EVIDENCE TABLES

MILITARY SERVICE VERIFICATION

To support your claim for Survivors benefits, the veteran's military service must be verified. The following evidence can be submitted to verify the veteran's military service:

• A photocopy of the veteran's DD 214 (or equivalent) for all periods of military service. You may request a copy of the DD 214 through the National Archives' National Personnel Records Center (NPRC) using Standard Form 180 (SF-180, 09/2021 version), Request Pertaining to Military Records, (available at https://www.gsa.gov/forms) or through your local public custodian of records

Fire Related Military Records

As you may know, there was a fire at the National Archives and Records Administration on July 12, 1973, which destroyed approximately:

- 80 percent of the records NPRC held for Veterans who were discharged from the Army between November 1, 1912, and January 1, 1960, and
- 75 percent of the records NPRC held for Veterans with surnames beginning (alphabetically) with Hubbard and running through the end of the alphabet, and who were discharged from the Air Force between September 25, 1947, and January 1, 1964.

If the veteran's military records were stored there on that date, they may have been destroyed in the fire. If you believe the veteran's military records may have been destroyed in the fire, NA Form 13075, *Questionnaire About Military Service*, should be completed to avoid delays in processing your claim. NA Form 13075 is available at:

https://www.archives.gov/files/st-louis/military-personnel/na-13075-questionnaire-about-military-service.pdf.

NOTE: The Veterans Benefits Administration (VBA) is no longer able to retrieve or return original documents submitted. Please <u>do</u> **not** submit original documents to VA since they **will not** be returned to you.

SURVIVORS PENSION

To support your claim for **Survivors Pension**, the evidence must show:

- 1. The veteran met certain minimum active service requirements during a period of war. Generally, those requirements are:
 - 90 days of service during a period of war; OR
 - 90 days of consecutive service at least one day of which was during a period of war; OR
 - 90 days of combined service during more than one period of war (**Note**: If the veteran's service began after September 7, 1980, additional length-of-service requirements may apply, typically requiring two years of continuous service or completion of active-duty obligations.); **OR**
 - any length of active service during a period of war when:
 - at the time of death, the veteran was receiving (or entitled to receive) VA disability compensation or retirement pay for a service-connected disability; **OR**
 - the veteran was discharged from active service due to a service-connected disability.
- 2. Your income and assets do not exceed certain requirements.

Assets means the fair market value of all property that an individual owns, including all real and personal property (excluding the value of the primary residence including the residential lot area that does not exceed 2 acres, unless the additional acreage is not marketable) less the amount of mortgages or other encumbrances specific to the mortgaged or encumbered property. Personal property means the value of personal effects that are in excess of being suitable and consistent with a reasonable mode of life.

DEPENDENCY AND INDEMNITY COMPENSATION (D.I.C.)

To support a claim for Dependency and Indemnity Compensation (D.I.C.) based on a service-connected disability:

 - For at least 1 year before death, if the veteran was a former prisoner of war who died after September 30, 1999.

To support a claim for **D.I.C.** based on a disability that was not service-connected or for which the veteran did not file a claim during their lifetime, the evidence must show:

- An injury or disease that was incurred or aggravated during active service, or an event in service that caused an injury or disease; AND
- A physical or mental disability that was either the principle or contributory cause of death. This may be shown by medical evidence or by lay evidence of persistent and recurrent symptoms of disability that were visible or observable; **AND**
- A relationship between the disability associated with the cause of death and an injury, disease, or event in service. This may be shown by medical records or medical opinion or, in certain cases, by lay evidence.

To support your claim for D.I.C. based upon the service person's active duty for training, the evidence must show:

• The service person was disabled during active duty for training due to a disease or injury incurred in the line of duty and the disease or injury caused or contributed to the service person's death.

NOTE: If VA granted service connection for a disease or injury during the service person's lifetime, evidence that the service-connected disease or injury caused or contributed to the service person's death may satisfy this requirement.

To support a claim for **D.I.C.** based on a disability that was not service-connected or for which the service person did not file a claim during their lifetime, the evidence must show:

- The service person was disabled during active duty for training due to a disease or injury incurred in the line of duty; AND

NOTE: If VA granted service connection for an injury, acute myocardial infarction, or cerebrovascular accident during the service person's lifetime, evidence that the service-connected condition caused or contributed to the service person's death may satisfy this requirement.

To support a claim for **D.I.C. based on a disability that was not service-connected** or for which the service person did not file a claim during their lifetime, the evidence must show:

- The service person was disabled during inactive duty training due to an injury incurred or aggravated in the line of duty, or acute myocardial infarction, cardiac arrest, or cerebrovascular accident that occurred during such training; **AND**
- The injury, acute myocardial infarction, cardiac arrest, or cerebrovascular accident caused or contributed to the service person's death.

D.I.C. RE-EVALUATION BASED ON PL 117-168 (PACT ACT)

Public Law 117-168 (PACT ACT) was signed into law on August 10, 2022. This resulted in a substantial expansion of a veteran's military service that qualifies for presumptive toxic exposure and new presumptive conditions linked to that exposure. The law allows prior claimants for D.I.C. to request a re-evaluation based on the expanded eligibility within the PACT Act. More information about the PACT Act can be found at https://www.va.gov/resources/the-pact-act-and-your-va-benefits/.

In order to support your claim for D.I.C. re-evaluation based on PL 117-168 (PACT Act) the evidence must show:

- A claim was submitted and denied prior to August 10, 2022, the date the PACT Act went into effect; AND
- The claimant has elected re-evaluation of the previously denied claim.

SUPPLEMENTAL D.I.C.

In order to reopen a claim previously denied by VA, we need:

- The prescribed supplemental claim form, VA Form 20-0995, Decision Review Request: Supplemental Claim; AND
- New and relevant evidence. New and relevant evidence must raise a reasonable possibility of substantiating your claim. The evidence cannot simply be repetitive or cumulative of the evidence we had when we previously decided your claim. VA will make reasonable efforts to help you obtain currently existing evidence. However, we cannot provide a medical examination or obtain a medical opinion until your claim is successfully reopened.
- To qualify as new, the evidence must currently exist and be submitted to VA for the first time
- In order to be considered relevant, the additional existing evidence must pertain to the reason your claim was previously denied

INCREASED SURVIVOR BENEFITS BASED ON SPECIAL MONTHLY PENSION OR SPECIAL MONTHLY D.I.C.

In order to support your claim for increased survivor benefits based on the need for aid and attendance, the evidence must show:

- · you have concentric contraction of the visual field to 5 degrees; OR
- you are a patient in a nursing home due to mental or physical incapacity; OR
- you require the aid of another person to perform personal functions required in everyday living, such as bathing, feeding, dressing yourself, attending to the wants of nature, adjusting prosthetic devices, or protecting yourself from the hazards of your daily environment (38 Code of Federal Regulations 3.352(a)); **OR**
- you are bedridden, in that your disability or disabilities requires that you remain in bed apart from any prescribed course of convalescence or treatment (38 Code of Federal Regulations 3.352(a)); **OR**

In order to support your claim for increased benefits based on being housebound, the evidence must show:

· you are substantially confined to your immediate premises because of permanent disability

ACCRUED BENEFITS

To support a claim for **accrued benefits**, the evidence must show:

- Benefits were due the veteran based on existing ratings, decisions, or evidence in VA's possession at the time of death, but the benefits were not paid before the veteran's death; **AND**
- You are the surviving spouse, child, or dependent parent of the deceased veteran

VA pays accrued benefits in the following order of priority:

1. Spouse 2. Children of the veteran (in equal shares) 3. Dependent parents (in equal shares)

NOTE: Child means an unmarried child of the veteran who is under 18 years of age, or at least 18 but under 23 years of age and pursuing an approved course of education or became incapable of self-support prior to reaching age 18.

If there are no living persons who are entitled on the basis of relationship, accrued benefits may be used to reimburse the person or persons who paid for or are responsible to pay the expenses of last illness and burial of a beneficiary. The claim should be filed by the person or persons whose funds were or will be used to pay such expenses using VA Form 21P-601, *Application for Accrued Amounts Due a Deceased Beneficiary*.

CHILD INCAPABLE OF SELF-SUPPORT

To support a **claim for benefits based on a veteran's child being incapable of self-support**, the evidence must show that the child, before their 18th birthday became permanently incapable of self-support due to mental or physical disability. The information necessary to establish the extent of the child's disability includes:

- The veteran died of a disability that qualifies for the presumption of service connection. This may be shown by medical evidence or by lay evidence of persistent and recurrent symptoms of disability that are visible or observable

Under certain circumstances, VA may presume that certain current diseases were caused by service, even if there is no specific evidence proving this in your particular claim. Service connection is presumed for certain diseases for the following veterans:

- · Former prisoners of war;
- Veterans who have certain chronic or tropical diseases that become evident within a specific period of time after discharge from service:
- Veterans who were exposed to ionizing radiation, mustard gas, or Lewisite while in service;

IMPORTANT INFORMATION REGARDING MARRIAGE

If you are certifying that you are married for the purpose of VA benefits, your marriage must be recognized by the place where you and/or your spouse resided at the time of marriage, or where you and/or your spouse resided when you filed your claim (or a later date when you became eligible for benefits) (38 U.S.C. § 103(c)). Additional guidance on when VA recognizes marriages is available at http://www.va.gov/opa/marriage/.

HOW VA DETERMINES THE EFFECTIVE DATE

If we grant a claim for Survivors benefits, the beginning date of your entitlement will generally be the date we received your claim. However, if VA receives your claim within one year after the date of the veteran's death, entitlement will be from the first day of the month in which the veteran died. The veteran's death certificate is evidence relevant to determining the effective date of any benefits we award.

Special monthly pension may be available for a veteran's surviving spouse who is unable to perform certain activities of daily living, are a patient in a nursing home, or are substantially confined to their immediate premises. Special monthly pension may be effective from the date medical evidence first shows entitlement.

TERMS AND CALCULATIONS FOR SURVIVOR'S PENSION

Maximum Annual Pension Rate (MAPR)

This is the maximum payable amount of the benefit. Your MAPR is based on how many dependents you have and if your disabilities qualify you for Housebound or Aid and Attendance benefits. The MAPR is reviewed each year for cost of-living adjustments.

Medical Deductible

The unreimbursed expenses must exceed 5 percent of the applicable MAPR. The deductible increases based on the number of dependents but is not adjusted for aid and attendance (A&A) or housebound.

Countable Medical Expenses

Your countable unreimbursed medical expenses are only those expenses that exceed the medical deductible. Medical expenses are typically considered on a calendar year basis.

- Recurring Medical Expenses
 Examples may include Medicare Part B, Medical Insurance, In-Home Care Provider, or care provided by a care facility
- One-time Medical Expenses
 Examples include Medical Co-Payments, Prescription Medications, and Durable Medical Equipment.

Countable Income

We count the income you report or the income we discover from data matching programs with other federal sources. If our data match shows a significant discrepancy, you will be removed from the FDC program and asked to clarify the discrepancy. We count incomes in three ways:

- One-time income is income that you receive once, and the VA will count it for one year from the receipt date.
 Examples include Lottery winnings, gifts, capital gains from property sales, irregular IRA or stock disbursements
- Irregular-income is income that you receive at different time or in irregular amounts throughout the year and VA will count it for one year from the receipt date. Examples include odd job or contract work and interest income from fluctuating rates.
- Recurring income is counted continuously until we are informed that you are no longer in receipt of it.

 Examples include wages from employment, retirement payments, required minimal distributions from an IRA.

Income for VA Purposes (IVAP)

The VA counts all your income and considers any unreimbursed medical expenses reported when determining your IVAP. The following calculation is a way for you to estimate your IVAP.

Countable Yearly Income – Countable Medical Expenses (less medical deductible) = Income for VA Purposes.

Pension Rate

Your maximum annual benefit is the difference of the current MAPR and what the VA calculates as your IVAP. To convert into a monthly benefit, take this amount and divide by 12 then rounded down to the nearest dollar.

Maximum Annual Pension Rate - Income for VA purposes = Annual Pension Rate.

Net Worth

The net worth limit is increased by the same percentage as the Social Security increase when there is a cost-of-living adjustment. For purposes of entitlement to VA pension, net worth includes your assets and your and your dependent's annual income. If your child has net worth that exceeds the limit, VA won't consider them to be a dependent when determining your pension entitlement.

Additional information about how VA calculates net worth, income, and benefit rates can be found at: https://www.va.gov/pension/survivors-pension-rates/

SURVIVORS BENEFITS APPLICATION CHECKLIST

In addition to your application, VA may require some of the evidence described in this checklist. Failure to provide needed evidence, may delay the decision on your claim. This checklist does not apply to claims for Accrued benefits. Please carefully read pages 5 and 6 of the Instructions if you are claiming service-connected death (Dependency and Indemnity Compensation (D.I.C.)) only.
