PROPOSED AMENDMENTS TO THE BOARD OF VISITORS' BYLAWS

RESOLVED, that the Board of Visitors approves the following amendments to the Board of Visitors' Bylaws.

BYLAWS OF THE OLD DOMINION UNIVERSITY BOARD OF VISITORS

PREFACE

The Board of Visitors adopts the bylaws that follow for the orderly and efficient conduct of its meetings and the business of Old Dominion University. This preface is to provide a brief overview of the source of the Board's authority as a public institution of higher education, and a component of the executive branch of the government of Virginia.

The Virginia statutes specific, or organic to the University, Va. Code §§ 23.1-2000 through 23.1-2004, might be thought of as the University's charter. These statutes constitute the Board of Visitors as a public corporation named "Old Dominion University," and set the corporation's basic purpose and authority. Other statutes apply to all of the Commonwealth's institutions of higher education to impose other duties and confer additional powers. The University is also subject, along with all agencies of the executive branch of the state government, to such statutes as, for example, the Virginia Freedom of Information Act which governs, *inter alia*, the circumstances under which a public body, such as this Board, may meet in closed session. Ultimately, however, the University's operations are dependent on the terms of the Appropriations Act adopted bi-annually in the even numbered years by the Virginia legislature, the General Assembly, and amended in the odd numbered years. Finally, it is to be noted that the Commonwealth's agencies and institutions are not as a rule subject to the general statutes of Virginia, as well as the ordinances enacted by the local governments, unless the General Assembly expressly provides otherwise.

Members of the Board, the University staff, and the public should be aware at all times that the authority conferred on the Board of Visitors by the General Assembly resides solely in the Board. That is, no visitor or other individual, regardless of title or position, shall speak for, or exercise the Board's authority except to the extent that the Board may so provide by delegation contained in these bylaws, or by other action of the Board.

The Commonwealth demands institutional direction by a Board composed of active, informed, and engaged visitors. As a measure of this need, the General Assembly provided that if any member of the Board should fail to perform the duties of a visitor for a year, without sufficient cause, the Board shall certify the same to the Governor; and the office of that member shall then be vacant.

ARTICLE I
Power, Authority, and Duties

1.01. Role and Responsibilities. The Board of Visitors is the body responsible for the University. The Board's trust includes the following responsibilities.

(a) Presidential Selection and Oversight. The Board's most important responsibility is selection (§ 4.04. of these Bylaws) and oversight (§ 6.01(f) of these Bylaws) of the University President. The President reports only to the Board and it is the responsibility of the Board to ensure that the President is implementing the Board's formally adopted policies and efficiently and effectively accomplishing the University's goals.

(b) University Mission. The Board is responsible for ensuring that the University's mission reflects and directs the relative commitment to undergraduate, graduate, and professional programs, as well as an appropriate balance among instruction, research, and service.

(c) Strategic Planning. The Board is responsible for ensuring there is an ongoing strategic planning process and overseeing its implementation. In conjunction with the President, and in consultation with the faculty, other internal groups, and external constituencies, the Board shall take an active part in developing priorities and goals essential to the accomplishment of the University's mission, allocation of resources, and measurement of success.

(d) University Budget. The Board is responsible for ensuring that the University's mission, priorities, and goals are visible in and expressed through its budget. The budget shall reflect the priorities developed in the strategic planning process. The Board shall periodically review and approve the University's annual budget and work in conjunction with the President and his/her administration that are accountable for directing a process that seeks input from the Board.

(e) Academic Integrity. The Board is responsible for advancing and protecting the academic quality of the education offered by the University including, but not limited to considering, strategic planning, admission standards, graduation requirements, grading policies, use of technology in the classroom, and faculty structure, development, productivity, priorities, and incentives for outstanding teaching.

(f) Research Integrity. The Board is responsible for promoting and preserving excellence in basic and applied research.

(g) Student Quality of Life. The Board is responsible for assuring the high quality of student life necessary to ensure that higher education achievement can take place in an environment conducive to a high level of learning.

(h) Affiliated Foundations. The Board is responsible for assuring that priorities for fund-raising, research, athletics, real estate acquisition and disposal, and other affiliated foundation activities are consistent with the University's mission, priorities, and goals. While the Board recognizes the independent governance of these private activities, the Board is responsible for private resources contributed to the University for public purpose. Guidelines for the exercise of this

responsibility are contained in the Board Policies and Procedures Manual (see Article VIII of these Bylaws) and affiliation agreements.

(i) Audit Planning and Review. The Board is responsible for the selection of accountability measures, review of results, and determination of how effectively its policies have been implemented through the audit process; i.e., whether the University's allocation of resources is consistent with the Board's priorities and with the University' financial position.

(j) Fiscal Efficiency. In its review and approval of the University's annual operating budget and the setting of tuition and fees, the Board is ultimately responsible for assuring fiscal efficiency; i.e., the cost-effective operation of the University.

(k) University Advancement. The Board is responsible for promoting the academic purpose, strategic initiatives, service, and solvency of the University among its many constituents by communicating the institution's accomplishments, sharing its vision for the future, relating the community to the campus and the campus to the community, maintaining constituent trust, and engaging the larger local, national and international community in partnerships to achieve University goals and objectives.

ARTICLE II

Members

§ 2.01. Resignation. Any member of the Board of Visitors may resign at any time by providing notice to the Governor. Notice also shall be provided to the Rector so that the Board can take measures to accommodate said resignation. Such resignation shall take effect at the time specified in such notice and, unless otherwise specified therein, the acceptance of said resignation shall not be necessary to make it effective.

§ 2.02. Removal. Pursuant to Va. Code § 23.1-1300, if any member of the Board of Visitors fails to attend (1) the meetings of the board for one year without sufficient cause, as determined by a majority vote of the board, or (ii) the educational programs sponsored by the State Council of Higher Education for Virginia, pursuant to Va. Code § 23.1-1304, in the first two years of membership without sufficient cause, as determined by a majority vote of the board, the remaining members of the board shall record such failure in the minutes of its next meeting and notify the Governor, and the office of such member shall be vacated. However, no member serving as of January 1, 2015 shall be removed for failing to attend the educational programs required by § 23.1-1304 if he or she attends training by January 1, 2016. In addition, pursuant to Va. Code § 2.2-108, notwithstanding any provision of law to the contrary, the Governor may remove from office for malfeasance, misfeasance, incompetence, or gross neglect of duty any member of the board of any public institution of higher education or other educational institution of Virginia, and fill the vacancy resulting from the removal. Each appointment to fill a vacancy shall be subject to confirmation by the General Assembly.

§ 2.03. Visitors Emeriti. In recognition of the invaluable service rendered to the University during their appointments to the Board of Visitors and the informed counsel they are capable of providing after their terms expire, former members of the Board shall be designated Visitors Emeriti.

They shall be entitled to have access to minutes of the regular Board meetings posted online and be invited to meet at least once each year with current members of the Board at a social or other function hosted by the Board of Visitors.

ARTICLE III Meetings

§ 3.01. Regular Meetings. Regular meetings of the Board of Visitors shall be held no less frequently than four times each year on such dates and in such places as may be set by the Rector and the Board of Visitors. Regular meetings scheduled annually in excess of the four published regular meetings shall be announced to Board members, University staff, and the public at least 30 calendar days prior to the day the regular meeting is to be convened to assure maximum participation, the three day statutory notification notwithstanding. The regular meeting during the month of June of each year shall be the annual meeting.

§ 3.02. Special Meetings. Special meetings of the Board may be called by the Rector, or, in his/her absence or disability, by the Vice Rector, or by any three Visitors at such dates, times, and places, with agenda, as may be specified in the call for such meeting.

§ 3.03. Emergency Meetings. Emergency meetings are special meetings and may be called by giving reasonable notice to all members and the public whenever in the judgment of the Rector, in consultation with the President, there is an emergency. A quorum of five voting members shall be sufficient to transact any business with respect to said emergency, except declarations of fiscal exigency. Declarations of fiscal exigency only must be made by an affirmative vote of at least 12 voting members.

§ 3.04. Special and Emergency Meeting Notice. For special meetings under normal, non-emergency circumstances, three days' notice shall be given of the date, time, place, and agenda of all non-electronic communication meetings, by the Secretary/Executive Secretary of the Board. Emergency meeting notice shall be provided, as reasonably timely as possible under the circumstances, and be given contemporaneously to the public with notice provided to Board members.

§ 3.05. Quorum. (Effective July 1, 2002) A majority of voting members of the Board of Visitors serving at any time shall constitute a quorum (§ 23.1-2002, *Code of Virginia*).

§ 3.06. Order of Business. The order of business at meetings is set forth in the Board Policy and Procedures, unless modified at the discretion of the Rector with the modification(s) approved by a majority of the voting Board members present. Matters to be placed on the Board's regular and special meeting agenda and requests for public comment shall be brought to the attention of the Rector or the President in writing at least 15 calendar days in advance of the meeting at which the issue is to be addressed or public comment accepted. Reports of invited representatives and anticipated issues or resolutions requiring Board decisions under unfinished and new business and the point or points during the meeting where public comment will be accepted will be specified in the published pre-meeting agenda. Such agenda shall be distributed to all Board members at least seven days prior to each regularly scheduled Board meeting. Supplementary agenda items originating

after distribution of the pre-meeting agenda shall be provided to all Board members as soon as they are identified and may be considered if confirmed by a majority of the voting members of the Board.

§ 3.07. Conduct of Business. All meetings shall be conducted in accordance with the *Code of Virginia*, these Bylaws, Board Policies and Procedures, and *Robert's Rules of Order Newly Revised*, in order of descending precedence. The Vice Rector shall serve as Board parliamentarian for purposes of interpreting *Robert's Rules of Order Newly Revised*. The Board shall request the presence of the University's legal representative at all open and closed meetings and committee meetings except those where the President is being evaluated or presenting portions of his/her Annual Report dealing with the evaluation of University officers, unless otherwise directed by the Attorney General. At the Board's discretion, it may request the presence of the University's legal representative during evaluations if it is considering: (1) whether the party or parties involved are in breach of his/her contract; (2) or the Board is seeking legal advice about the amounts and methods of compensating the President or other officers involved.

§ 3.08. Voting Procedures. Except when a roll-call vote is specifically requested by any member of the Board, motions shall be carried or defeated by voice vote, with the Secretary noting members supporting, opposing or abstaining from the matter. However, all votes taken during electronic communication meetings shall be by roll-call and so recorded in the meeting minutes (§2.2-3708.D., *Code of Virginia*). No proxies, secret, or written ballots are authorized in any Board meeting (§ 2.2-3710., *Code of Virginia*). The roll-call vote shall be recorded in the minutes by the Secretary calling the roll. Should members attending the meeting be absent for the vote, their absence shall be noted in the minutes. The Student Representative to the Board of Visitors is a non-voting member, but his/her comment regarding an issue may be recorded in the minutes.

ARTICLE IV Committees

§ 4.01. Executive Committee.

(a) Composition. The Executive Committee shall consist of eight members of the Board, three of whom shall be the elected officers of the Board. The remaining members of the Executive Committee shall be the chairs of each standing committee of the Board. Vacancies, other than Board officers who must be elected, may be filled at any time by appointment of the Rector and confirmation by the Board. In the event a standing committee chair is also an elected officer, the vice chair of that particular standing committee shall be a member of the executive committee to maintain the executive committee membership at eight members. A quorum of the Executive Committee shall consist of three Executive Committee members. In the absence of standing committee chairs, standing committee vice chairs may serve on the Executive Committee and count towards a quorum as directed by the Rector.

(b) Duties and Authority. The Executive Committee shall meet upon the call of the Rector or the President. The Executive Committee shall have the power of the Board to take such actions as are necessary to direct the affairs of the University between meetings of the Board. The full Board must be notified of all actions taken by the Executive Committee and all actions must be ratified by the Board at its next regular or a special meeting called for that purpose in emergency

situations. The committee shall coordinate the policy development and the goals/objectives of all Board committees and shall recommend the means whereby the Board will assess its effectiveness in accordance with § 9.03 of these Bylaws. A complete record of all actions of the Executive Committee shall be maintained by the Secretary and shall be provided to each member of the Board within 15 working days after the Executive Committee meeting at which such actions were taken. All members of the Board shall be invited to attend Executive Committee meetings and all Board members in attendance at an Executive Committee shall be entitled to vote. Meeting notices shall be provided as set forth in § 3.04 of these Bylaws.

§ 4.02. Standing Committees. In addition to the Executive Committee, the standing committees of the Board shall consist of the Academic and Research Advancement Committee, Administration and Finance Committee, Athletics Committee, Audit Committee, Student Enhancement and Engagement Committee, and University Advancement Committee. The chairs and members of the six standing committees shall be appointed by the Rector, after consultation with the parties involved, and shall serve until their successors have been duly appointed. All members may be reappointed from year to year. Board members shall typically serve on two standing committees, except that those who are appointed to serve on the Athletics and Audit Committees may serve on three standing committees. The chairs of standing committees shall serve until their successors have been duly appointed. Officer vacancies shall be filled in accordance with § 5.04 of these Bylaws and Standing Committee chair vacancies (versus temporary absences) may be filled at any time by appointment of the Rector and confirmation by the Board. A quorum of each of the standing committees shall consist of three voting Visitors who are committee members. The Rector and Vice Rector are deemed committee members for all purposes, including a quorum. The agenda for each regular Board meeting shall include reports by committees to the Board. Unless otherwise specifically provided by the Board, decisions/recommendations of standing committees (except decisions by the Academic and Research Advancement Committee on review of negative tenure decisions and the approval of the annual internal compliance and operations audit plan by the Audit Committee) are advisory and must be ratified and approved by the Board of Visitors.

(a) Academic and Research Advancement Committee. The Academic and Research Advancement Committee supports the Board's responsibility to advance and protect the academic quality of the education and research offered by the University. The Committee shall make recommendations to the Board on the academic mission, purpose, strategic plans, important academic and research initiatives, and regular and special programs of the University; on awards and honorary degrees; on faculty personnel appointments, policies and procedures. The Academic and Research Advancement Committee is designated by the Board as the committee with the responsibility of responding, on behalf of the Board, to requests from faculty for review of negative tenure decisions. In the case the Committee recommends in favor of tenure, this must be approved by the Board. A negative decision is final. The Committee may meet, as it deems necessary, with faculty, staff representatives, and other University members as requested through the President.

(b) Administration and Finance Committee. The Administration and Finance Committee supports the Board's responsibilities for the budget process, accountability, and fiscal efficiency in general. The Committee is responsible for making recommendations to the Board on matters pertaining to the purchase, lease, sale, construction, and maintenance of University owned or controlled land and buildings; on fiscal policies; oversight of the fiscal accounts and operations of

the University, including budget, investments, and the impact of the foregoing on the University's overall fiscal condition, mission and purpose.

(c) Athletics Committee. The Athletics Committee supports the Board's responsibilities for oversight of its Intercollegiate Athletics programs. The Committee shall review athletic policy and programs and make appropriate recommendations to the Board.

(d) Audit Committee. The Audit Committee helps the Board fulfill its financial oversight and compliance responsibilities. The Committee is responsible for (1) oversight of financial reporting and financial statement matters and any critical accounting and reporting issues; (2) reviewing annually the audited financial statements with internal auditors, determining that the administration has been open and has acted in good faith in connection with the audit; and (3) oversight of the internal audit function, including receiving reports and approval of the annual audit plan. Members of the Audit Committee should have some basic knowledge of generally-accepted accounting procedures and financial reporting and controls. The Committee may also receive reports from the University Auditor on matters of economy, efficiency and effectiveness of operations and internal controls.

(e) Student Enhancement and Engagement Committee. The Student Enhancement and Engagement Committee supports the Board's responsibilities for ensuring student quality of life and fiscal affordability. The Committee is responsible for making recommendations to the Board on matters and policies pertaining to students and shall continuously assess and appraise the quality of student life. It shall review policies relating to student rights, responsibilities, conduct, and discipline, including matters related to the student honor system. The Committee shall consider issues concerning student organizations and their funding, extracurricular activities (including intramural athletics), and matters related to student government and appropriate student participation in University governance by all types of students and on student recruitment and admissions criteria and policies.

(f) University Advancement Committee. The University Advancement Committee supports the Board's responsibility for relations with affiliated foundations and is responsible for making recommendations to the Board on matters and policies pertaining to the University's government relations, fund raising, community (including military) and public relations, and alumni activities.

(g) Additional Responsibilities. Each standing committee shall periodically review Board Policies and Procedures in its areas of responsibility and recommend revisions as necessary. The standing committees shall have such other duties and responsibilities as are assigned to them by the Board or by the Rector, subject to the Board's approval.

§ 4.03. Nominating Committee. The Nominating Committee is responsible for nominating Board members for Board officer positions. In even numbered years, at the ~~annual April~~ June meeting of the Board, a Nominating Committee of an odd number of not less than three members along with two alternates shall be elected by the Board. The Committee shall meet at the same meeting during which it is created to elect its chair. The Nominating Committee shall consult with the Rector, the President, and all other Board members about the needs of the University without being bound by their suggestions.

(a) Nominations. The Nominating Committee shall post a call for nominations for officers from the Board no later than ~~May~~^{July} 15. Nominations shall be submitted in writing to the committee chair and shall be due no later than ~~1531~~ days following the date of the call for nominations. Members of the Board may feel free to nominate themselves for an office to the chair of the Nominating Committee. Nominees for officers must have more than one year remaining on their terms of appointment. The Nominating Committee should give priority to nominating members for office whose terms of appointment on the Board do not expire simultaneously so the Board shall not be without a presiding officer.

(b) Presentation of Nominations. The Nominating Committee shall meet ~~prior to the June at least 14 days prior to the September~~ Board meeting to determine the nominations to be presented to the Board. The recommendation of the nominating committee shall be distributed with the announcement of the meeting of the Board of Visitors in the even numbered year in which the election of officers is to be held. At that meeting, the nominating committee shall present one candidate for each office for election in accordance with § 5.01 of these Bylaws. Nominations from the floor may be made prior to such election.

(c) Committee Vacancies. In the event a member of the Nominating Committee cannot serve or becomes a candidate for an office for which the committee is selecting candidates, he/she shall resign from the committee immediately and the Rector shall immediately appoint a previously elected alternate as a replacement. Should circumstances require additional alternates, they shall be elected by the Executive Committee at a special meeting convened for that purpose.

(d) Officer Vacancies. The Nominating Committee may be elected by Board members at a regular or special meeting to fill vacant officer positions that may be created. The Nominating Committee shall then meet as required by § 5.04, Vacancies, of these Bylaws.

§ 4.04. Presidential Search Committee. As necessary, but not later than the first regular meeting of the Board after the President expresses to the Board his/her intent to step down or leave the University or departs under other circumstances (e.g., prolonged illness or death), the Board shall elect a Presidential Search Committee of five or more Board members, along with two alternates, and may include no more than four non-Board members as non-voting members to that committee. The Committee, whose mission is to search for and select the best possible choices for a new president, shall meet at the same meeting at which it is created to elect its chair who must be a voting Board member, regardless of whether nonmember appointments have been made. All Committee meetings shall be held in conformity with the provisions of the Freedom of Information Act and its exceptions.

(a) University Needs. The Presidential Search Committee shall consult with the Rector, the President, other members of the Board of Visitors, the faculty, the alumni and students, and the community about the needs of the University. The Board may secure the services of a search firm or consultant to assist in the search and selection. The Board may also immediately commission the conduct of an institutional review by a reputable agency or consultant.

(b) Practices and Procedures. The Committee shall prepare a search budget and a range of compensation for the next president, both of which shall be approved by the Board early in the search process. The Board shall be kept informed of the Committee's progress and expenses

incurred and anticipated at regular Board and Executive Committee meetings by the committee chair. The search committee shall consider external and internal candidates equally, based on the depth of their experience and the needs of the University. The Committee's duties shall be completed when it recommends the requisite number of candidates previously specified by the Board to the Board for consideration, unless the Board requests that other candidates be brought forth or the search be continued. Approval of a candidate requires the affirmative vote of at least nine voting members of the Board.

(c) Committee Vacancies. In the event a member of the Presidential Search Committee cannot serve, he/she shall resign from the Committee immediately and the Rector shall promptly appoint a previously elected alternate as a replacement. Should circumstances require additional alternates, they shall be elected by the Board at the next regular Board or Executive Committee meeting or, if necessary, at a special meeting convened for that purpose.

(d) Unexpected Vacancy in the President's Position. In case of an unplanned vacancy in the position of the President, the Board shall expeditiously designate an Acting President to serve until a President shall be appointed by the Board and installed in the office. The Board shall hold an emergency meeting and proceed with the preceding provisions of this section of the Bylaws. The Presidential Selection Committee shall be tasked to select expeditiously the best possible choice for the Acting President following the procedures outlined in this section of the Bylaws. In the interim, the terms of University Policy #1010 (the University Succession Policy) shall determine who shall exercise executive authority for the University.

§ 4.05. Special Committees. Special or *ad hoc* committees may be created at any time either by action of the Board of Visitors, or by written direction of the Rector with the approval of the Board. Special committees shall consist of no fewer than three members appointed by the Rector who shall appoint the chair, and fill vacancies in consultation with the Chair. The Rector shall also have the power to change the membership of special committees at any time with the concurrence of the chair and the Board, unless it is the chair who is to be removed. In making initial or subsequent assignments of individuals to special committees, the Rector shall take volunteers into account. Special committees shall have a life specified by the Board at the time of constitution, shall be subject to annual reviews, and may be renewed for a specified period by action of the Board. At the time the special committee is created, its mission shall be specifically established and articulated either by action of the Board or by written direction of the Rector with approval of the Board. The resolution of the Board or the direction of the Rector shall specify the time the special committee is to make its report to the Board.

§ 4.06. Subcommittees. Committees may appoint subcommittees of not less than three voting Board members from within their memberships to consider such specific business as required, subject to Board approval of such subcommittee's creation.

§ 4.07. Appointment of Non-Board Advisors to Committees. Non-Board members cannot be appointed to Board of Visitors committees without the Board approving each individually named proposed member. The advisors who are approved for membership shall serve under the same conditions as Board members; however, they shall serve in a non-voting, advisory capacity.

§ 4.08. Attendance. Board of Visitors members are entitled to attend all Board functions, including open and closed meetings of Board committees. Where conflicts arise due to several committees meeting simultaneously, the Board member shall give priority to the standing committee to which he/she has been assigned, unless excused by the standing committee chair and the Rector.

§ 4.09. Notice and Conduct. The chair, or vice chair acting on behalf of the chair, or a majority of the membership of the committee or subcommittee, may call meetings. Committee meetings shall be noticed in the same manner as Board meetings as set forth in § 4.04 of these Bylaws. The conduct of business of any committee or subcommittee shall be governed by the procedures set forth in these Bylaws.

§ 4.10. Removal. Standing and special committee chairs only may be removed by the Rector with prior approval of the Board, with at least nine voting members voting in the affirmative for removal. Members or advisors may be removed from Board committees on the recommendation of the committee chair and approved by a majority of committee members, after an affirmative vote by a majority of Board members attending the meeting at which the recommendation is presented.

ARTICLE V

Board Officers

§ 5.01. Officers Elected from the Board. The officers to be elected from the members of the Board of Visitors shall be the Rector, Vice Rector, and Secretary. Officers must have at least one year remaining in their terms. At the ~~annual first regular~~ meeting ~~in June after July 1~~ of even numbered years, the Board shall elect its officers from its own body (§ 23.1-2002(C), *Code of Virginia*). Newly elected officers shall take office ~~on July 1 immediately following the close of the meeting at which elected~~ and shall serve for a term of two years, or until their successors have been elected. Officers must be elected by an affirmative vote of at least nine voting members of the Board. Officers may not hold the same office for more than one term. For purposes of the preceding sentence, service of a partial term of one year or less shall not be considered.

§ 5.02. Removal. At any meeting of the Board of Visitors, any elected officer may be removed, either with or without cause, by an affirmative vote of at least nine voting members of the Board of Visitors.

§ 5.03. Resignation. Any elected officer may resign at any time by giving written notice to the Board of Visitors, to the Rector, or to the Secretary. Any such resignation shall take effect at the time specified in such notice and the acceptance of such resignation shall not be necessary to make it effective.

§ 5.04. Vacancies. Vacancies in any office shall be reported to the Board as soon as possible after notice is received. The vacancy shall be filled for the unexpired term by the Board of Visitors at the meeting during which the vacancy is first created or discovered by immediately electing a Nominating Committee as outlined in § 4.03 of these Bylaws and electing an officer or officers at the current, or special, or next regular meeting to fill vacancies. The election shall require an affirmative vote of at least nine voting members of the Board. In the temporary absence of all three officers, the Board shall elect one of its voting members to preside.

§ 5.05. Rector. The Rector shall serve as the presiding officer, spokesperson, and designated representative of the Board.

(a) Duties. The Rector shall preside at all meetings of the Board and its Executive Committee. As presiding officer, the Rector has an obligation to ensure that all sides of a pending question are heard and, though not required, he/she may voluntarily step aside and have the next senior officer present preside or appoint a temporary chair, if the Rector wishes to enter into the debate. The Rector's relationship with other Board members is as an equal among equals with no authority over other Board members except as stated in *Robert's Rules of Order Newly Revised*. The Rector is the liaison between the Board and the President who works for the entire Board. The Rector shall maintain the integrity of Board procedures and facilitate a high level of interest, involvement, and activity among the Board members.

(b) Authority. The Rector has no authority to act on behalf of the Board or the University except as that authority is expressly delegated to the incumbent by these Bylaws or a majority vote of the Board prior to the initiation of such activities.

(c) Committees. The Rector shall serve as *ex-officio* member of all committees of the Board, except the Nominating and Presidential Search Committees, and appoint all standing and *ad hoc* committee members with the approval of the Board, except members to the Nominating and Presidential Search Committees.

(d) Board Meeting Agenda. The Rector shall determine, in consultation with the President, committee chairs, and other Board members, business to be brought before meetings of the Board, act as the Board's spokesperson, and perform such other duties as are incident to the presiding officer of the Board, or as may be assigned by the Board.

§ 5.06. Vice Rector. The Vice Rector shall serve as *ex-officio* member of all standing committees of the Board, except the nominating committee, and shall perform the duties of the Rector in the Rector's absence and such other special duties as are assigned by the Rector. The Vice Rector shall serve as Board parliamentarian.

APPROVAL OF A NEW BACHELOR OF SCIENCE IN EXERCISE SCIENCE

RESOLVED, that, upon the recommendation of the Academic and Research Advancement Committee, the Board of Visitors approves the proposal for a new Bachelor of Science in Exercise Science degree program to be effective with the fall 2019 semester.

Rationale: The Darden College of Education seeks approval to offer a Bachelor of Science in Exercise Science, to begin fall 2019. This program will be offered by the Department of Human Movement Sciences.

The purpose of the Bachelor of Science in Exercise Science is to prepare students for various entry-level jobs in the fitness industry, including personal trainers, strength coaches and corporate health promotion managers. Students may also secure entry-level positions in the healthcare field as exercise physiologists in cardiac rehabilitation or clinical exercise specialists. Lastly, a B.S. in Exercise Science is often considered a “stepping stone” degree toward the pursuit of a professional post-baccalaureate healthcare degree (e.g., physical therapy).

Graduates of the proposed Bachelor of Science in Exercise Science will be equipped with knowledge and skills to work independently or on a team to perform fitness assessments, provide exercise prescriptions, and perform basic health screenings such as blood pressure and body composition assessment. They will be equipped with knowledge to understand how and why exercise is effective in treating and preventing disease, and the ability to prescribe exercise as a treatment and preventative tool for chronic diseases and improving fitness.

A baccalaureate-level exercise science concentration has been offered within the physical education program at Old Dominion University since the early 1970s. However, the current classification under physical education is incongruous with the focus of exercise science. The existing concentration is not focused on pedagogy and does not prepare individuals to teach in school settings. The proposed program is aligned with the skills and knowledge required in the field of exercise science.

APPROVAL OF A NEW BACHELOR OF SCIENCE IN PUBLIC HEALTH

RESOLVED, that upon the recommendation of the Academic and Research Advancement Committee, the Board of Visitors approves the proposal for a new Bachelor of Science in Public Health degree program to be effective with the fall 2019 semester.

Rationale: Old Dominion University (ODU) seeks approval to initiate a Bachelor of Science in Public Health to begin fall 2019. This program will be offered through the School of Community and Environmental Health in the College of Health Sciences.

The purpose of the proposed program is to offer robust educational content and experiences that encompass frameworks, policies and strategies in the field of public health to students who wish to enter or advance in the field. Public health spans several disciplines—epidemiology, social and behavioral sciences, environmental sciences, health policy, biostatistics—dedicated to the improvement of the health and well-being of populations across the globe. These key disciplines will be covered in the proposed program.

Graduates of the proposed program will be prepared to work in a variety of public health settings to conduct health promotion and wellness programs; lead research and public health activities in governmental and other agencies; facilitate innovation to educate and empower the public about health, safety, and prevention of disease; manage data to provide responsiveness and reporting; use evidence to create public health policies; and establish organizational cultures that are committed to life-long learning. Ultimately, graduates will be prepared to address public health challenges in a diverse array of organizations.

For a number of years, ODU has offered a major in public health within the Bachelor of Science in Health Sciences. While the new program will offer a similar curriculum, the competencies will have an enhanced focus on the interdisciplinary approach to public health. Thus, students will have a strong underpinning in public health content and experiences so that they may use evidence-based decision making and practice to improve the health and well-being of multiple communities.

APPROVAL OF A NEW MASTER OF LIBRARY AND INFORMATION STUDIES

RESOLVED, that upon the recommendation of the Academic and Research Advancement Committee, the Board of Visitors approves the proposal for a new Master of Library and Information Studies degree program to be effective with the fall 2019 semester.

Rationale: Old Dominion University seeks approval to offer a Master of Library and Information Studies (MLIS) to begin fall 2019. The proposed program will be offered through the Department of Science, Technology, Engineering, and Mathematics Education and Professional Studies (STEMPS) in the Darden College of Education.

The purpose of the Master of Library and Information Studies is to prepare students with the theoretical knowledge and practical skills that will enable them to become highly skilled librarians and information specialists. This includes, but is not limited to, professional positions in academic libraries, public libraries, school libraries, and special libraries such as health sciences, law, or business libraries as well as positions for information professionals in health environments, museums, businesses, government and other agencies. Graduates of the program will be prepared to manage libraries, select and organize library collections, and interact with library patrons to determine and fulfill information needs.

The degree has three initial concentrations. The school library concentration will prepare students for endorsement as school librarians, and a youth services concentration will prepare students to work with youth in public libraries and other settings. The assessment and evaluation concentration addresses a new and growing area of information studies and will prepare students to become assessment/systems librarians. Within these concentrations, graduates will gain expertise that will enable them to provide users with technical support for emerging technologies and consult with users to provide technology solutions for information problems.

The American Library Association (ALA) has determined that the master's degree is the appropriate level degree for librarians. The proposed program is aligned with the ALA Standards for the Accreditation of Master's Programs in Library and Information Studies. Although a library science program focusing solely on the preparation of licensed school librarians has existed at Old Dominion University since 1968, the proposed program will be the first of its kind in the Commonwealth of Virginia since the first half of the last century. The current program began as a concentration option in the Bachelor of Science in Elementary Education. Over time, a second concentration was added in the Master of Science in Education, Secondary Education.

APPROVAL OF PROPOSED REVISIONS TO THE POLICY ON EVALUATION OF LECTURERS, SENIOR LECTURERS, AND MASTER LECTURERS AND PROMOTION OF LECTURERS AND SENIOR LECTURERS

RESOLVED, that upon the recommendation of the Academic and Research Advancement Committee, the Board of Visitors approves the proposed revisions to the policy on Evaluation of Lecturers, Senior Lecturers, and Master Lecturers and Promotion of Lecturers and Senior Lecturers effective July 1, 2018.

Rationale: The proposed changes to the policy on Evaluation of Lecturers, Senior Lecturers, and Master Lecturers and Promotion of Lecturers and Senior Lecturers are intended to simplify and clarify the processes for annual evaluation and bring the policy in alignment with current practice of all faculty evaluations.

The current policy language suggests that lecturers, senior lecturers and master lecturers may be awarded a three-year contract, when such is not the case. Language describing the role of the Dean in the evaluation process for lecturers, senior lecturers and master lecturers has been added to the policy. Also, the in-depth evaluation for senior lecturers has been changed from three years to five years to be consistent with the in-depth evaluation for master lecturers. Moreover, the current fifth-year review has been redundant in instances when lecturers are readily preparing for promotion consideration in the semester immediately following the review. The proposed language and policy change treats these faculty as all other faculty are treated: with regular annual evaluations and then more in-depth evaluations at the time of promotion consideration.

NUMBER: 1417

TITLE: Evaluation of Lecturers, Senior Lecturers, and Master Lecturers and Promotion of Lecturers and Senior Lecturers

APPROVED: September 26, 2013; Revised June 9, 2016 (eff. 7/1/16)

The academic ranks of lecturer, senior lecturer and master lecturer do not carry tenure, and time at Old Dominion University in these ranks is not counted as part of the probationary period for tenure. These ranks are intended to meet the University's need to fill special instructional roles that differ from the traditional university faculty role, preparation, and expectation. All appointments and reappointments are contingent upon available funding.

- A. Lecturer - This is a full-time rank that requires an appropriate master's degree and evidence of teaching ability. Demonstrated expertise in a specific field may also be required. Persons appointed to this rank are expected to assume a predominantly instructional role, at undergraduate or graduate levels, and participate in other professional service activities normally assigned to or expected of full-time faculty.

1. Evaluation

- a. ~~Lecturers will be evaluated by their department committee and department chair and a recommendation will be made to the dean concerning the lecturer's reappointment on an annual basis, according to the policy on "Reappointment or Nonreappointment of Faculty." Persons initially appointed at the rank of lecturer will be evaluated and a decision made concerning their reappointment on an annual basis, according to the policy on "Reappointment or Nonreappointment of Faculty." In addition, during the fall semester of the fifth year of service, persons holding this rank will receive a major faculty review. This review will be conducted by the dean and will include an in-depth evaluation of the individual's teaching effectiveness and other professional activities, as well as the needs of the department. The purposes of this review shall be to evaluate the individual's performance and determine whether he or she should be retained beyond the fifth year. An evaluation report should be submitted to the provost and vice president for academic affairs following completion of the review at the college level.~~
- b. If the evaluation is positive and the dean's recommendation on retention is affirmative, the individual will be reappointed according to the policy on "Reappointment or Nonreappointment of Faculty." ~~may be offered an appointment for the next three academic years. Those persons who are reappointed in this manner shall be subject to another in-depth review conducted by the dean during the fall semester of the third year of the reappointment. Lecturers may be reappointed for additional three-year periods by utilizing the same procedure as described above.~~
- c. If the decision by the dean is ~~made~~ not to retain the lecturer, ~~either after the fifth year of initial service or subsequent three-year appointments~~, he or she will be notified of termination according to the appropriate schedule contained in the policy on "Reappointment or Nonreappointment of Faculty" and may request a review of the nonreappointment decision by the provost and vice president for academic affairs as provided by the same policy.
- d. Lecturers considered for promotion to senior lecturer in a given year will not undergo a separate annual evaluation in the same year.

2. Promotion from Lecturer to Senior Lecturer

Promotion to the rank of senior lecturer from the rank of lecturer shall be initiated by request from the lecturer and conferred upon the recommendation of the department promotion and tenure committee, chair, and college promotion and tenure committee to the dean of the college.

- a. The candidate prepares and submits to the department chair his/her professional accomplishments to include at a minimum a curriculum vitae prepared in accordance with the Guidelines from the Provost's Office, a list of teaching assignments with teaching portfolio evaluations, student opinions both quantitative and qualitative, all annual evaluations by the department chair and dean, and other relevant materials.

The chair forwards the credentials to the department promotion and tenure committee.

- b. The department promotion and tenure committee reviews the credentials, votes, and makes a recommendation. The vote should be recorded. The recommendation and votes are submitted to the department chair with a copy to the lecturer seeking promotion.
 - c. The department chair makes an independent evaluation and recommendation with copies to the lecturer seeking promotion and forwards all credentials and recommendations to the college promotion and tenure committee.
 - d. The college promotion and tenure committee reviews the documents, votes, and makes a recommendation. The materials, votes and other documents are forwarded to the dean.
 1. If the dean decides against the promotion, the candidate may request a review by the provost and vice president for academic affairs. The decision of the provost and vice president for academic affairs is final.
 2. If the dean finds in favor of promotion, the promotion becomes effective at the start of the subsequent academic year.
- B. Senior Lecturer - This is a full-time rank that requires an appropriate master's degree, demonstrated expertise in the field, a sustained record of effective performance in teaching and professional service, evidence of continued development and study in the field, and a minimum of five years' experience at the rank of lecturer or equivalent. Persons appointed to this rank are expected to assume a predominantly instructional role, at undergraduate or graduate levels, and participate in other professional service activities normally assigned to or expected of full-time faculty.

1. Evaluation

- a. ~~Persons initially appointed at the rank of s~~Senior lecturers will be evaluated by their department chair and a decision made concerning their reappointment on an annual basis, according to the policy on ~~the~~ "Reappointment or Nonreappointment of Faculty." Every five years, a more in-depth evaluation will be conducted including the department tenure committee and chair. In addition, during the fall semester of the fifth year of service, persons holding this rank will receive a major faculty review. This review will be conducted by the dean and will include an in-depth evaluation of the individual's teaching effectiveness and other professional activities as well as needs of the department. The purposes of this review shall be to evaluate the individual's performance and determine whether he or she should be retained beyond the fifth year. An evaluation report should be submitted to the provost and vice president for academic affairs following completion of the review at the college level.

- b. If the evaluation is positive and the dean's recommendation on retention is affirmative, the individual will be reappointed according to the policy on "Reappointment or Nonreappointment of Faculty." ~~may be offered an appointment for the next three academic years. Those persons who are reappointed in this manner shall be subject to another in-depth review conducted by the dean during the fall semester of the third year of the reappointment. Senior lecturers may be reappointed for additional three-year periods by utilizing the same procedure as described above.~~
- c. If the decision by the dean is ~~made~~ not to retain the senior lecturer, ~~either after the fifth year of initial service or subsequent three-year appointments,~~ he or she will be notified of termination according to the appropriate schedule contained in the policy on "Reappointment or Nonreappointment of Faculty" and may request a review of the nonreappointment decision by the provost and vice president for academic affairs as provided by the same policy.
- d. Senior lecturers considered for promotion to master lecturer in a given year or going through an in-depth review will not undergo a separate annual evaluation in that same year.

2. Promotion from Senior Lecturer to Master Lecturer

Promotion to the rank of master lecturer from the rank of senior lecturer shall be initiated by the senior lecturer and conferred upon the recommendation of the department promotion and tenure committee, chair, and college promotion and tenure committee to the dean of the college.

- a. The candidate prepares and submits to the department chair his/her professional accomplishments to include at a minimum a curriculum vitae prepared in accordance with the Guidelines from the Provost's Office, a list of teaching assignments with teaching portfolio evaluations, student opinions both quantitative and qualitative, all annual evaluations by the department chair and dean, and other relevant materials. The chair forwards the credentials to the department promotion and tenure committee.
- b. The department promotion and tenure committee reviews the credentials, votes, and makes a recommendation. The vote should be recorded. The recommendation and votes are submitted to the department chair with a copy to the senior lecturer seeking promotion.
- c. The department chair makes an independent evaluation and recommendation with copies to the senior lecturer seeking promotion and forwards all credentials and recommendations to the college promotion and tenure committee.
- d. The college promotion and tenure committee reviews the documents, votes, and makes a recommendation. The materials, votes and other documents are forwarded to the dean.

1. If the dean decides against the promotion, the candidate may request a review by the provost and vice president for academic affairs. The decision of the provost and vice president for academic affairs is final.
2. If the dean finds in favor of promotion, the promotion becomes effective at the start of the subsequent academic year.

C. Master Lecturer – This is a full-time rank that requires an appropriate master’s degree, demonstrated expertise in the field, a sustained record of superior performance in teaching and professional service, evidence of recognition within teaching or professional service, evidence of continued development and study in the field, and a minimum of five years’ experience at the rank of senior lecturer or equivalent. Persons appointed to this rank are expected to assume a predominantly instructional or leadership role, at undergraduate or graduate levels, and participate in other professional service activities normally assigned to or expected of full-time faculty.

1. Evaluation

- a. ~~Persons initially appointed at the rank of m~~Master lecturers will be evaluated by their department chair and a decision made concerning their reappointment on an annual basis, according to the policy on ~~the~~ "Reappointment or Nonreappointment of Faculty." Every five years, a more in-depth evaluation will be conducted including the department tenure committee and chair. In addition, during the fall semester of the fifth year of service, persons holding this rank will receive a major faculty review. This review will be conducted by the dean and will include an in-depth evaluation of the individual's teaching effectiveness and other professional activities as well as needs of the department. The purposes of this review shall be to evaluate the individual's performance and determine whether he or she should be retained beyond the fifth year. An evaluation report should be submitted to the provost and vice president for academic affairs following completion of the review at the college level.
- b. If the evaluation is positive and the dean's recommendation on retention is affirmative, the individual will be reappointed according to the policy on "Reappointment or Nonreappointment of Faculty." ~~may be offered an appointment for the next three academic years. Those persons who are reappointed in this manner shall be subject to another in-depth review conducted by the dean during the fall semester of the third year of the reappointment. Master lecturers may be reappointed for additional three-year periods by utilizing the same procedure as described above.~~
- c. If the decision by the dean is ~~made~~ not to retain the master lecturer, ~~either after the fifth year of initial service or subsequent three-year appointments,~~ he or she will be notified of termination according to the appropriate schedule contained in the policy on "Reappointment or Nonreappointment of Faculty" and may request a review of the nonreappointment decision by the provost and vice president for academic affairs as provided by the same policy.

APPROVAL OF PROPOSED REVISIONS TO THE POLICY ON REAPPOINTMENT OR NONREAPPOINTMENT OF FACULTY

RESOLVED, that upon the recommendation of the Academic and Research Advancement Committee, the Board of Visitors approves the proposed revisions to the policy on Reappointment or Nonreappointment of Faculty effective July 1, 2018.

Rationale: The proposed changes to the policy on Reappointment or Nonreappointment of Faculty are recommended so that the policy will be consistent with the changes made to the policy on Evaluation of Lecturers, Senior Lecturers, and Master Lecturers and Promotion of Lecturers and Senior Lecturers. In addition, language has been added to include the addition of the various non-tenure track ranks such as lecturers, clinical ranks, and research professor ranks. Language has also been added about notification when the decision is not to reappoint a faculty member.

NUMBER: 1402

TITLE: Reappointment or Nonreappointment of Faculty

APPROVED: June 12, 1980; Revised June 20, 1985; Revised June 16, 2011; Revised April 26, 2013 (eff. 6/1/13)

I. Board of Visitors Policy

A. Nature of Appointment

1. Unless tenure has been awarded by the university, all appointments of full-time faculty are on an annual, temporary, or probationary basis, renewable one year at a time at the discretion of the university.
2. In some cases, appointments for a period of less than one academic year may be made, for example initial appointments at mid-year or emergency one-semester appointments.

II. Guidelines

A. Consideration of reappointment or nonreappointment will be according to a timetable distributed by the Office of the Provost and Vice President for Academic Affairs. Consideration takes place early in the second semester for faculty members in their first year of service and early in the first semester for faculty members in the second or subsequent year of service.

B. For instructors, assistant professors, lecturers, clinical assistant professors, research assistant professors, and untenured associate professors and professors, the initial consideration will be by the departmental tenure and promotion committee unless they

are in their first year and have been appointed mid-year. For senior lecturers, master lecturers, research associate professors, research professors, clinical associate professors, and clinical professors, initial consideration will be by the department chair, except for those years when the faculty member is undergoing their fifth year review (see III.B. below). ~~Initial consideration will be by the departmental tenure and promotion committee.~~

- C. In the case of financial constraints or demonstrable overstaffing of departments, the dean or the provost and vice president for academic affairs may require that the number of probationary tenurable and nontenable faculty members in the department be reduced.
- D. Faculty members who were appointed as instructors with the expectation that the terminal degrees would be completed may not be reappointed before the award of the degree unless prior approval has been obtained from the provost and vice president for academic affairs. (See the Board of Visitors Policy and Procedures Concerning Academic Rank and Promotion in Rank.)
- E. If the critical requirements of the position of a probationary tenurable faculty member are changed so as to affect the primary duties expected of the faculty member, and hence his or her consideration for tenure, the faculty member shall be fully and promptly informed of the changes in writing at least one semester before the changes are implemented.

III. Procedures

A. Reappointment or Nonreappointment of Probationary Tenure-Track Faculty

1. The departmental promotion and tenure committee and all subsequent persons considering the case will take into consideration the formal evaluations of the faculty member's performance by the chair and the dean, faculty information sheets, and any other relevant data, as well as the needs of the department.
2. These procedures will be suitably adapted for faculty members who hold interdisciplinary, interdepartmental or joint appointments or who hold appointments in a department with two or fewer tenured faculty members. The adapted procedures should be recommended by the promotion and tenure committee of the college or colleges involved and approved by the dean or deans concerned and the provost and vice president for academic affairs.

This review is based on the performance of the individual faculty member and the needs of the department and is initially conducted by a committee consisting of tenured members of the department.
4. The departmental promotion and tenure committee recommends to the chair one of the following actions:

- a. That the faculty member be considered for tenure through normal channels, if a sufficient probationary period has elapsed. (In this case, the faculty member is considered for tenure through the normal tenure procedures, and the remainder of this section does not apply.)
 - b. That the faculty member be offered an additional annual contract without tenure.

6. Considering the recommendation of the departmental promotion and tenure committee and of the chair as well as the needs of the college, the dean makes a decision concerning reappointment or nonreappointment of each individual probationary tenure-track faculty member, notifies ~~thateach~~ faculty member in writing of this decision, and provides the faculty member and the provost and vice president for academic affairs with a copy of the decision letter.
- a. If the dean decides not to reappoint a faculty member, the faculty member may request a review by the provost and vice president for academic affairs. The decision of the provost and vice president for academic affairs is final.

This review is based on the performance of the individual faculty member and the needs of the department. Each department conducts an annual review of the nontenure-track faculty members in that department. This review is based on the performance of the individual faculty member and the needs of the department. For lecturers and clinical assistant professors, this review is initially conducted by a committee consisting of tenured members of the department and master lecturers and clinical professors. In the case of senior lecturers, master lecturers, clinical associate professors, and clinical professors, the annual review is initiated by the chair. Every five years nontenure-track faculty will undergo more in-depth evaluations that are initiated by a committee of tenured members of the department. -and is initially conducted by a committee consisting of tenured members of the department.
2. For lecturers and clinical assistant professors, ~~The~~ departmental committee recommends to the chair one of the following actions:
 - a. That the faculty member be offered an additional annual contract.
 - b. That the faculty member not be reappointed, that is, not be offered an additional annual contract.
3. A copy of the committee's recommendation shall be supplied to the faculty member.

Considering the written recommendation of this committee (for lecturers and clinical assistant professors), the performance of the faculty member, and the needs of the department, the chair makes a recommendation to the dean concerning reappointment or nonreappointment of each individual nontenure-track faculty member and provides the faculty member with a copy of the recommendation.
5. Considering the recommendations of the departmental committee (for lecturers and clinical assistant professors), and of the chair, as well as the needs of the college, the dean makes a decision concerning reappointment or nonreappointment of each individual nontenurable nontenure-track faculty member, and notifies each faculty member ~~in writing~~ of this decision, and If the decision is not to reappoint the faculty member, the dean provides the faculty member and the provost and vice president for academic affairs with a copy of the decision letter.
 - a. If the dean decides not to reappoint a faculty member, the faculty member may request a review by the provost and vice president for academic affairs. The decision of the provost and vice president for academic affairs is final.

APPROVAL OF PROPOSED REVISIONS TO THE POLICY ON PROMOTION IN RANK

RESOLVED, that upon the recommendation of the Academic and Research Advancement Committee, the Board of Visitors approves the proposed revisions to the policy on Promotion in Rank effective July 1, 2018.

Rationale: The proposed changes to the policy on Promotion in Rank are intended to clarify the policy. A summary of the specific changes is as follows.

- Separate the procedures for assistant, associate and full professor.
- Clarify that the chair must be a full professor in order to participate in promotion cases and add procedures to be followed when the chair is not a full professor.
- Add language that any committee member who participates in the promotion process votes at most only once on any particular case. At the college and University committee levels, the representative from the promotion candidate's department and college will participate in deliberations in the candidate's case but will not cast a vote.
- Require that all eligible committee members vote yes or no on promotion cases through a secret ballot.
- Clarify the procedures for inclusion of the minority opinion in cases where the vote is not unanimous.

NUMBER: 1412

TITLE: Promotion in Rank

APPROVED: September 26, 2013; Revised June 9, 2016 (eff. 7/1/16);
Revised June 6, 2017 (eff. 7/1/17)

I. Board of Visitors Policy

- A. ~~Except for promotion to the rank of assistant professor, a~~All promotions in rank are based on evaluation of the faculty member's performance in teaching, research, and service (as appropriate) over the total time in the previous rank as compared to the criteria established by the Board of Visitors for the rank being considered and any other criteria established by the department or college.
- B. Promotion to the rank of associate professor must occur at the time of the tenure award, and the policy on tenure applies.
- C. Promotion to the rank of full professor is normally considered no earlier than during the sixth year of a faculty member's service as associate professor at Old Dominion University. Exceptions are made only under the following circumstances:

1. A faculty member who has held the rank of associate professor at another institution and was initially appointed to Old Dominion University at the rank of associate professor may be considered for promotion at the time of the award of tenure.
 2. A faculty member of extraordinary merit may be considered for promotion to the rank of full professor before the sixth year as associate professor at Old Dominion University.
- D. The president, upon the recommendation of the Faculty Senate, shall establish procedures for consideration of promotion to the rank of full professor (~~and as well as~~ for the designation as eminent scholar). Such procedures shall require consideration and recommendation by faculty members at the department and college level, the chair, the dean, and the University Promotion and Tenure Committee. The decision concerning promotion is to be made by the provost and vice president for academic affairs. If the provost and vice president for academic affairs decides against promotion, the faculty member may request a review by the president. The decision of the president is final.

II. Procedures for Promotion in Rank to Full Professor

~~A. These procedures apply to promotion to the rank of full professor. Promotion to the rank of assistant professor is made by the provost and vice president for academic affairs following recommendation by the chair and dean. These procedures are designed to implement the Board of Visitors policy concerning promotion. The board policy is governing in all promotion cases.~~

B.A. Considerations Concerning Promotion

1. Each faculty committee and administrator considering a promotion case must specifically consider factors listed below as they apply to each case in the written recommendations that are submitted up the line to the provost and vice president for academic affairs. In the case of committees, the vote must be recorded in the recommendation, and the reasons produced by the minority members must be specified.
2. Each committee and administrator making a recommendation concerning promotion considers evidence of the faculty member's performance over the total time in which the previous rank has been held as compared to the guidelines for the rank being considered as established by the Board of Visitors and any other guidelines established by the department or college.
3. The total rank structure of the department should be considered.
4. At the least, the committees and administrators should examine faculty information sheets, chair evaluations, dean's evaluations, and any other

evidence submitted by the faculty member, the chair of the department, or any other relevant source. It is the responsibility of the department chair and the departmental promotion and tenure committee to provide an assessment of the quality of the publications for the faculty being considered for promotion. The evidence should address the quality of the journals and the reputation of book and other such publishers.

~~C.B. In the case of promotion to full professor, e~~External evaluation of the faculty member's research and scholarly activity by nationally recognized experts in the field of specialization will be required.

1. The responsibility for initiating the external review, securing the reviewers, and forwarding complete review files to the dean, provost and vice president for academic affairs, and the University Promotion and Tenure Committee belongs to the department chair. If the department chair does not have the rank of professor, all chair responsibilities for promotion to full professor will be delegated by the dean to a full professor in the department or from another department within the same college who will assume all of the chair's responsibilities described below. This appointed professor, acting in the role of chair, cannot take part in any deliberations or votes of the departmental, college or University promotion committees while the promotion case is being considered. In promotion of department chairs, the responsibility belongs to the dean.
2. External reviewers with academic positions ~~must~~will hold the same rank or higher than the promotion rank for which the faculty member is being considered; exceptions should be justified by the dean. The department tenure and promotion committee and the candidate will prepare separate lists of potential reviewers. The candidate will review both lists and will document personal and professional relationships with all potential reviewers. The chair (or designee, see 1 above) will select three reviewers from the candidate's list and three reviewers from the department tenure and promotion committee's list; the chair (or designee) will provide the list of reviewers to the dean. The dean will submit an agreed upon list to the provost and vice president for academic affairs for final approval prior to initiating the review process. As a general rule, external reviewers should not be co-authors or former mentors of the candidate. The selection of potential external reviewers must be completed before the end of the semester prior to the submission of credentials for promotion.
3. External reviews will be confidential; reviewers will be so advised. Requests for exception to the confidentiality of external reviews should be made directly to the provost and vice president for academic affairs before the reviewers are asked to submit evaluations. If an exception is approved, candidates for promotion will be allowed access to the substance of external reviews, but the authorship of specific external reviews and other identifying information contained therein will remain confidential. All external reviewers will receive a

standard letter sent by the chair but prepared by the provost and vice president for academic affairs in consultation with the deans and a copy of the policy on external reviews so their responsibilities will be clear.

4. A curriculum vitae will be required of each external reviewer. Each reviewer will be asked to describe any personal or professional relationship with the candidate. It is the responsibility of the chair to include a curriculum vitae of each reviewer. For promotion of department chairs, the responsibility belongs to the dean.
5. External reviewers will be asked to evaluate all submitted material mailed to them. Candidates for promotion are responsible for the preparation of the research portfolio and curriculum vitae to be sent to external reviewers. In the case of the arts, reviewers may be asked to consider works of art or performances. External reviewers will be asked to evaluate: a) the quality of the scholarship or creative work under review; and b) the scholarly reputation (regional, national, international) of the candidate.
6. All candidates for promotion will be required to have their scholarship evaluated by no fewer than four external reviewers. If fewer than four reviews are received, the chair will choose additional reviewers alternately from the lists of the department promotion and tenure committee and of the candidate.
7. The University and college administration will assist departments where reasonable expenses are necessary to obtain appropriate external reviews.

~~D.C.~~ A candidate for promotion in rank is initially considered by the faculty members in the department who hold the rank being considered or above.¹ Only faculty holding the rank of professor are eligible to deliberate, review, or otherwise participate, and vote on candidates for promotion to professor.

1. In the case of large departments, the faculty members in the rank being considered or above may select a committee from their ranks to consider and make recommendations concerning promotion. In that case, it is the responsibility of the committee to elicit opinions from all faculty members holding the rank considered or above.
2. In departments where fewer than three members hold appointments in the rank being considered or above, the dean, in consultation with the chair (or designee), will appoint enough additional faculty in the rank or above from other disciplines to form a committee of at least three.
3. Candidates for promotion should provide a statement of potential external and/or internal reviewers with whom there is a conflict of interest, e.g., co-authors, co-investigators, etc.
4. No dean, associate dean, assistant dean, or other full-time administrator or department chair (or designee) shall attend or participate in the deliberation of

either the departmental, college, or University Promotion and Tenure Committee. The deliberations of all three committees are confidential and must not be shared with anyone outside of the committee.

5. The college committees shall consist of one tenured faculty member from each department in the college. All members of the college promotion and tenure committees shall be elected directly by the faculties they represent for a one-year term renewable twice for a total of three years. ~~This member~~They shall be chosen by majority vote of all full-time, tenure-track teaching and research faculty members of the department, present and voting, by secret ballot before April 15 of each year for the ensuing year. There should be at least ~~three~~majority of full professors on the college committee. No person shall serve on a college promotion and tenure committee for more than three years consecutively but is eligible for reelection after an absence of at least one year. Only faculty holding the rank of professor are eligible to join the deliberations and the vote on candidates for promotion to professor. If the home department of a candidate for promotion to full professor has no full professor representing it on the college committee, a member of the departmental promotion committee for that candidate (convened as described in section ~~DC~~.1. and ~~DC~~.2. above) shall be elected to serve as its representative. In any case, the representative from a promotion candidate's department will participate in deliberations in the candidate's case but will not cast a vote.
6. The University Promotion and Tenure Committee shall consist of one tenured ~~full~~faculty professor from each of the major degree-granting academic colleges. This member shall be elected by his/her college's promotion and tenure committee(s) by September 15. The University Promotion and Tenure Committee shall elect one of its members as chair.ⁱⁱ No person~~al~~ shall serve on the University Promotion and Tenure Committee for more than three years consecutively but is eligible for reelection after an absence of at least one year. The representative from a promotion candidate's college will participate in deliberations in the candidate's case but will not cast a vote. Any committee member who participates in the promotion process votes at most only once on any particular case.
7. The faculty member involved is informed whenever a committee is considering promotion in rank and is given an opportunity either to appear before that committee (or group) considering the case, or to submit a statement in writing in support of eligibility for promotion, or to correct any factual ~~mis~~information~~representation~~ in previous recommendations.
8. In case of material developments before the conclusion of the evaluation process, additional documentation may be added to the portfolio with the concurrence of the department chair (or designee) and dean.

~~E.D.~~ The committee or faculty group makes its recommendation concerning promotion to the chair (or designee) together with reasons for the recommendation (including a minority statement in the case of a ~~non-unanimous~~split vote), and specifies the vote

of the committee. All eligible committee members ~~shall~~should vote yes or no through a secret ballot. In instances of a non-unanimous vote, the minority opinion must be included in the committee recommendation and the minority must be given the option to write the minority opinion. The chair (or designee) evaluates independently the credentials of the faculty member, the rank structure of the department, and any additional evidence presented, either by the faculty member or from any other source, and makes a recommendation, with reasons, concerning promotion.

F.E. If either the departmental committee (or group), or the chair (or designee), or both recommend promotion, the faculty member's credentials together with the recommendation of the faculty committee and the chair (or designee) will be forwarded to a promotion committee of the college for consideration. This committee will make an independent evaluation and make a recommendation concerning promotion with reasons (including reasons of the minority), to the dean. The recommendations will indicate the vote of the committee. All eligible committee members ~~shall~~should vote yes or no through a secret ballot. In instances of a non-unanimous vote, the minority opinion must be included in the committee recommendation and the minority must be given the option to write the minority opinion.

G.F. If neither the faculty committee (or group) nor the chair (or designee) recommend promotion, the faculty member will not be considered for promotion in the coming year unless a review by the college promotion committee and the dean is requested by the faculty member. If a review is requested, the departmental committee and the chair forward all documents to the promotion committee of the college, which examines them and makes a recommendation concerning promotion to the dean following the stipulations of II.E. above. All committee members should vote yes or no. The dean examines all documents, including the recommendation of the college committee, and makes a determination concerning promotion. If the dean's determination is negative and is in accordance with the recommendations of the departmental committee, the chair, and the college committee, then the faculty member is not promoted for the coming year. If the dean's determination is negative and is not in accordance with all previous recommendations, the faculty member may request a further review by the provost and vice president for academic affairs. The decision of the provost and vice president for academic affairs is final in such cases.

H.G. The dean, considering all previous recommendations and all credentials, then makes a recommendation concerning promotion, which is forwarded, with reasons, to the provost and vice president for academic affairs.

~~I.H.~~ The University Promotion and Tenure Committee, consisting of one tenured full professor from each of the major degree-granting academic colleges, examines the facts and all previous recommendations and documentation, and makes a recommendation (with reasons, including minority reasons, if any) concerning promotion, which is forwarded to the provost and vice president for academic affairs. All eligible committee members ~~shall~~ vote yes or no through a secret ballot. In instances of a non-unanimous vote, the minority opinion must be included in the committee recommendation and the minority must be given the option to write the minority opinion.

~~J.I.~~ On the basis of all the evaluations and recommendations presented, and after consultation with staff, the provost and vice president for academic affairs makes a decision concerning promotion for the coming year. If the recommendations of the committees and administrators that have previously considered the case have not been in agreement with one another, or if the provost and vice president for academic affairs disagrees with the recommendations that have been in agreement with one another, the provost and vice president for academic affairs shall consult with the chair, the dean, and the University Promotion and Tenure Committee before reaching a final decision. The decision of the provost and vice president for academic affairs will consist of one of the following:

1. Promotion
2. deferral

~~K.J.~~ If the decision of the provost and vice president for academic affairs is for promotion, the faculty member will receive the higher rank in the subsequent academic year. The decision of the provost and vice president for academic affairs will be reported to the president.

~~L.K.~~ The faculty member may request that the president review a negative decision by the provost and vice president for academic affairs. The decision of the president is final.

~~M.L.~~ All promotions are reported by the president to the Board of Visitors.

~~N.M.~~ Copies of the recommendations by all committees, chairs, deans and the provost and vice president for academic affairs shall be provided to the faculty member being considered for promotion. The faculty member will be provided opportunity to correct any factual misinformation in such recommendations by placing a letter in his or her promotion file at any stage, or up until April 1, to the ~~P~~provost and vice president for academic affairs.

~~O.N.~~ The above procedures at the department and college level may be suitably adapted for faculty members who hold interdisciplinary or interdepartmental appointments. The adapted procedures should be recommended by the promotion and tenure committee of the college or colleges involved and approved by the dean or deans and the provost

and vice president for academic affairs. Procedures above the college level will be the same as those designated above in all cases.

III. Research Faculty

- A. Promotion to the rank of research professor from the rank of research associate professor and promotion to the rank of research associate professor from the rank of research assistant professor shall be upon the recommendation of the department, chair, college promotion and tenure committee, dean and University Promotion and Tenure Committee to the provost and vice president for academic affairs. If the provost and vice president for academic affairs decides against the promotion, the person may request a review by the president. The decision of the president is final.
- B. The process for promotion to the rank of research professor and promotion to the rank of research associate professor will require external evaluation of the quality of the faculty member's research performance from nationally recognized experts in the faculty member's field; procedures for the external review process can be found in section II.C. of this policy.
- C. For those research faculty who only have appointments in one of the University-level research centers, the following promotion policy will apply. Research centers will establish a promotion committee to review faculty promotions and make recommendations to the center director. Appointments to this committee will follow the guidance of section II.D. of this policy pertaining to departments. This promotion committee should include at least one member from the academic department(s) most closely aligned to the center to ensure promotion considerations are being applied equitably between the faculty assigned to that department and those assigned to the center. In centers where fewer than three members hold appointments in the rank being considered or above, the center director will solicit members of the department(s) most closely aligned to the center, in consultation with the chair(s) of those department(s), to form a committee of at least three. The center director will review faculty promotion recommendations and will recommend to the vice president for research those members who have met the promotion criteria. The vice president for research will forward a recommendation regarding promotion to the Office of Academic Affairs for review by the University Promotion and Tenure Committee and the provost and vice president for academic affairs. The University Promotion and Tenure Committee will forward a recommendation to the provost and vice president for academic affairs. If the decision of the provost and vice president for academic affairs is for promotion, the faculty member will receive the higher rank in the subsequent academic year. The faculty member may request that the president review a negative decision by the provost and vice president for academic affairs. The decision of the president is final.

IV. Clinical Faculty

- A. Promotion to the rank of clinical professor from the rank of clinical associate professor and promotion to the rank of clinical associate professor from the rank of clinical assistant professor shall be upon the recommendation of the department promotion and tenure committee, department chair, college promotion and tenure committee, dean and University Promotion and Tenure Committee to the provost and vice president for academic affairs. If the provost and vice president for academic affairs decides against the promotion the person may request a review by the president. The decision of the president is final.
 - B. The process for promotion to the rank of clinical professor and promotion to the rank of clinical associate professor will require external evaluation of the quality of the faculty member's scholarly activities from nationally recognized experts in the faculty member's field; procedures for the external review process can be found in section II.C. of this policy. The schedule for review will follow that of assistant, associate, and full professor
- V. Part-time instructional faculty may be promoted in rank (for example, from adjunct assistant professor to adjunct associate professor) upon recommendation of the chair and dean to the provost and vice president for academic affairs. Full documentation of the credentials of the faculty member being recommended for promotion is required. If the provost and vice president for academic affairs denies the promotion, the faculty member may request a review by the president. The decision of the president is final.

APPROVAL OF PROPOSED REVISIONS TO THE POLICY ON TENURE

RESOLVED, that upon the recommendation of the Academic and Research Advancement Committee, the Board of Visitors approves the proposed revisions to the policy on Tenure effective July 1, 2018.

Rationale: The proposed changes to the policy on Tenure are intended to make the policy clearer. A summary of the proposed changes is as follows.

- Remove language describing tenure as recognizing years of dedicated service to the University.
- Add language that scholarly activity prior to appointment at Old Dominion University may be considered.
- Clarify that the maximum total probationary period is six years with the offer of a one-year terminal appointment if the tenure decision is negative.
- Remove the option of reducing the probationary period at the time of initial appointment. This option is not needed since faculty already have the option to apply for early consideration for tenure. Faculty would be better served not to commit to the reduction at the time of appointment but to wait to determine whether to apply for early consideration.
- Clarify that external reviewers evaluate material mailed to them based on the department's approved criteria for the evaluation of scholarly activity and research. Also, add that all evaluations of a faculty member's research and scholarly activity, at every stage of the tenure process, are judged by the department's approved criteria.
- Add language that any committee member who participates in the tenure process votes at most only once on any particular case. At the college and University committee levels, the representative from the tenure candidate's department and college will participate in deliberations in the candidate's case but will not cast a vote.
- Add language that a faculty member or administrator who participates in the tenure process must disclose any potential conflict of interest that might undermine the credibility of the process.
- Require that all eligible committee members vote yes or no on tenure cases through a secret ballot.
- Clarify that the chair must be tenured in order to make the chair's recommendation on tenure cases.
- Clarify the procedures for inclusion of the minority opinion in cases where the vote is not unanimous.

I. Purpose of Tenure

The main purposes of tenure are ~~to recognize the performance of faculty members who have given years of dedicated service to the University,~~ to protect academic freedom, and to enable the University to attract and retain a permanent faculty of distinction in order to accomplish its mission. For these reasons, tenure is usually awarded only after a suitable probationary period, and the decision to award tenure is based both on the merit of the individual faculty member and on the long-term needs and mission of the department, the college, and the University.

II. Eligibility for Tenure

- A. Only faculty members who hold the ranks of assistant professor, associate professor, or full professor are eligible to be considered for tenure. Assistant professors will be awarded tenure only if they are simultaneously being promoted to the rank of associate professor.
- B. Faculty members may be considered for tenure only once.
- C. Under certain circumstances administrative faculty holding rank in a department at the assistant professor (if promotion to the rank of associate professor is being simultaneously considered), associate professor, or full professor level may be considered for tenure, as specified by the Board of Visitors policy concerning administrative faculty.
- D. Since tenure is granted as a faculty member in an academic department or program, the award of tenure does not imply continuance in any full-time or part-time administrative position, nor does it imply continuance of any specific work assignment within or outside the department in which tenure is granted.

III. Probationary Period

- A. The probationary period begins with the initial full-time, tenure-track appointment at Old Dominion University at the rank of instructor, assistant professor, associate professor, or full professor; only time spent in a tenure-track position at one of these ranks is counted as part of the probationary period.

Subject to agreement by the University and the faculty member, any academic year in which the faculty member was on a full-time tenure-track appointment in one of these ranks for at least one semester may be counted as one year of the probationary period.

- B. The following do not count as part of the probationary period:

1. Time in the rank of assistant instructor, lecturer, master or senior lecturer, faculty of practice, clinical faculty, artist-in-residence, performer-in-residence, writer-in-residence, research professor, research associate professor, research assistant professor, research associate, or any part-time position.
2. Time in appointment as an administrator, that is, in a position designated as a teaching/research administrative position or as a classified position in the state personnel system. (Time spent in a teaching and research faculty position as defined in the state personnel system will count as part of the probationary period, even if administrative responsibilities are assigned as part of that position; normally, departmental administrative positions such as chair or assistant chair will thus count as part of the probationary period.)
3. Time in a position that involves no teaching of credit courses, for example as a teacher of children or a therapist in the Children's Learning and Research Center or as a teacher of exclusively noncredit course work.
4. Time spent on leave of absence.
5. Time spent on faculty exchanges (including nationally competitive fellowships) if the faculty member so chooses.

- C. A period of time, not to exceed one year, may be excluded from the probationary period, upon the approval of the provost and vice president for academic affairs subject to the following conditions:

1. That the faculty member submits a request in writing to the department chair. The department chair and the dean shall forward the request with a recommendation to the provost and vice president for academic affairs.
2. The request must be the result of the occurrence of a serious event. A "serious event" is defined as a life-altering situation which requires the faculty member to devote more than eight hours of each day to alleviate the impact of the event

for a period greater than six weeks and less than one year. These events may include the birth of a child, adoption of a child under the age of six years, serious personal illness or care of an immediate family member including parent, stepparent, child, or spouse.

3. The faculty member shall provide documentation to justify the time requested and the seriousness of the event.
4. The request shall be made no later than one year from the first day of the serious event.
5. The faculty member must have been adequately performing the duties assigned prior to the first day of the serious event.
6. Faculty who are awarded this exclusion shall have no requirements or expectations beyond those of any probationary faculty member.
7. Work accomplished during the excluded period may be cited in the tenure case.
8. Requests for exclusion may be made at any time during each academic year. No request shall be made after the application for tenure has been submitted.
9. Decisions will be made within 60 days of the receipt of the faculty member's request by the department chair.
10. The decision of the provost and vice president for academic affairs is final.

D. The maximum total period for full-time probationary appointments (excluding periods not counted, see section III.B.) is six years, unless an approved extension is granted (see section III.C.). If the tenure decision is negative, a one-year terminal appointment is offered. The maximum length of the probationary period is seven years (i.e., 21 semesters, including fall, spring and summer).

E. The length of the probationary period may be reduced in any of the following instances:

1. ~~A faculty member who has full time teaching experience at the rank of instructor or above at another collegiate institution; or has had full time teaching experience in a nontenure track position at Old Dominion University; or who has had full time teaching experience at the rank of instructor or above at Old Dominion University prior to a break in service, may have the probationary period reduced by one or two years. If the probationary period is to be reduced, the reduction must be recommended by the chair and dean and approved by the provost and vice president for academic affairs at the time of the initial appointment. Unless such a reduction has been approved and the faculty member has been so notified in writing at the time of the initial appointment, reduction for prior service will not be granted.~~

12. A faculty member initially appointed to the rank of full professor may be considered for tenure in the second year of service and would be notified of a tenure decision according to the schedule in the Teaching and Research Faculty Handbook by April 30 of the second year of service; if tenure is awarded, a tenure contract will be offered for the third year of service. In addition, the probationary period for a full professor may be eliminated, and an initial tenure appointment may be recommended to the board if such an appointment has been requested by the chair, voted on by the departmental tenure committee, the college promotion and tenure committee, the University Promotion and Tenure Committee and approved in writing by the dean, the provost and vice president for academic affairs, and the president. It is the sense of the Board of Visitors that the procedure of eliminating the probationary period for tenure should be rarely used. (Please refer to the policy on Initial Appointment of Teaching and Research Faculty for additional information on an initial appointment with tenure.)
23. A faculty member initially appointed to the rank of associate professor may be considered for tenure in the fourth year of service and would be notified of a tenure decision according to the schedule in the Teaching and Research Faculty Handbook by April 30 of the fourth year of service. If tenure is approved, a tenure contract will be offered for the fifth year. In addition, the probationary period for an associate professor may be eliminated, and an initial tenure appointment may be recommended to the board if such an appointment has been requested by the chair, voted on by the departmental tenure committee, the college promotion and tenure committee, the University Promotion and Tenure Committee and approved in writing by the dean, the provost and vice president for academic affairs, and the president. It is the sense of the Board of Visitors that the procedure of eliminating the probationary period for tenure should be rarely used.
3. A faculty member may apply for early consideration for tenure, if the faculty member believes that he or she has met or exceeded the expectations of quantity and quality of achievements for teaching, scholarship, research, and service ~~completed at Old Dominion University~~ needed to qualify for tenure before the end of the normal probationary time period. The criteria for the award of tenure for such faculty will be the same as for those who apply after the normal probationary time period. A faculty member who applies for early consideration for tenure and is denied tenure will be offered a terminal contract for the ensuing year. It is the sense of the Board of Visitors that only demonstrably exceptional faculty will be awarded tenure under this clause.

IV. Criteria for the Award of Tenure

A. The following criteria are used in the evaluation of every candidate for tenure. Each faculty committee and administrator considering a tenure case must specifically address each of these criteria as they apply to that case in the written recommendations that are submitted up the line to the provost and vice president for academic affairs. Committee votes must be recorded in the recommendations. In cases in which a vote is not unanimous, reasons for negative votes must be included.

B. Criteria to be used are as follows:

1. Since tenure may be awarded only to faculty members who hold the rank of associate or full professor or who are being simultaneously appointed to one of those ranks, any faculty member awarded tenure must meet the minimum requirements for the rank of associate professor.
2. Merit - Merit of the faculty member in teaching, research, and service over the entire probationary period and the contributions made by the faculty member in these areas to the University. Scholarly and teaching activity up to six years before the tenure decision should be considered, which can include activity at another accredited institution of higher education or national research institutions. (For definition of teaching, research, and service and a discussion of methods of evaluation, see policies and procedures concerning evaluation of faculty members, evaluation of teaching, evaluation of scholarly activity and research, and evaluation of service.) In addition to information supplied by faculty information sheets, the chair's evaluation, and other material presented by the department, an opportunity shall be made available for the faculty member to provide in writing any other material in support of the tenure candidacy. It is the responsibility of the department chair and the departmental promotion and tenure committee to provide an assessment of the quality of the publications for the faculty being considered for tenure. The evidence should address the quality of the journals and the reputation of book and other such publishers. In case of material developments, additional documentation may be added to the portfolio before the conclusion of the evaluation process with the concurrence of the department chair and dean.

External evaluation of the quality of the faculty member's research performance will be required from nationally recognized experts in the faculty member's field. Candidates for tenure are responsible for the preparation of the research portfolio and curriculum vitae to be sent to external reviewers. Candidates for tenure should provide a statement of potential external and/or internal reviewers with whom there is a conflict of interest, e.g., co-authors, co-investigators, etc.

- a. A curriculum vitae will be required of each external reviewer. Each reviewer will be asked to describe any personal or professional relationship with the candidate. It is the responsibility of the chair to include a

curriculum vitae of each reviewer. For tenure of department chairs, the responsibility belongs to the dean.

- b. External reviewers will be asked to evaluate all submitted material mailed to them based on the department's approved criteria for the evaluation of scholarly activity and research. In the case of the arts, reviewers may be asked to consider works of art or performances. External reviewers will be asked to evaluate: a) the quality of the scholarship or creative work under review; and b) the scholarly reputation (regional, national, international) of the candidate.
 - c. All candidates for tenure will be required to have their scholarship evaluated by no fewer than four external reviewers. If fewer than four reviews are received, the chair will choose additional reviewers alternately from the lists of the department promotion and tenure committee and of the candidate.
3. The determined long-term needs of the department, college, and University, including at least the following:
 - a. The long-term enrollment of the department.
 - b. The need for an additional specialist in the faculty member's area of specialization as a permanent member of the department in terms of the mission of the department, the college, and the University.
 - c. The tenure structure of the department. (Although no maximum percentage of faculty members on tenure is established, all committees and administrators considering tenure must take into account the need for flexibility in course offerings and the desirability of a tenure structure that will allow openings for new tenured faculty members in the ensuing decades so that new areas of specialization and new needs can be met. The position of other nontenured faculty members in the department, anticipated retirements, or other known departures, and projected new programs or changes in directions must be considered.)
 4. No person can be awarded tenure unless convincing evidence is provided of effective teaching.
 5. ~~In departments offering graduate work, n~~No faculty member can normally be awarded tenure unless convincing evidence is provided of successful performance in scholarly activity and research, as judged by the department's approved criteria for the evaluation of scholarly activity and research. It is the faculty member's responsibility to include these criteria in the research portfolio submitted to external reviewers and in the data file submitted internally. If these criteria changed during the faculty member's probationary period, he or she can choose which version to submit. All evaluations of the

faculty member's research and scholarly activity, at every stage of the tenure process, should be guided by these criteria. (Exceptions can be made only if the department can demonstrate a long-term need for an additional tenured faculty member who will not be teaching graduate students.)

V. Procedure for Tenure Consideration

- A. The provost and vice president for academic affairs, fifteen months prior to the date for giving notification of the tenure decision, shall formally advise the professor that the limit of the probationary period is approaching, and explain what procedures should be followed by those wishing to be considered for tenure.
- B. The initial steps of the review process are normally conducted by the chair of the department or unit with which the candidate for tenure is affiliated, assuming the chair has tenure. If the chair is not tenured, he or she may not be involved in any aspect of the tenure decision. In that case, the dean of the college housing the department should appoint a tenured member of the department in question to act in the chair's stead. This faculty member shall not take part in any deliberations or votes of the departmental, college or University tenure committee. If the candidate for tenure is the chair of a department, the dean shall conduct the initial steps of the review process but will not write a separate recommendation at the departmental level.
- C. External review process
1. The responsibility for initiating the external review, securing the reviewers, and forwarding complete review files to the dean, provost and vice president for academic affairs, and the University Promotion and Tenure Committee belongs to the department chair, or his/her replacement if the chair is not tenured (see section V.B.).
 2. External reviewers with academic positions will hold the same rank or higher than the promotion rank for which the faculty member is being considered; exceptions should be justified by the dean. The department tenure and promotion committee and the candidate will prepare separate lists of potential reviewers. The candidate will review both lists and will document personal and professional relationships with all potential reviewers. The chair (or replacement, see section V.B.) will select three reviewers from the candidate's list and three reviewers from the department tenure and promotion committee's list; the chair (or replacement, see section V.B.) will provide this list of reviewers to the dean. The dean will submit an agreed upon list to the provost and vice president for academic affairs for final approval prior to initiating the review process. As a general rule, external reviewers should not be co-authors or former mentors of the candidate. The selection of potential external reviewers must be completed before the end of the semester prior to the submission of credentials for tenure.

3. External reviews will be confidential; reviewers will be so advised. Requests for exception to the confidentiality of external reviews should be made directly to the provost and vice president for academic affairs before the reviewers are asked to submit evaluations. If an exception is approved, candidates for tenure will be allowed access to the substance of external reviews, but the authorship of specific external reviews and other identifying information contained therein will remain confidential. All external reviewers will receive a standard letter sent by the chair (or replacement, see section V.B.) but prepared by the provost and vice president for academic affairs in consultation with the deans and a copy of the policy on external reviews so their responsibilities will be clear.
4. The University and college administration will assist departments where reasonable expenses are necessary to obtain appropriate external reviews.

ED. Initial consideration of tenure cases is conducted by the tenured faculty of the department.

1. The tenured faculty of a department may determine that a tenure committee of a specified size will be selected from their membership to conduct the tenure deliberations and make recommendations to the chair (or replacement, see section V.B.). In this case, the entire full-time department faculty will elect the committee. It is the responsibility of this committee to determine the opinions of tenured members of the department not serving on the committee.
2. In departments where fewer than three members are tenured, the dean, in consultation with the chair (or replacement, see section V.B.), will appoint enough additional tenured faculty members to form a committee of at least three.
3. No dean, associate dean, assistant dean, or other full-time administrator or department chair (or replacement, see section V.B.) shall attend or participate in the deliberations of the departmental, college, or University Promotion and Tenure Committee, or of the tenured faculty of the department serving as a group to consider tenure, except in those cases when such committees or groups may, at their discretion, request administrators or chairs to answer specific questions concerning tenure cases. The deliberations of all three committees are confidential and must not be shared with anyone outside of the committee.
4. The college committees shall consist of one tenured faculty member from each department in the college. All members of college promotion and tenure committees shall be elected directly by the faculties they represent for a one-year term renewable twice for a total of three years. This member shall be chosen by majority vote of all full-time, tenure-track teaching and research faculty members of the department, present and voting, by secret ballot before April 15 of each year for the ensuing year. There should be at least three professors on the college committee. No person shall serve on a college

promotion and tenure committee for more than three years consecutively but is eligible for reelection after an absence of at least one year. The representative from a tenure candidate's department will participate in deliberations in the candidate's case but will not cast a vote.

5. The University Promotion and Tenure Committee shall consist of one tenured full professor from each of the major degree-granting academic colleges. This member shall be elected by his/her college's promotion and tenure committee(s) by September 15. The University Promotion and Tenure Committee shall elect one of its members as chair.² No person shall serve on the University Promotion and Tenure Committee for more than three years consecutively but is eligible for reelection after an absence of at least one year. The representative from a tenure candidate's college will participate in deliberations in the candidate's case but will not cast a vote.
6. Any committee member who participates in the tenure process votes at most only once on any particular case.
7. In order to ensure transparency, fairness, and equity in the internal review process, a faculty member or administrator who participates in the tenure process must disclose any potential conflict of interest that might undermine the credibility of the process. The chair of the department (or replacement, see section V.B.) will work in consultation with the dean of the college to decide whether the person should be excluded from serving on the review committee.

DE. The committee or group of tenured faculty makes its recommendation to the chair (or replacement, see section V.B.). ~~In instances of a non-unanimous vote, a summary of minority opinion must be included.~~ All eligible committee members ~~shall~~ should vote yes or no through a secret ballot. In instances of a non-unanimous vote, the minority opinion must be included in the committee recommendation and the minority must be given the option to write the minority opinion. A copy of the recommendation letter will be sent to the faculty member by the chair of the committee. Considering this recommendation, the chair (or replacement, unless the dean is acting in the chair's stead, see section V.B.) makes an additional evaluation and recommendation concerning tenure. A copy of that review and recommendation letter will be sent to the faculty member and the dean by the chair of the department.

EF. If either the tenured faculty (or their committee), or the chair (or replacement, see section V.B.), or both recommend tenure, the credentials of the faculty member together with the recommendations of the tenured faculty (or their committee) and the chair (or replacement, see section V.B.) are forwarded to the tenure committee of the college, which examines the facts and the recommendations and makes a recommendation to the dean. ~~In cases of a non-unanimous vote, a summary of minority opinion must be included.~~ All eligible committee members ~~shall~~ should vote yes or no through a secret ballot. In instances of a non-unanimous vote, the minority opinion must be included in the committee recommendation and the minority must be

given the option to write the minority opinion. A copy of the recommendation letter will be sent to the faculty member by the chair of the committee.

- FG. If neither the departmental committee nor the chair (or replacement, see section V.B.) recommends tenure for the faculty member, tenure is not granted in the ensuing year. The faculty member is given a terminal contract for the ensuing year unless a further review is requested.

If the faculty member requests further review, all materials including departmental and chair evaluations and recommendations are forwarded to the college tenure committee, which makes a separate recommendation to the dean. All committee members should vote yes or no through a secret ballot. In instances of a non-unanimous vote, the minority opinion must be included in the committee recommendation and the minority must be given the option to write the minority opinion. The dean then makes a decision concerning tenure and informs the faculty member.

If either the decision of the college committee or that of the dean is positive, the faculty member's case is considered in accordance with the procedures in the following paragraphs. If both decisions are negative, the faculty member may request, within two weeks, a further review by the provost and vice president for academic affairs, who makes a final determination concerning further consideration of tenure.

- GH. The dean of the college examines the facts and all previous recommendations and makes a recommendation concerning tenure, which is forwarded, with reasons, to the provost and vice president for academic affairs, with copy to the faculty member.

- HI. The University Promotion and Tenure Committee, consisting of one tenured full professor from each of the major degree-granting academic colleges, examines the facts and all previous recommendations and documentation and makes a recommendation (with reasons, ~~including minority reasons, if any~~) concerning tenure, which is forwarded to the provost and vice president for academic affairs. All eligible committee members shall vote yes or no through a secret ballot. In instances of a non-unanimous vote, the minority opinion must be included in the committee recommendation and the minority must be given the option to write the minority opinion. The Office of the Provost will provide a copy of the recommendation letter ~~will be sent~~ to the dean of the college, the department chair and the faculty member ~~by the chair of the committee.~~

- IJ. The provost and vice president for academic affairs, after examining all submitted documents and consulting with appropriate staff members, makes a determination concerning tenure for the faculty member. If the recommendations from all committees and administrators previously acting on the case have not all been the same, or if the provost and vice president for academic affairs disagrees with the recommendations that have been the same, then the provost and vice president for

academic affairs shall consult with the University Promotion and Tenure Committee and with the chair (if tenured) and dean concerned.

- JK. If the determination of the provost and vice president for academic affairs is in favor of tenure, the provost and vice president for academic affairs forwards the faculty member's name to the president for presentation to the Board of Visitors as a candidate for tenure. The Board of Visitors will act on the case according to the schedule in the Teaching and Research Faculty Handbook ~~by April 30 (December 22 for mid-year tenure candidates)~~ of the year in which it is being taken up. Upon approval of the Board of Visitors, the faculty member is offered a tenure contract for the coming year.
- KL. If the determination of the provost and vice president for academic affairs is against tenure, the faculty member is notified according to the schedule in the Teaching and Research Faculty Handbook ~~by April 30 (December 22 for mid-year tenure candidates)~~ that a terminal contract will be offered for the ensuing year.
- LM. The faculty member may request, within two weeks, that the president review a negative decision of the provost and vice president for academic affairs. The president should make a decision on the review within one month. If the president upholds the decision of the provost and vice president for academic affairs, the faculty member may request a further review by the Board of Visitors or its designated committee within two weeks. (Refer to the policy on Communications With the Board of Visitors for procedural information.) The decision of the Board of Visitors or its designated committee is final.
- MN. Copies of the recommendations by all committees, chairs, deans and the provost shall be provided to the faculty member being considered for tenure. The faculty member will be provided opportunity to correct any factual misinformation in such recommendations by placing a letter in his or her tenure file at any stage, or up until March 1 to the provost (November 22 for faculty hired mid-year).
- NO. The above procedures at the departmental and college level may be suitably adapted for faculty members who hold interdisciplinary or interdepartmental appointments. The adapted procedures should be recommended by the promotion and tenure committee of the college or colleges involved and approved by the dean or deans and the provost and vice president for academic affairs. Procedures above the college level will be the same as designated above in all cases.

REQUEST TO RENAME THE DARDEN COLLEGE OF EDUCATION TO THE DARDEN COLLEGE OF EDUCATION AND PROFESSIONAL STUDIES

RESOLVED, that upon the recommendation of the Academic and Research Advancement Committee, the Board of Visitors approves the request to rename the Darden College of Education to the Darden College of Education and Professional Studies, effective with the beginning of the 2018-19 academic year.

Rationale: The faculty and staff in the Darden College of Education are requesting to change the name of the college to the Darden College of Education and Professional Studies. The reason for the request is that the current name, the Darden College of Education, does not reflect the significant breadth and depth of program offerings. This has caused confusion and misinformation for individuals both internal and external to the institution.

Historically, the Darden College of Education focused primarily on the preparation of educators, which included programs designed to prepare teachers, principals and school counselors. As the university as well as the college expanded beyond its original beginning associated with William and Mary, the programs in the Darden College became increasingly diverse on both the undergraduate and graduate levels.

The Darden College currently offers 13 undergraduate programs, 60 graduate programs and 11 professional certificates. Out of those 84 programs, 50% are in education. The remaining 50% are in a variety of different disciplines. The non-education related programs offered by the college are:

- Industrial Technology
- Fashion Merchandising
- Speech Pathology
- Exercise Science
- Sports Management
- Park, Recreation and Tourism Studies
- Human Services
- Community College Leadership
- Mental Health Counseling
- Addictions Counseling

The faculty were directly involved in the process to rename the college. In 2017, a faculty committee was constituted to examine the need for a name change and to propose a new name for the college. The six-member committee conducted extensive research before proposing a list of three possibilities for renaming. Their efforts included a review of the following:

- The names of colleges from peer group institutions at the national level
- The names of colleges from peer group institutions within the state
- The names of colleges from the top ten Colleges of Education in the nation
- The names of colleges according to the list of Educational Trust Colleges of Education
- The names of colleges on a list of Colleges of Education to which we aspire

Committee members presented the results of their work to their respective departments. Faculty from all departments were afforded the opportunity to provide input and feedback as well as vote on the proposed name. The committee's work was also presented at a college-wide meeting. Finally, a ranking survey was sent to all faculty within the college, including adjunct faculty, and members of the Darden College of Education Council.

Fifty-seven percent of all faculty and members of the Council and 48% of adjunct faculty ranked the Darden College of Education and Professional Studies as their top choice of a new name for the college. Thus, the request is made to rename the college the Darden College of Education and Professional Studies. The new name will more accurately reflect the diversity of program offerings within the Darden College.
