

PRESIDENT OF THE GENERAL ASSEMBLY

05 January 2022

Excellency,

I have the honour to share herewith the summary of the High-Level Thematic Debate “**Delivering Climate Action: For People, Planet and Prosperity**”, convened in the General Assembly Hall on Tuesday, 26 October 2021.

The summary highlights key messages identified from the discussions among Member States, the United Nations system, and other stakeholders. I sincerely hope the summary will benefit our collective efforts to bridge the gap between current and required technical, upskilling and financing capacities to achieve the 1.5 degrees target, and help Member States and stakeholders identify areas and sectors where more can be done.

Please accept, Excellency, the assurances of my highest consideration.

A handwritten signature in blue ink, appearing to read 'Abdulla Shahid', written over a horizontal line.
