# Human Resources and Labor

The creation of a workplace environment where each of them can fulfill their potential is essential for the future of the TANAKA Precious Metals. We are working to improve the workplace environment from various aspects to ensure that diverse employees can play an active role.

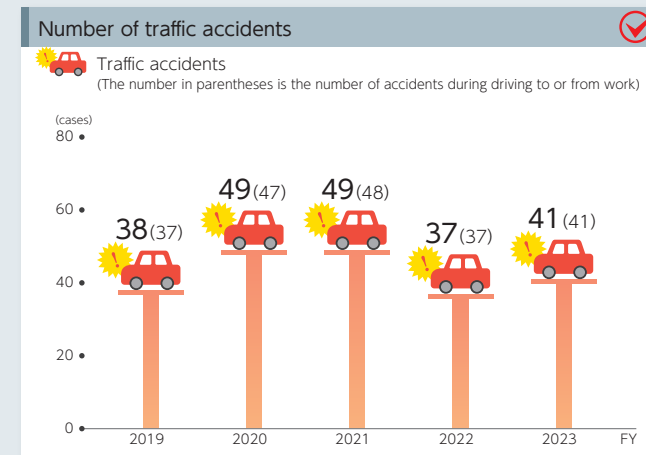

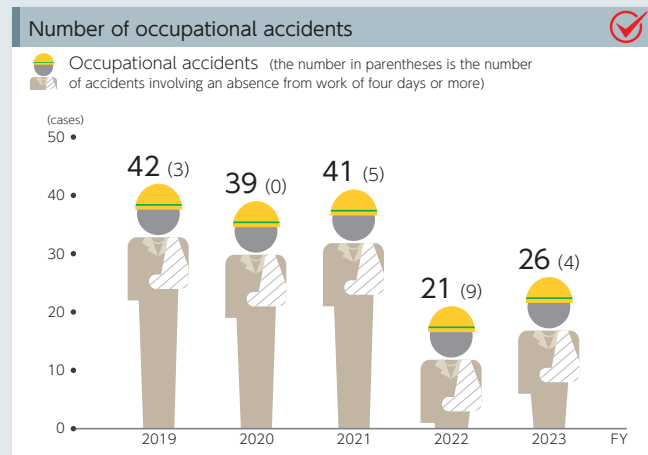

## Human Resources and Labor

We operate various programs to develop a workplace environment where employees can achieve a balance between child care and work, including those which exceed the legal requirements. We will continue to help employees achieve a balance between child care and work from the perspectives of work style reforms and work-life balance.

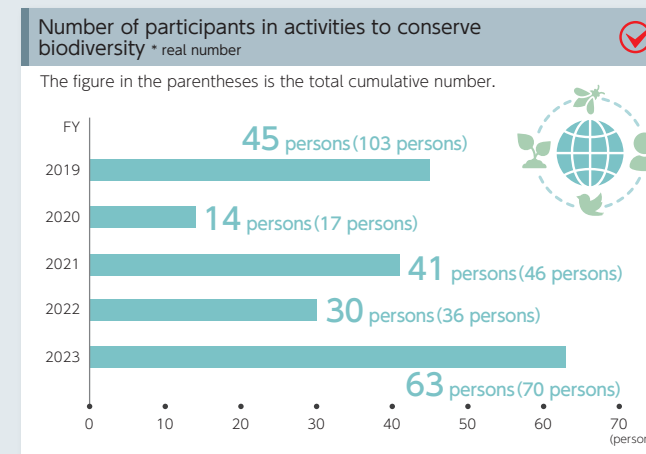

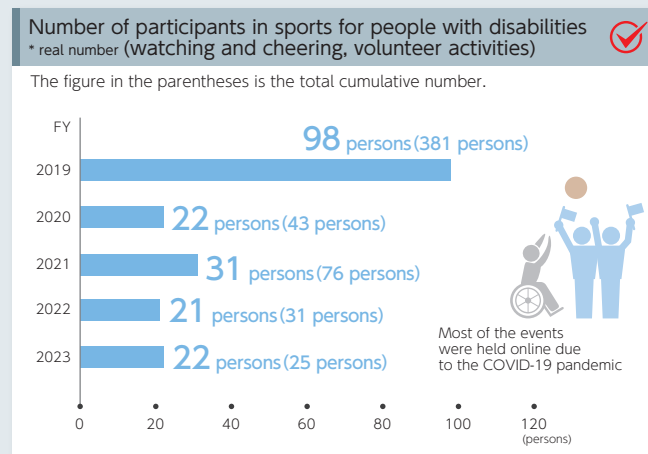

## Occupational Safety and Health

The creation of a workplace environment where employees can work safely with a sense of security is most important for companies. The TANAKA Precious Metals strives to ensure the safety and health of employees while focusing on the development of relationships that facilitate mutual cooperation between them.

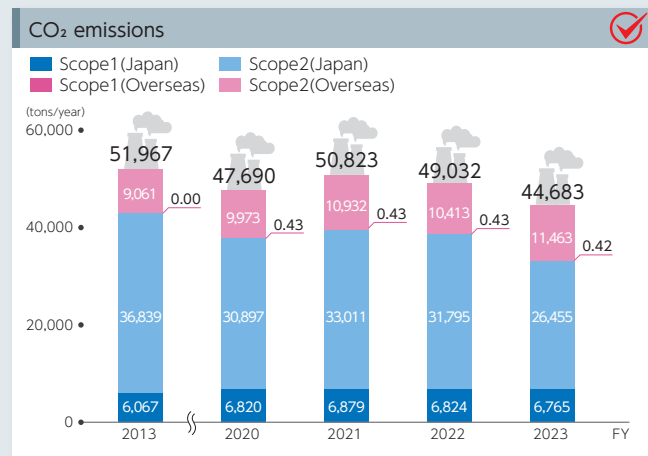

## Activities for social contribution

The TANAKA Precious Metals considers that the local communities and countries with which we are linked through our business activities so that they can be more healthy and prosperous. We are developing support activities as corporate efforts, as well as volunteer activities of the employees, in various places with focus on continuity.

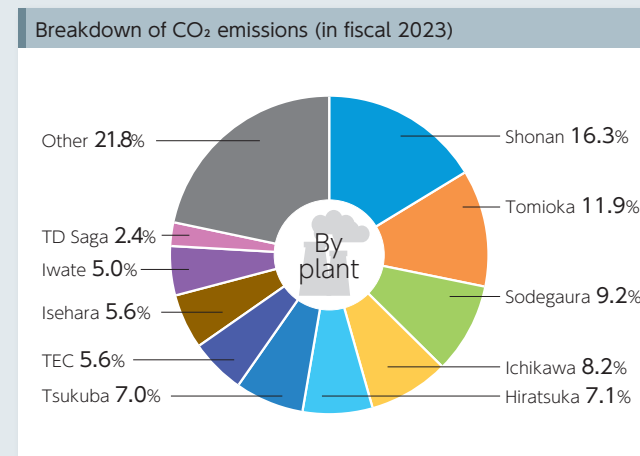

## Environmental Protection

To hand down the beautiful earth to the future is a task shared by the international community and also a major challenge. The TANAKA Precious Metals is pursuing every possibility to minimize the environmental impact of its business activities.

In fiscal 2023, our global CO<sub>2</sub> emissions decreased by 8.9% from the previous fiscal year. We will continue to enhance our energy-saving efforts including increases in the efficiency of various devices and the improvement of their operation.
