Amendment 3, would extend the prohibition on the board of Chicago Public Schools approving any school closings, consolidations, or phase-outs through February 1, 2027. It would also prohibit the board from changing admission standards for schools with selective admission requirements or from disproportionately decreasing funding for such schools. This change would not have a fiscal impact to the State Board of Education.

Amends the Laser System Act of 1997. Defines "laser installation operator", "laser safety officer", "temporary laser display", and "temporary laser display operator". Throughout the Act, refers to laser installation operators or temporary laser display operators (rather than just operators). Requires laser installations to employ a laser safety officer. Requires the Illinois Emergency Management Agency to adopt rules specifying minimum training and experience requirements for laser safety officers. Provides that, if a laser safety officer encounters noncompliance with the Act or rules adopted under the Act in the course of performing his or her duties as a laser safety officer, then the laser safety officer shall report that noncompliance to the Agency as soon as practical. Requires temporary laser display operators to ensure that each temporary laser display has a laser safety officer physically present at the setup, rehearsal, and performance to ensure that all laser systems in operation at the laser installation meet the requirements of the Act and any rules adopted by the Agency under the Act. Requires temporary laser displays and laser safety officers to maintain a policy of general liability insurance in an amount that is commercially reasonable, but not less than \$1,000,000, and that covers each temporary laser display and laser safety officer. Requires temporary laser display operators to register with the Agency prior to conducting a temporary laser display. Contains notification requirements. Makes other changes.

House Floor Amendment No. 1

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with changes. Provides that the definition of "laser system" includes laser projectors and laser machines, but does not include any device, machine, equipment, or other apparatus used in the provision of communications through fiber optic cable. Deletes language requiring a laser installation operator to request blanket registration approval by the Illinois Emergency Management Agency. Provides that a laser display operator shall provide updated registration information as needed (rather than within 30 days after any change to the information). Makes other technical changes.

Senate Committee Amendment No. 1

Changes the definition of "laser safety officer". Provides that each laser installation whose function is for the use of a temporary laser display shall use a laser safety officer.

740 ILCS 90/11 new

Amends the Innkeeper Protection Act. Provides that a proprietor or manager of a hotel may remove or cause to be removed from a hotel or refuse to admit or refuse service or accommodations to a guest or other person who violates specified provisions. Provides that if the guest has paid in advance, the innkeeper shall tender to the guest any unused portion of the advance payment at the time of removal. Provides that the amendatory provisions shall not be used as a pretext to discriminate against a guest on the basis of race, color, religion, sex, sexual orientation, gender identity or expression, disability, age, or country of ancestral origin. Effective immediately.

House Committee Amendment No. 1

Removes language providing that a proprietor or manager of a hotel may remove or cause to be removed from a hotel a guest or other person who brings property into the hotel that may be dangerous to other persons, including firearms or explosives.

House Floor Amendment No. 2

Replaces everything after the enacting clause with the provisions of the introduced bill, and makes the following changes: Removes language providing that a proprietor or manager of a hotel may refuse to admit or refuse service or accommodations to a person who: while on the premises of the hotel, acts in an obviously intoxicated manner; or is under the age of 18 years of age and is not accompanied by an adult. Removes language providing that a proprietor or manager of a hotel may remove or cause to be removed from a hotel a guest or other person who: is unable to pay for accommodations or services; while on the premises of the hotel, acts in an obviously intoxicated manner; and brings property into the hotel that may be dangerous to other persons. Provides that nothing shall be used as a pretext to discriminate against a guest on the basis of characteristics protected under local, State, or federal antidiscrimination laws (rather than on the basis of race, color, religion, sex, sexual orientation, gender identity or expression, disability, age, or country of ancestral origin). Provides that the provisions do not limit any rights or protections that a guest or other person may have under local, State, or federal antidiscrimination or civil rights laws. Effective immediately.

Senate Committee Amendment No. 1

Replaces everything after the enacting clause with the provisions of the engrossed bill, and makes the following changes: Prohibits a proprietor or manager of a hotel from ejecting a guest while the area the hotel is located in is under a severe weather warning without first giving a verbal or written warning to the guest that the guest may be ejected for the guest's behavior. Provides that nothing in the provisions regarding the right to eject shall be used as a pretext to terminate a month-to-month, yearly, or any other term lease, written or oral, of a permanent resident. Prohibits a proprietor or manager of a hotel from terminating the lease of a permanent resident without first going through the appropriate legal process required to lawfully terminate such lease. Provides that the provisions regarding the right to eject do not limit any rights or protections a permanent resident may have under local, State, or federal landlord or tenant laws or fair housing laws. House Floor Amendment No. 1

Deletes reference to:

110 ILCS 150/1

Adds reference to:

110 ILCS 947/65.100

Replaces everything after the enacting clause. Amends the Higher Education Student Assistance Act with respect to the AIM HIGH Grant Pilot Program. Removes language referring to the program as a pilot program. Requires each participating public university to indicate that grants under the program come from AIM HIGH and to use the words "AIM HIGH" in the name of any grant under the program and in any published or posted materials about the program. Provides that each public university campus shall allow qualified full-time undergraduate students to apply for a grant, but may choose to allow qualified part-time undergraduate students who are enrolling in their final semester at the public university campus to also apply. Provides that a public university in which an average of at least 49% of the students seeking a bachelor's degree or certificate received a Pell Grant over the prior 3 academic years shall match 35% (instead of 20%) of the amount of funds awarded in a given academic year with non-loan financial aid for eligible students. Provides that a public university in which an average of less than 49% of the students seeking a bachelor's degree or certificate received a Pell Grant over the prior 3 academic years shall match 70% (instead of 60%) of the amount of funds awarded in a given academic year with non-loan financial aid for eligible students. Provides that each public university campus must report to the Illinois Student Assistance Commission the total non-loan financial aid amount given by the public university campus to undergraduate students in the 2017-2018 academic year or the 2021-2022 academic year (instead of just the 2017-2018 academic year), not including the summer terms. Provides that, to be eligible to receive funds under the program, a public university campus may not decrease the total amount of non-loan financial aid it gives to undergraduate students, not including any funds received from the Commission or any funds used to match grant awards, to an amount lower than the amount reported for the 2017-2018 academic year or the 2021-2022 academic year, whichever is less (instead of just the 2017-2018 academic year), not including the summer terms. Removes the repealer provision. Effective immediately.

105 ILCS 5/2-3.161
105 ILCS 5/10-20.85 new
105 ILCS 5/34-18.82 new

Amends the School Code. Provides that the dyslexia handbook developed by the State Board of Education shall include guidelines on the administration of a universal screener and dyslexia screening, the interpretation of data from these screeners, and the resulting appropriate instruction within a multi-tiered system of support framework. Provides that the State Board of Education shall adopt any rules necessary to ensure that a student will be screened for the risk factors of dyslexia using a universal screener. Sets forth which students are required to be screened. Provides that no later than January 1, 2024, the State Board of Education shall employ at least 5 dyslexia specialists or dyslexia therapists with a minimum of 5 years of field experience in screening, identifying, and treating dyslexia and related disorders. Provides that beginning with the 2023-2024 school year, each school district must screen students in grades kindergarten through 2 for the risk factors of dyslexia using a universal screener approved by the State Board of Education. Provides that if a student is determined to be either at risk or at some risk for dyslexia after the universal screener has been administered, the school district must administer a dyslexia screening of the student. Provides that if a student's dyslexia screening indicates that the student has characteristics of dyslexia, the dyslexia intervention services provided to the student must utilize a structured literacy approach as outlined in the State Board of Education's handbook. Makes other changes.

House Committee Amendment No. 1

Replaces everything after the enacting clause. Reinserts the contents of the introduced bill with the following changes. In the definition of "universal screener", changes references to "an assessment" to "a screener". Provides that the "universal screener" shall screen for the risk factors of reading difficulties, including dyslexia (instead of the risk factors of dyslexia). Provides that students shall be screened if a student from another state enrolls for the first time in any of grades kindergarten through 2 in a school district in this State, provided that if a student's score is below 3.0 on either the listening or the speaking portion of the ACCESS for ELLs assessment, the student may be exempt from a universal screener as determined by the school's or school district's English language learner team (instead of unless the student, the student's parent, or the student's guardian presents documentation that the student meets specified conditions). Adds provisions concerning secondary review of a student. In provisions concerning the student's parent or guardian consent to screening, provides that the parent or guardian must be notified (rather than specified provisions concerning the nature of notification). Makes conforming changes.

Replaces everything after the enacting clause with the provisions of the introduced bill, and makes the following changes:
Restores language that prohibits a landscape waste composting facility that is located within one-half mile of 10 or more occupied non-farm residences from obtaining a waste permitting exemption unless, among other things, no fee is charged for the acceptance of materials to be composted at the facility. Provides that "incidental sale of finished compost" means the sale of finished compost that meets general use construction standards and is no more than 20% or 300 cubic yards, whichever is less, of the total compost created annually by a private landowner for the landowner's own use.

Amends the Human Remains Protection Act. Provides that if the grave is damaged or destroyed, the veterans' organization may fix, add, install, or refurbish the grave or replace a broken or damaged headstone. Before the veterans' organization may repair, refurbish, place a marker, or otherwise repair a broken headstone on the grave, the veterans' organization must make a good faith effort to contact the next of kin of the person whose grave has been identified and receive no response from the next of kin within a reasonable period of time as determined by the Department, by rule. Provides that the Department shall, by rule, determine what relationship to a person whose grave has been identified as a veteran's grave must be contacted by the veterans' organization.

Replaces everything after the enacting clause. Amends the Cemetery Protection Act. Defines "veteran" and "veterans' organization". Provides that if a veterans' organization has identified human remains of a veteran that are more than 100 years old and wishes to have a marker placed to designate the grave as that of a veteran, a cemetery authority may allow such memorialization without permission of the decedent's heirs. Provides that all costs for memorialization including the marker, its installation, and any removal of or repair to a previous marker that is damaged shall be entirely borne by the veterans' organization. Prohibits human remains from being disturbed in this process. Requires permission from the cemetery authority and compliance with the rules and regulations and any collective bargaining agreement of the involved cemetery. Requires the veterans' organization to first make a good faith effort to contact the decedent's next of kin, and if there is no response within 120 days, the process may proceed. Provides that if any heir of a decedent later objects to memorialization, the sole remedy is the removal of the involved marker at the expense of the involved veterans' organization unless the veterans' organization no longer exists or is without funds, in which case removal shall be at the expense of the heir. Prohibits any monetary damages or any other equitable relief or penalties against the cemetery authority, cemetery, or veterans' association.

Senate Floor Amendment No. 1

Defines "not-for-profit corporation" as that term is used in the General Not For Profit Corporation Act of 1986. Provides that a not-for-profit corporation may identify human remains of a veteran under the Cemetery Protection Act.

Replaces everything after the enacting clause. Amends the Illinois Act on the Aging. Requires the Department on Aging to establish and administer a Grandparents Raising Grandchildren Pilot Program to operate in Will County beginning January 1, 2024 through January 1, 2027. Provides that the pilot program shall allow the Senior Services Center of Will County to designate an intake coordinator for Will County who shall help connect grandparents raising grandchildren to relevant services and resources provided by the various State agencies, including, but not limited to, services and resources provided by the Department of Children and Family Services, the Department of Human Services, the Department on Aging, the Department of Healthcare and Family Services, and the State Board of Education. Provides that the intake coordinator shall provide services at local Senior Services Centers located in Will County and shall work with the Department on Aging to create a public awareness campaign on the services and resources offered by each of the agencies. Provides that the intake coordinator must be knowledgeable in certain programs including, but not limited to, the Extended Family Support Program administered by the Department of Children and Family Services and the Child Only Grants assistance component of the Temporary Assistance for Needy Families program administered by the Department of Human Services. Provides that the intake coordinator must be given the contact information for the designated point of contact for each State agency listed in the amendatory Act. Provides that each State agency's designated point of contact shall provide educational materials and training on the different programs provided by the State agency. Provides that the intake coordinator may receive this information within 14 days after his or her selection by the Department on Aging. Provides that, by January 1 of each year beginning in 2025 until the pilot program terminates, the Department on Aging shall submit an annual report to the General Assembly on the number of families who received referrals to relevant services from the intake coordinator during the prior calendar year, the specific services each family was referred to and received, and other related information on the frequency of calls and visits to the office of the intake coordinator during the reporting period.

Senate Floor Amendment No. 2

Replaces everything after the enacting clause. Reinserts the provisions of the engrossed bill, with the following changes: Makes the establishment and implementation of the Grandparents Raising Grandchildren Pilot Program subject to appropriations. Provides that the program shall require (rather than allow) the Senior Services Center of Will County to designate a staff member as an intake coordinator for Will County (rather than designate an intake coordinator for Will County) who shall help connect grandparents raising grandchildren to existing relevant services (rather than relevant services). Requires the intake coordinator to maintain records regarding the number of families who received referrals, the specific services each family was referred to and received, and the frequency of calls and visits. Provides that the intake coordinator selected by the Senior Services Center of Will County (rather than by the Department on Aging) must be knowledgeable on certain State-operated programs. In a provision requiring the intake coordinator to be given the contact information for the designated point of contact for each State agency listed in the engrossed bill, provides that such information may be given within 14 days after the intake coordinator's selection by the Senior Services Center of Will County (rather than selection by the Department on Aging).

Provides that the written policy that is developed by a private entity in possession of biometric identifiers shall be made available to the person from whom biometric information is to be collected or was collected (rather than to the public). Provides that if within the 30 days the private entity actually cures the noticed violation and provides the aggrieved person an express written statement that the violation has been cured and that no further violations shall occur, no action for individual statutory damages or class-wide statutory damages may be initiated against the private entity. Provides that if a private entity continues to violate the Act in breach of the express written statement, the aggrieved person may initiate an action against the private entity to enforce the written statement and may pursue statutory damages for each breach of the express written statement and any other violation that postdates the written statement. Provides that a prevailing party may recover: against a private entity that negligently violates the Act, actual damages (rather than liquidated damages of \$1,000 or actual damages, whichever is greater); or against a private entity that willfully (rather than intentionally or recklessly) violates the Act, actual damages plus liquidated damages up to the amount of actual damages (rather than liquidated damages of \$5,000 or actual damages, whichever is greater). Provides that the Act does not apply to a private entity if the private entity's employees are covered by a collective bargaining agreement that provides for different policies regarding the retention, collection, disclosure, and destruction of biometric information. New Act

Creates the Civil Liability for Doxing Act. Provides that an individual engages in the act of doxing when that individual intentionally publishes another person's personally identifiable information without the consent of the person whose information is published and: (1) the information is published with the intent that it be used to harm or harass the person whose information is published and with knowledge or reckless disregard that the person whose information is published would be reasonably likely to suffer death, bodily injury, or stalking; and (2) the publishing of the information: (i) causes the person whose information is published to suffer significant economic injury or mental anguish or to fear serious bodily injury or death of the person or a family or household member to the person; or (ii) causes the person whose information is published to suffer a substantial life disruption. Allows a person who is aggrieved by a violation of the Act to bring a civil action against the individual who committed the offense to recover damages and obtain any other appropriate relief. Provides that an individual who is found liable under the Act shall be jointly and severally liable with each other individual, if any, who is found liable under the Act for damages arising from the same violation of the Act. Allows a court to issue a temporary restraining order, emergency order of protection, or preliminary or permanent injunction to restrain and prevent the disclosure or continued disclosure of a person's personally identifiable information or sensitive personal information. Allows a civil action to be brought in any county in which an element of the offense occurred, or in which a person resides who is the subject of the personally identifiable information or sensitive personal information published in violation of the Act.

House Floor Amendment No. 1

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. Adds a definition of "emotional distress". Replaces references to "mental anguish" with "emotional distress". Makes changes to the definitions of "family or household member", "publish", "stalk", and "substantial life disruption". Authorizes a court to issue an order to prevent the publication of personally identifiable information or sensitive personal information if certain requirements are met. Requires any injunctive relief that is granted to contain specified elements. Deletes a provision which specified that the Act was to be construed liberally.

215 ILCS 5/355d new

Amends the Illinois Insurance Code. Provides that no insurer, dental service plan corporation, insurance network leasing company, or any company that amends, delivers, issues, or renews an individual or group policy of accident and health insurance that provides dental insurance on or after the effective date of the amendatory Act shall deny any claim subsequently submitted for procedures specifically included in a prior authorization unless certain circumstances apply. Provides that a dental service contractor shall not recoup a claim solely due to a loss of coverage for a patient or ineligibility if, at the time of treatment, the dental service contractor erroneously confirmed coverage and eligibility, but had sufficient information available to the dental service contractor indicating that the patient was no longer covered or was ineligible for coverage. Prohibits waiver of the provisions by contract.

House Committee Amendment No. 1

Adds reference to:

Adds reference to:

HB 04789 (CONTINUED)

215 ILCS 165/10

from Ch. 32, par. 604

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. Makes a change in the definition of "prior authorization". Defines "dental carrier" as an insurer, dental service corporation, insurance network leasing company, or any company that offers individual or group policies of accident and health insurance that provide coverage for dental services. Changes references from "dental service contractor" and "insurer" to "dental carrier". Provides that beginning on the effective date of the amendatory Act, a dental carrier shall not deny any claim subsequently submitted for procedures specifically included in a prior authorization unless certain circumstances apply. Removes language providing that no insurer, dental service plan corporation, insurance network leasing company, or any company that amends, delivers, issues, or renews an individual or group policy of accident and health insurance that provides dental insurance on or after the effective date of the amendatory Act shall deny any claim subsequently submitted for procedures specifically included in a prior authorization unless certain circumstances apply. Further amends the Illinois Insurance Code. In a provision requiring contracting entities to provide notification before any scheduled assignment or lease of the network to which the provider is a contracted provider, requires the notification to provide the specific URL address where the following are located: all contract terms, a policy manual, a fee schedule, and a statement that the provider has the right to choose not to participate in third-party access (instead of the notification including all contract terms, a policy manual, a fee schedule, and a statement that the provider has the right to choose not to participate in third-party access). Requires the notification to provide instructions for how the provider may obtain a copy of those materials. Amends the Limited Health Service Organization Act and Voluntary Health Services Plans Act to make conforming changes.

Senate Committee Amendment No. 1

Provides that any contractual agreement entered into or amended, delivered, issued, or renewed on or after the effective date of the amendatory Act that is in conflict with the provisions (instead of any contractual agreement that is in conflict with the provisions) or that purports to waive any requirement of the provisions is null and void.

Provides that upon verified petition by the State, the court shall hold a hearing and may deny a defendant pretrial release if: (1) the defendant is charged with a felony offense (rather than specified felonies) and it is alleged that the defendant's pretrial release poses a real and present threat to the safety of any person or persons or the community, based on the specific articulable facts of the case; (2) the defendant is charged with a felony offense (rather than specific felonies) and has a high likelihood of willful flight to avoid prosecution; or (3) the defendant has been convicted of 2 or more of the same felonies or misdemeanors and either: (i) it is alleged that the defendant's pretrial release poses a real and present threat to the safety of any person or persons or the community, based on the specific articulable facts of the case; or (ii) the defendant has a high likelihood of willful flight to avoid prosecution. Changes the State's burden of proof in a pretrial detention hearing seeking the defendant's detention from clear and convincing evidence to a preponderance of the evidence.

Amends the Criminal Code of 2012. Provides that upon failure to comply with any condition of pretrial release, the court having jurisdiction at the time of such failure may, on its own motion or upon motion from the State, issue a warrant (instead of a summons or a warrant) for the arrest of the person on pretrial release (instead of at liberty on pretrial release). Provides that the contents of such a warrant shall be the same as required for an arrest warrant issued upon complaint. Provides that when a defendant is on pretrial release on a felony charge and fails to appear in court as directed, the court shall issue a warrant for the arrest of such person. Provides that such warrant shall be noted with a directive to peace officers to arrest the person and hold such person without bail and to deliver such person before the court for further proceedings. Provides that a defendant who is arrested or surrenders within 30 days of the issuance of such warrant shall not be released on pretrial conditions in the case in question unless the defendant shows by the preponderance of the evidence that the defendant's failure to appear was not intentional. Makes conforming changes. Removes provisions concerning that for the purpose of any risk assessment or future evaluation of risk of willful flight or risk of failure to appear, a nonappearance in court cured by an appearance in response to a summons shall not be considered as evidence of future likelihood of appearance in court.

Supports home-visiting and Early Intervention programs as an essential component of our State's multifaceted approach to the opioid crisis, helping remediate many of its corrosive impacts on young children, their parents, and families, while also assisting efforts at preventing children from future struggles with substance use disorders of their own. Affirms these vital birth-to-3 services are a top priority for increased public resources, to strengthen their quality and extend their reach to more of the children, parents, and families who could benefit from them, particularly in communities of greatest need and those hit hardest by the opioid epidemic. Affirms home-visiting and Early Intervention services are an appropriate and necessary use for some of the hundreds of millions of funding coming to Illinois from the settlement of lawsuits against opioid makers and distributors, initiatives that can help meet the settlements' stated aims of boosting opioid remediation, treatment, and prevention.
