# ACADEMIC REQUIREMENTS

## BEFORE YOU CAN ENROL IN YOUR COURSE, YOU NEED TO MEET OUR ACADEMIC AND ENGLISH LANGUAGE REQUIREMENTS

### UNDERGRADUATE

At a minimum, you need to have completed Australian Year 12 (or an accepted international equivalent) with a certain grade. You may also need to meet subject prerequisites.

### POSTGRADUATE COURSEWORK

At a minimum, you need to have completed an Australian Bachelor's degree (or international equivalent) with certain grades. For some degrees, we may consider prior learning through work experience or professional accreditation. Some courses may have additional entry requirements.

### HIGHER DEGREES BY RESEARCH

We offer three types of graduate research degrees, depending on your goals, and educational and professional backgrounds. To find out the entry requirements, visit: [latrobe.edu.au/study/apply/research](http://latrobe.edu.au/study/apply/research)

### WORK-BASED LEARNING

During some courses, you will have the opportunity to participate in a work-based learning (WBL) placement, designed to allow you to extend your formal learning beyond the classroom. WBL provides the opportunity to take your learning into a workplace and test your knowledge in a professional, real-world environment.

Some courses include compulsory WBL subjects, but we also offer a range of elective WBL subjects, both cross-discipline and subject-specific. We'll source placements for some subjects on your behalf, while others require you to source your own. If you're required to source your own, our staff will support you through the process.

Students undertaking placements regionally are also eligible to access additional support under the Regional Reward program.

### ENGLISH LANGUAGE REQUIREMENTS

We're proud to welcome students from all over the world to La Trobe. To help you succeed academically, we have minimum English language requirements based on the the International English Language Testing System (IELTS) system. However, some courses may need a higher level of English language proficiency than these minimum scores.

We may also consider other factors when assessing if you meet the language requirements, such as whether you have studied or worked in an English-speaking country.
