## **Aims**

The *Journal of Functional Morphology and Kinesiology* (ISSN: 2411-5142) provides an advanced forum for studies related to all aspects and advancement of anatomy, histology, orthopedics and sports medicine, physical therapy, sports therapy, rehabilitation and rheumatology. It publishes reviews papers, research articles, communications, case reports, and short notes, as well as Special Issues on particular subjects.

The aim of *JFMK* is to encourage scientists to publish their experimental and theoretical results in as much detail as possible. Therefore, the journal has no restriction on the maximum length of the papers. Full experimental details should be provided so that the results can be reproduced. We also encourage the publication of timely reviews and of commentaries on hot topics of interest for the scientific community.
