UW student –4EU+ student

The 4EU+ Alliance aims at creating a unique study offer for students from all six partner institutions, which will encompass:

- an opportunity for students to personalise their study paths and take part in different types of mobility schemes (from traditional student exchange programmes to participation in intensive seminars and summer schools at partner universities and the so-called virtual mobility)
- collaborative interactive learning: classes conducted online with the participation of students and lecturers from at least two 4EU+ universities
- Bachelor's and Master's thesis seminars co-run by supervisors from at least two universities of the Alliance
- a pool of 4EU+ labelled general education courses conducted with the support of the Alliance's Associated Partners, e.g. European citizenship, Entrepreneurship, Information literacy
- community building activities for students of all six partner institutions
