

Leverage Investments + Prepare Communications Sample

Communicating Standards: Data to Impact

As a part of our initiatives to enable all of us to focus, prioritize and communicate about sustainable impact in the same way, we wanted to create a means in which manufacturers can easily accomplish this as more tools and resources are built. Using the AirTable Tool, find standards you've already invested in and communicate how these support the First Factors in the format below. Example:

Leverage Investments + Prepare Communications Template

Communicating Standards: Data to Impact

Use this as a template to communicate your progress to the First Factors. Accessing the [Standards to Impact Tool](#) will help you more easily complete this form.

HUMAN HEALTH	CLIMATE HEALTH	CIRCULAR ECONOMY	SOCIAL HEALTH + EQUITY	ECOSYSTEM HEALTH
Substances	Embodied Carbon	Sourcing	Company Workplace	Pollution
